

One Hundred Second Legislature - Second Session - 2012

Introducer's Statement of Intent

LB1007

Chairperson: Senator John Wightman

Committee: Executive Board

Date of Hearing: February 14, 2012

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB1007 requires state agencies, boards, and commissions that are required to provide a report to the Legislature to provide an accounting of the cost, as estimated by these public entities, of producing such a report. The bill further provides that this cost reporting be included on the list of reports provided by the Clerk of the Legislature. Providing a record of the cost of required reports increases transparency regarding intra-governmental costs and affords a basis for a cost-benefit analysis of the value of such reports.
