

One Hundred First Legislature - First Session - 2009
Introducer's Statement of Intent
LB 486

Chairperson: Bill Avery
Committee: Government, Military and Veterans Affairs
Date of Hearing: March 5, 2009

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

The public has a right to know when an entity with which it is dealing is a unit of government. This is particularly important when an individual's rights are impacted by whether or not the individual knows that a governmental entity is involved.

LB 486 would address the issue by requiring the state, the University of Nebraska, and political subdivisions to include in their official names terminology that would clearly identify them as units of government.
