

One Hundred Eighth Legislature - Second Session - 2024

Introducer's Statement of Intent

LB915

Chairperson: Senator Dave Murman

Committee: Education

Date of Hearing: January 22, 2024

The intent of LB 915 is to amend the laws that govern how state colleges can budget and fund student housing. Currently, building a dormitory requires the state college to own, manage, and fund the construction and operate the facility. LB 915 changes the law to allow the college to enter into public/private partnerships that may enable the college to lower student housing costs.

Principal Introducer: _____

Senator Tom Brewer
