Forecasting Microwave Information

As forecasted, significant microwave information will be generated by the 81-1607 Legislature annual report. A vice-chairperson shall be appointed by the Governor, subject to the approval of the Legislature. Members of the board first appointed shall be appointed within thirty days of May 16, 1983. Of the members initially appointed, two shall serve until January 1, 1986, two until January 1, 1986, and one until January 1, 1987. Upon expiration of such terms of the members first appointed, the successors shall be appointed for terms of four years. No member of the board shall serve more than two consecutive terms. Any vacancy on the board arising other than from the expiration of a term shall be filled by appointment for the unexpired portion of the term, and any person appointed to fill a vacancy on the board shall be eligible for reappointment for two more consecutive terms. No more than three members of the board shall be registered members of that political party represented by the Governor.

Each member of the board shall receive sixty dollars per day for each day actually and necessarily engaged in the performance of his or her duties, but not to exceed six thousand dollars in any one year, and shall be reimbursed for his or her actual and necessary expenses while so engaged as provided in sections 81-1174 to 81-1177. The board shall have jurisdiction as provided in Chapter 70, article 10.

The board shall meet promptly after its members have been appointed. They shall elect from their members a chairperson and a vice-chairperson. Decisions of the board shall require the approval of a majority of the members of the board.

The board shall publish and submit a biennial report with annual data to the Governor, with copies to be filed with the Clerk of the Legislature and with the State Energy Office. The State Energy Office shall consider the information in the Nebraska Power Review Board’s report when the State Energy Office prepares its own reports pursuant to sections 81-1606 and 81-1607. The report of the board shall include:

(a) The assessments for the fiscal year imposed pursuant to section 70-1020;
(b) The gross income totals for each category of the industry and the industry total;
(c) The number of suppliers against whom the assessment is levied, by category and in total;
(d) The projected dollar costs of generation, transmission, and microwave applications, approved and denied;
(e) The actual dollar costs of approved applications upon completion, and a summary of an informational hearing concerning any significant divergence between the projected and actual costs;
(f) A description of Nebraska’s current electric system and information on additions to and retirements from the system during the fiscal year, including microwave facilities;
(g) A statistical summary of board activities and an expenditure
summary:

(h) A roster of power suppliers in Nebraska and the assessment each paid; and

(i) Appropriately detailed historical and projected electric supply and demand statistics, including information on the total generating capacity owned by Nebraska suppliers and the total peak load demand of the previous year, along with an indication of how the industry will respond to the projected situation.

(5) The board shall annually may, in its discretion, hold one or more public hearings concerning the conditions that may indicate that retail competition in the electric industry would benefit Nebraska’s citizens and what steps, if any, should be taken to prepare for retail competition in Nebraska’s electricity market. In determining whether to hold such hearings, the board shall consider the sufficiency of public interest.

(6) The board shall may, at any time deemed beneficial by the board, submit an annual a report to the Governor with copies to be filed with the Clerk of the Legislature and the Natural Resources Committee of the Legislature. The report shall may include:

(a) Whether or not a viable regional transmission organization and adequate transmission exist in Nebraska or in a region which includes Nebraska;

(b) Whether or not a viable wholesale electricity market exists in a region which includes Nebraska;

(c) To what extent retail rates have been unbundled in Nebraska;

(d) A comparison of Nebraska’s wholesale electricity prices to the prices in the region; and

(e) Any other information the board believes to be beneficial to the Governor, the Legislature, and Nebraska’s citizens when considering whether retail electric competition would be beneficial, such as, but not limited to, an update on deregulation activities in other states and an update on federal deregulation legislation.

(7) The board may submit periodic reports on the information set out in subsection (6) of this section if the board determines that significant changes to those conditions have occurred of which the Governor and the Legislature should be apprised prior to the submission of the next annual report.

(7) The board is authorized to establish working groups of interested parties to assist the board in carrying out the duties powers set forth in subsections (5) and (6) of this section.

Sec. 2. Original section 70-1003, Reissue Revised Statutes of Nebraska, is repealed.
