Letter From the Executive Director

NEBRASKA PUBLIC EMPLOYEES RETIREMENT SYSTEMS

March 27, 2013

Senator Jeremy Nordquist, Chairman
Nebraska Retirement Systems Committee
Nebraska State Legislature
Lincoln, NE 68509

Dear Senator Nordquist and Committee Members:

I am pleased to present the 2013 Annual Report to the Legislature. NPERS continues to guard the integrity of the retirement systems by administering our agency efficiently and responsibly. Last year, we completed a 10-year Compliance Audit, implemented another Cash Balance election for State and County plan members, and issued a request for proposal for NPERS' actuarial services.

In 2012, NPERS retirement assets grew from \$9.6 billion to a record \$9.8 billion. The number of our member accounts grew to a record 117,331. We paid over \$534 million in benefits to members in all six plans providing financial security to thousands of Nebraska retirees. This report highlights our 2012 accomplishments, 2013 action plan, and information regarding our operations, retirement plans, and funding status.

NPERS received the PPCC Public Pension Standards Award again this year in recognition of meeting professional standards for plan design and administration. Our success would not be possible without NPERS dedicated staff and contributions by Ameritas, Buck Consultants, and the Office of the CIO. I wish to express my deep appreciation to the Retirement Committee, the PERB, and the NIC for their vision, leadership and commitment to a secure retirement future for our members.

Sincerely,

Phyllis G. Chambers
Executive Director

Staffing

We currently have a total of 50 employees on staff. Of these employees, the key management staff are the Director, Deputy Director, Legal Counsel, Internal Auditor, and five managers.

Organizational Structure

2012 Accomplishments

1. The total number of member accounts in the School, Judges, Patrol, State, County, and Deferred Compensation plans grew to a record 117,331. The total assets of the plans increased from \$9.6 billion to \$9.8 billion. Investment performance as of June 30, 2012, was 1% for the Defined Benefit plans. The investment return for the Cash Balance plans as of December 31, 2012, was 12.9%.
2. The Call Center answered approximately 37,188 phone calls and met with over 2,754 members who visited our office for retirement information and counseling. The Benefits Department processed 1,474 School retirements, 286 estimates for purchase of service, 171 actual purchases of service, 37 Qualified Domestic Relations Orders (QDROs), and 37 disability retirements.
3. NPERS distributed over \$534.7 million in benefits to plan members in all six plans. The benefits included \$433.2 million in monthly annuity payments and \$101.5 million in refunds, rollovers, systematic withdrawals, and required minimum distributions.
4. The Legislature authorized another Cash Balance election for State and County Defined Contribution members. There were 1,264 State and 366 County members who elected to transfer to Cash Balance. On January 2, 2013, NPERS transferred 1,630 members with assets of \$271 million to the Cash Balance plans.
5. Groom Law Group and Segal completed the Compliance Audit and made a presentation to the PERB and the Legislative Retirement Committee. NPERS reviewed and adopted most of the recommendations made in the audit by the end of the year.
6. NPERS revised 12 Rules and Regulations and held public hearings in August and September. The Rules and Regulations were approved by the Attorney General's office, the Governor's office, and submitted to the Secretary of State.
7. Our Finance and Accounting Department exercised careful control of agency expenditures and financial reporting. Our financial statements represent accurate and reliable information about NPERS. The State Auditor audited the State and County plans in the spring and the School, Judges, and Patrol plans in the fall.
8. The PERB approved revisions made to the Three-Year Internal Audit Plan. The Internal Audit department completed 28 School employer audits and 30 County employer audits.
9. NPERS managers met at the disaster recover site and conducted a preliminary test of the IT equipment. The IT department worked with the Department of Corrections on network sharing at the facility.
10. Our Education Services staff traveled Nebraska providing seminars and training for over 2,800 individuals. NPERS held 43 Retirement Planning Seminars, five Financial Planning Seminars, six employer workshops, and 11 special presentations for agencies and organizations. We continue to see a high demand for seminars in Lincoln and Omaha.

11. NPERS' actuary, Buck Consultants, performed a Five-Year Actuarial Experience Analysis of all plans and recommended changes to the economic and demographic assumptions.
12. NPERS worked with the actuary to provide the Legislature with actuarial reports and funding projections for the defined benefit and cash balance plans. The actuary also provided 30-year projections for the School and Patrol plans.
13. NPERS issued an Actuarial Services Request for Proposal (RFP) on November 15, 2012. Proposals were due January 4, 2013.
14. The Public Employees Retirement Board (PERB) added two new members. Stuart Simpson replaced Mark Shepard, representing the school administrators. Ron Ecklund replaced Don Pederson as a public member in March. Sgt. Glenn Elwell resigned from the PERB in November.
15. The PERB met monthly throughout the year and participated in an educational retreat in July. Keith Brainard, Research Director for the National Association of State Retirement Administrators (NASRA), made a presentation on Public Pension Issues and Trends. Other retreat topics included Disability Retirements, Deferred Compensation Hardship Withdrawals, Rules and Regulations revisions, and Current Economic Outlook and Capital Market Forecasts.
16. The PERB and Nebraska Investment Council (NIC) met jointly in November for the presentations of the defined benefit actuarial reports by the actuary and the capital market assumptions by the investment consultants.
17. Data Services processed over 34,900 pieces of incoming mail, 155,162 pieces of outgoing mail, and scanned 239,215 documents. NPERS continued efforts to correct addresses and social security numbers in the system and reduce return mail.
18. Data Services processed 16,702 beneficiary documents, 8,843 changes of information, 2,755 tax withholding forms and 2,922 direct deposits. NPERS verified service credit for 556 active members hired before 2001, in addition to other daily processing duties.
19. NPERS reduced administrative costs for all new retirees by eliminating monthly benefit payments by check. The vast majority of retirees receive benefit payments by direct deposit. NPERS has 36 members receiving Reliacard (debit card) payments.
20. We worked with Ameritas on several projects this year, including the Cash Balance election, changes to the State and County member account statements to include fee disclosures required by the IRS, and programming to calculate late fees for County employers who do not submit retirement contributions on time.
21. NPERS established a Rollover provision to a Roth IRA for the State, County, School, Judges, and Patrol plans. NPERS previously established a similar provision for the DCP plan in 2011.
22. NPERS' IT staff trained and upgraded the IBM WebSphere application server software for our technology system at a substantial cost savings compared to using an outside vendor.

2013 Action Plan

1. Contract with the new actuarial firm, Cavanaugh Macdonald Consulting, effective July 1, 2013, and transition actuarial services from Buck Consultants.
2. Work with the new actuary to develop 30-year projection modeling software for NPERS' defined benefit plans.
3. Implement the new Government Accounting Standards Board (GASB) changes for financial reporting of public pension plans.
4. Review Buck Consultants' 2012 recommendation to decrease the actuarial assumed rate of return for the defined benefit plans.
5. Participate in drafting retirement bills, testify at legislative hearings, and implement retirement legislation enacted by the 2013 Legislature.
6. Complete the transition of salary capping to 8% with no exemptions for school retirements.
7. Present the CEM Benchmarking survey results to the PERB and evaluate recommendations for agency improvements.
8. Continue to provide the IRS with information to obtain determination letters for NPERS plans.
9. Transition the PERB members from paper documents to electronic files using tablets at board meetings.
10. Complete the IT server conversion to virtual servers at the OCIO. Install software upgrades for the NPRIS technology system.
11. Review the Berwyn reports to ensure the accuracy of member death records and beneficiary payments.
12. Work with AS Building Division on lease space and parking requirements to prepare for NPERS move to the 1526 Building.

Legislation

2012

- **LB 916** Excludes per diem payments from the definition of compensation.

Implements provisions of the Heroes Earnings Assistance and Relief Tax Act of 2008 (HEART Act) requiring a member's beneficiary be entitled to any additional death benefit that he or she would be entitled to had the member been employed during the period of qualified military service when the death occurred.

In addition, the bill contains the following "clean up" language. Clarifies it is the responsibility of an employer to notify NPERs when a plan member terminates employment. Clarifies language to conform to current IRS regulations regarding rollovers to another eligible retirement plan or IRA.

School Plan

Effective September 1, 2012, employees under 18 are not eligible to join the plan. Clarifies that unpaid voluntary, or substitute service, during the first 180 calendar days after termination can only be provided on an intermittent basis.

County/State

Clarifies the definition of the Standard and Poor's 500 Index fund.

AM1739

Provides for garnishment of retirement benefits when a plan member is convicted of or pleads no contest to a felony that is defined as assault, sexual assault, kidnapping, child abuse, false imprisonment, or theft by embezzlement and is subsequently found liable for civil damages. The bill would exempt from garnishment any benefit or annuity payments "reasonably necessary for the support of the employee or appointee or any of his or her beneficiaries." Garnishment may only occur after distribution of retirement benefits.

State and County Defined Contribution members may elect to transfer to Cash Balance during an election period starting September 1, 2012, and ending October 31, 2012. Only members who are actively employed and contributing to the plan at the time of election will be eligible to transfer. Defined Contribution members who do not file an election during the new election period would continue to participate in the Defined Contribution plan.

2011

- **LB 303** Eliminated reporting requirements on investments by the NIC for certain corporations doing business in Northern Ireland.
- **LB 382** Temporarily increased contribution rates for School plan members. Beginning September 1, 2011, contribution rates for School members increased from 8.28% to 8.88%. On September 1, 2012 this rate will increase to 9.78%. On September 1, 2017 the rate will decrease to 7.28%. The employer match remains unchanged at 101% of the member rate. The current State of Nebraska contribution rate of 1% of salary remains in effect until July 1, 2017, at which time it will drop to 0.7%.
- **LB 509** Pending the final outcome of an employee personnel grievance action, a State or County member may withdraw up to \$25,000 from their employee (member) account. If reinstated, the member must repay the entire distribution.

Lowered the minimum age from 20 to 18 for permanent eligible part-time state and county employees who choose to participate in the plans.

From July 1, 2012, up to July 1, 2013, an increase in compensation for School plan members greater than 9% per year, during the five years prior to retirement, will be

excluded from retirement compensation when calculating retirement benefits. Beginning July 1, 2013, increases in compensation greater than 8% per year, during the five years prior to retirement, will be excluded when calculating retirement benefits. No exceptions for increasing above the 9% or 8% cap will be allowed for the purpose of retirement calculations. Clarified that the PERB will not refund contributions made on compensation earned above the salary cap.

Clarified cost of living adjustment language in the School, Judges, and State Patrol plans. The changes did not change the formula or process currently in use.

Permitted a possible future transfer of certain Department of Labor employees to the State retirement plan.

Clarified rollover language in the voluntary Deferred Compensation plan.

Allowed a surviving spouse of deceased State Patrol members to remarry and remain eligible for survivor benefits.

2010

- **LB 950** Specified in the County, State, and School retirement plans that a disability must have occurred while the member was a participant in the plan. The County plan clarified that disabled employees are not required to receive annual medical examinations after age 55.

Provisions related to the passage of LB 403 in 2009 are amended into the County, Judges, State Patrol, School, State, and the Deferred Compensation retirement plans. LB 403 prohibited participation by non-citizens or those not lawfully in the United States within the retirement plans.

- **LB 187** Changed the contribution rate for School plan members from 7.28% to 8.28% after September 1, 2009. This rate continues for five years (through August 31, 2014). On September 1, 2014, the rate will return to 7.28%.

Provided an exception to the public records requirements for all plans for infor-

mation obtained from employers and used in administering the retirement plans.

Allowed State plan members to rollover all or part of their Cash Balance account to their DCP account at retirement. Any remaining balance must either be paid as an annuity or otherwise distributed.

Increased the contribution rate for members of the State Patrol plan beginning July 1, 2009, from 13% to 15% of monthly compensation.

On July 1, 2010, both member and employer rates were increased to 16% of compensation.

- **LB 449** Allowed School plan members who have retired under disability to work up to 15 hours per week for a School plan employer and still continue to receive retirement benefits.

2008

- **LB 1147** Provided investment authority to beneficiaries of deceased State and County Defined Contribution members. Made technical changes to COLA calculations in the School, Judges, and Patrol plans. Provided Judges an early retirement benefit based on a 9% actuarial reduction at age 62; 6% at 63; and 3% at 64. Clarified state service annuity language for members before 1996. Made other technical changes in the State, County, School, Judges, and Patrol plans.

Allowed PERB to credit State and County Cash Balance dividends.

Funded Status of Pensions

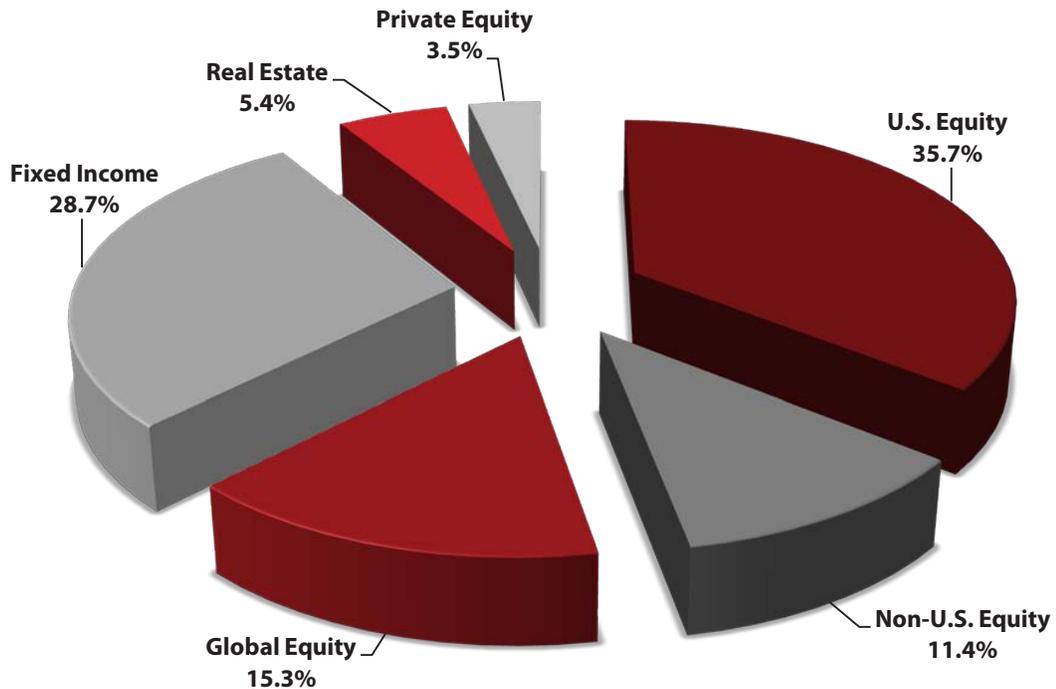

Annually, our actuary performs an actuarial valuation of the Defined Benefit and Cash Balance plans. The Cash Balance plans are on a calendar year basis with the actuarial report issued in the spring. The Defined Benefit plans are on a fiscal year basis with the actuarial report issued in the fall. In our Defined Benefit plans, we smooth our market returns over a 5-year period. Fiscal Year End (FYE) 2013 will be the final year to smooth the severe financial losses of FYE 2009.

Investment Return for Defined Benefit Plan

FYE 2007	FYE 2008	FYE 2009	FYE 2010	FYE 2011	FYE 2012
17.7%	-5.8%	-19.1%	13.6%	23.3%	1.0%

Asset Allocation

The actual asset allocation for the Defined Benefit plans as of June 30, 2012, was 35.7% U.S. Equity; 11.4% Non-U.S. Equity; 15.3% Global Equity; 28.7% Fixed Income; 5.4% Real Estate; and 3.5% Private Equity.

Judges Plan

As of July 1, 2012, the Judges plan was 91.6% funded (GASB 25). The normal cost* for Judges plan members was 20.43% of salary. The Judges plan has an unfunded liability of nearly \$11.54 million. This means the actuarial accrued liabilities of \$137.46 million are greater than the actuarial value of the assets of \$125.93 million.

For the 2013/2014 fiscal year, an additional contribution of \$79,823 is necessary to meet the actuarially required contribution for the Nebraska Judges Retirement System.

School Employees Plan

As of July 1, 2012, the School plan was 76.6% funded (GASB 25). The normal cost* for School plan members was 11.49% of salary. The School plan has an unfunded liability this year of nearly \$2.24 billion. This means the actuarial accrued liabilities of \$9.59 billion are greater than the actuarial value of the assets of \$7.35 billion.

For the 2013/2014 fiscal year, an additional contribution of \$48,092,426 is necessary to meet the actuarially required contribution for the Nebraska School Employees Retirement System.

State Patrol Plan

As of July 1, 2012, the State Patrol plan was 78.1% funded (GASB 25). The normal cost* for State Patrol plan members was 29.10% of salary. The State Patrol plan has an unfunded liability of nearly \$79.49 million. This means the actuarial accrued liabilities of \$362.30 million are greater than the actuarial value of the assets of \$282.81 million.

For the 2013/2014 fiscal year, an additional contribution of \$4,552,680 is necessary to meet the actuarially required contribution for the Nebraska State Patrol Retirement System.

*The "Normal Cost" is the annual cost of a member's accruing benefit as a percentage of salary.

Summary

All three of the Defined Benefit pension plans were in good financial condition at the end of fiscal year 2012. Currently, there are sufficient assets to pay benefits for years to come. This can be demonstrated by comparing the annual distributions to the asset value. The annual benefit distributions from the plans as a percent of the actuarial value of assets on June 30, 2012, were 5.32% for the School plan, 5.21% for State Patrol, and 5.43% for the Judges. The Defined Benefit plan distributions for the 2012 fiscal year were \$391,133,707 for the School plan, \$14,737,951 for the Patrol plan, and \$6,834,551 for the Judges.

Note: Copies of our Annual Actuarial Valuation Reports have been provided separately and are also available on the NPERS website.

Cash Balance Benefits (State/County)

The Cash Balance benefit has been offered to State and County employees who elected to participate and for all new employees enrolled since January 1, 2003. The actuarial valuation for these benefits is performed annually. The annual credited rate for 2008 was 5.02%. The annual credited rate for 2009, 2010, 2011, and 2012 was 5%. Since 2009, the PERB has not approved any payment of dividends. For the historical crediting rates and dividends, see Appendix A.

State and County plan members were given a second opportunity to transfer from Defined Contribution to Cash Balance as provided by LB 665 in 2007. There were 1,574 members who elected to transfer to Cash Balance at that time. In 2012, the passage of LB 916 created a third opportunity for Defined Contribution members to convert to Cash Balance. During this election period, 1,630 members elected to convert.

The results of the actuarial valuation show no additional contributions are needed for the current year. As of January 1, 2012, the State Cash Balance benefit was 91.5% funded and the County Cash Balance benefit was 91.9% funded (GASB 25).

No additional contributions are required for the Nebraska State and County Cash Balance funds.

Defined Contribution Benefits (State/County)

We are in the process of finalizing our Annual Investment Report for State and County members who participate in Defined Contribution and the voluntary Deferred Compensation Plan (DCP).

Retirement Funding

Program 515

State law requires ongoing appropriations to the three Defined Benefit plans under our administration, as well as funding for the State Service Annuity for the separate Omaha Public Schools Retirement Plan, which passes through our agency before being paid to Omaha.

Specifically, the ongoing appropriations include:

1. A contribution totaling \$6.9 million, split between the three Defined Benefit plans and Omaha to supplement COLA benefits granted to retirees. 2012–2013 was the last year for the Defined Benefit plans to benefit from this.
2. A contribution of 1% of total salaries is contributed to the School Employees Plan and the Omaha Public School Plan.
3. The State is obligated to fund the State Service Annuity portion of the School Employees Retirement Plan and the Omaha Public Schools Retirement Plan, the amounts of which are determined each year by the annual actuarial valuation.

If additional contributions are required to fund any unfunded liabilities for the School, Judges, or State Patrol plans, the State is required by law to make that contribution. Here are the current funding totals appropriated or as requested in our budget, including the funding for Omaha:

2009-10	2010-2011	2011-2012	2012-2013	2013-2014
\$25,589,490	\$27,420,010	\$28,344,698	\$29,991,325	\$74,852,608*

Education Services

Seminars, Workshops, and Training

Retirement Planning Seminars

Retirement Planning Seminars are conducted for members of all five plans. By law, members must be at least age 50 or within five years of qualifying for retirement or early retirement to attend. The seminars include basic planning aspects related to pension benefits, finances, insurance, estate planning, social security benefits, and emotional preparation. Prior to retirement, members may attend twice with a spouse or other guest, with paid leave.

Financial Planning Seminars

Members of the State and County plans under age 50 have the option to attend our Financial Planning Seminars, which include a discussion on our pension benefits and investment options, financial planning, and estate planning. This program provides members a better understanding of their retirement plan and the need for personal financial planning long before retirement occurs. Prior to age 50, members may attend twice, with a spouse or other guest, with paid leave.

Employer Education Programs

NPERS recognizes the key role the State Agency, County, and School Employers provide for enrollment and information to members. NPERS provides informational materials to these employers for distribution to members. To ensure all employees are enrolled when eligible, NPERS also provides the employers with plan procedure manuals, notices, and regular employer training statewide. We have designated one individual on staff to oversee and coordinate the preparation of materials, manuals, and training for the employers.

Publications and Online Resources

Plan Member Handbooks

Each member is provided a plan handbook at the time he/she joins the plan. Handbooks contain a summary of plan benefits and are updated periodically.

Newsletters

NPERS uses newsletters to inform active members of proposed legislation and changes in benefits. A separate newsletter is sent annually to retired plan members receiving benefits. Newsletters are also used to discuss basic retirement educational topics and to encourage members to take advantage of the Financial Planning and Retirement Planning Seminars in their areas.

Annual Investment Report

State and the County Defined Contribution members and employees enrolled in our voluntary Deferred Compensation Plan have 13 investment options available to them. Each year we prepare an Annual Investment Report which includes annual investment returns and details on each investment fund. The report also includes year-end information on the Cash Balance benefit. This report is available on our website and announced in the State and County *Retirement News* newsletter. We mail a paper copy of the report to those who request it.

Videos

Educational videos are taped, edited, and hosted on the NPERS website. Members without internet access may request a copy in DVD format.

Agency Website

The agency website, npers.ne.gov, was created in 1998 and is continually updated. Members and employers may access the site for basic plan information, forms, seminar schedules, and registration brochures, training, videos, benefit calculators, legislative updates, newsletters, annual reports, other publications, and employer manuals.

Additional Services

Service Delivery Results

In 2011, the PERB revised the "Service Delivery Policy." The policy primarily addresses the processing of large numbers of School retirement applications in the summer and early fall.

The revised PERB policy requires benefit payments to be processed and paid within 90 calendar days after the effective date of retirement. If payments cannot be processed within this time frame, the PERB allows staff to issue provisional checks at 95% of the expected benefit. Out of 1,468 retirements processed during 2012, the results are as follows:

12%	Payments began within 30 days.
26%	Payments processed between 31–60 days.
53%	Payments processed between 61–90 days.
9%	Payments processed after 90 days.

Person-to-Person Contact

Members can contact NPERS in person, by phone or by mail. Requests by telephone for details on beneficiary listings or estimated benefit amounts require proper identification before the information is released. We ask members to schedule office visit appointments in advance if extensive plan information is being requested.

Recordkeeper Services

State and County members participating in the Defined Contribution benefit as well as DCP members may access daily account values provided by NPERS' recordkeeper, Ameritas Life Insurance Company. Plan members may make investment changes via the Ameritas website at: <https://secure.unifocompanies.com/service/login.asp>.

Statements of Account

Each plan member receives an account statement. Members of our School, Judges, and State Patrol plans receive annual statements showing account balances, reported service and salary, and other pertinent information. Our State, County, and Deferred Compensation Plan members receive quarterly statements.

Our recordkeeper expanded and improved the statement format for the State, County, and Deferred Compensation Plan members.

Internal Control

Implementation Procedures

- A.** Have plan of action in place for new legislation passed by the State Legislature or Congress within 30 to 45 days after notification is received on the change, but at least 30 days prior to the effective date.
- B.** Ensure proper training of staff prior to the effective date of the law changes.
- C.** Communicate proposed and actual plan law changes to the PERB, staff, employers, and all affected members with updates on the final law changes prior to the effective date of the change.
- D.** Begin implementation on the effective date of the law change. If rules and regulations governing the administration of the law are not complete or are in the approval process, use the proposed rules and regulations as policy so as not to delay implementation.
- E.** Compliance monitoring should begin immediately with all processes checked for accuracy by designated staff. Formal review of the guidelines with staff is to begin within three to six months after the effective date.
- F.** NPERS' Internal Audit function will periodically review the design and effectiveness of the control structure to ensure compliance with laws and regulations.
- G.** Continuously review long-standing statutes to make remedial changes or updates, if necessary.
- H.** Review audit issues to determine policy or procedure changes, as needed.

Purpose

To ensure the proper implementation and ongoing compliance with federal and state legislation governing the pension plans under the administration of the PERB.

Compliance Process

NPERS has established compliance to federal and state laws as a separate function. This function centralizes implementation and ongoing review of federal and state statutes governing plans under the PERB. The purpose of this function is to coordinate all duties and responsibilities across all lines of authority in NPERS, utilizing all resources to ensure NPERS is in compliance. The responsibility of this function is assigned to key NPERS staff members.

Responsibilities

The Director and agency Legal Counsel monitor and track the legislative process. They provide testimony at Retirement Committee hearings as directed by the PERB and assist in the preparation of legislation and amendments. Regular updates are provided to the PERB and to the NPERS managers regarding proposed legislative and regulatory changes.

The Accounting and Finance Manager prepares the fiscal notes for legislation affecting the retirement system.

Once legislation has been enacted, the Director, Legal Counsel, Internal Auditor, and Managers meet to formalize a plan for implementation. The implementation of new legislation becomes the responsibility of the Managers, with guidance and direction provided by the Director, Legal Counsel, and Internal Auditor.

The Internal Auditor will perform periodic test of controls to ensure compliance with laws and regulations.

Economic Value and Annual Plan Audits

Economic Value of Defined Benefit and Cash Balance Plans to Members and to the State

Members receive pension benefits at retirement that will provide economic security for themselves and their families, while proving to be a major boost to the state economy. Members also receive protection for survivors, as well as protection in the event the member becomes disabled.

Last year, over 20,000 retirees received monthly payments from the Defined Benefit and Cash Balance plans totalling more than \$433 million in pension income. About 90% of that money stays in Nebraska, and is spent by the retirees residing in every county. The economic value of the pension income is multiplied several times as the money is circulated throughout the state. See Appendix B for a chart of the monthly Defined Benefit pension payouts by county and by state.

Annual Plan Audits

Each year the State Auditor's office conducts an audit of each of the five retirement plans under our administration. The State and County plans are audited in the spring and summer. The School, Judges, and State Patrol plans are audited in the fall and winter. The Deferred Compensation Plan is audited every three years. There has not been a recent audit conducted that reported a material problem with the financial statements of our pension plans.

In 2012 we received the results of a formal compliance audit conducted by two outside firms with expertise in retirement plans. The firms were hired, per statute, to conduct a review of our compliance with both federal and state laws governing public pension plans. The results of this compliance audit were very positive and demonstrated to the PERB and agency management that we were following the statutes governing our plans.

Recent audits for our various retirement plans can be found on the State Auditor's website:
<http://www.auditors.state.ne.us/>.

Plan Summaries

The following are brief descriptions of each pension plan under the PERB's administration. The PERB has limited authority with respect to establishing the funding policy for these five statewide retirement systems.

County Employees Retirement System

County employees participate in either the Defined Contribution or Cash Balance plan. Regardless of the benefit provision a member has chosen, the benefit is based on the accumulated account balance (employee and employer contributions and earnings). At retirement a member may elect an annuity, rollover, and/or a lump sum of his/her account.

Employees contribute 4.5% of compensation [section 23-2307], with an additional 1% contribution by county law enforcement officers for counties under 85,000 in population, and an additional 2% for counties with over 85,000 in population. The county employers match the members' contribution [section 23-2308] at the rate of 150%.

Employees in the Defined Contribution portion of the plan may invest their contributions in various investment options available to them. Employees in the Cash Balance portion of the plan earn a specified rate of interest (Federal mid-term rate plus 1.5% or a minimum of 5%). Dividends may be issued to members in the Cash Balance plan if plan funding requirements are met, per statute.

Employer contributions to the Defined Contribution benefit are directed by plan members who can choose among the same investment options that are available for their employee contributions. Employer contributions to the Cash Balance benefit earn the same rate of return as the member contributions, as specified by the plan. Members are vested in the employer funds after three years of plan participation.

State Employees Retirement System

State employees participate in either a Defined Contribution or a Cash Balance plan. Regardless of the benefit provision a plan member has chosen, the benefit at retirement is based on the accumulated account balance. A member may choose to elect an annuity at retirement, rollover, and/or a lump sum of his/her account.

Employees contribute 4.8% of compensation. The employer contribution is 156% of the employee's contribution [section 84-1309].

Employees in the Defined Contribution portion of the plan may invest their contributions in various investment options available to them. Employees in the Cash Balance plan earn a specified rate of interest (Federal mid-term rate plus 1.5% or a minimum of 5%). Dividends may be issued to members within the Cash Balance portion of the State plan if plan funding requirements are met, per statute.

Employer contributions to the Defined Contribution benefit are directed by plan members who can choose among the same investment options that are available for their employee contributions. Employer contributions to the Cash Balance benefit earn the same rate of return as the member contributions, as specified by the plan.

Members are vested in the employer funds after three years of plan participation.

Deferred Compensation Plan

This is a voluntary tax-deferred investment plan available to state and some county employees. The plan is an eligible Deferred Compensation Plan under section 457 of the Internal Revenue Code. Members may contribute up to \$17,500 to the plan in 2013. The investment options are identical to those offered through the Defined Contribution component of the State and County plans. There are no employer contributions. All expenses associated with the administration of the Deferred Compensation Plan are paid by the members of the plan through a monthly assessment against member accounts.

Judges Retirement System

This is a Defined Benefit plan with contribution levels established by statute, with limited PERB responsibilities for determining additional contributions based upon information provided by the PERB's consulting actuary.

Contribution rates were changed effective July 2009. Currently, each member contributes 7% or 9% of compensation [section 24-703] until the member reaches 20 years of service, at which time the rate drops to 5% of compensation or 1%. The rate a member contributes both before 20 years and after depends on the choice each judge made following the enactment of an unreduced joint and survivor retirement option under LB 1097 in 2004. The plan is also funded by a \$6 court fee assessed on various court filings per section 24-703.

The PERB must have an annual valuation of the plan performed by its consulting actuary [section 24-705]. On the basis of this annual valuation, the state may be required to provide additional funds to cover any unfunded liabilities [section 24-703].

In addition, the state contributes to a COLA, which is currently funded by an annual contribution in an amount set by statute [section 24-710.07]. A retired member is eligible to receive an annual COLA after being retired one year.

Members are eligible for early, reduced retirement at age 55 or with unreduced benefits at age 65. The benefit is calculated using the final average salary of a member multiplied by total service years times a factor of 3.5%. Benefits are capped at 70% of average salary.

State Patrol Retirement System

This is a Defined Benefit plan with contribution levels established by statute with limited PERB responsibilities for determining additional contributions based upon information provided by the PERB's consulting actuary.

Contribution rates were raised in July of 2009, 2010, and 2011. Currently each member contributes 19% of compensation [section 81-2017]. The plan is also funded by an employer contribution of 19% of compensation [section 81-2017].

The PERB must have an annual valuation of the plan performed by its consulting actuary [section 24-705]. On the basis of this annual valuation, the state may be required to provide additional funds to cover any unfunded liabilities [section 81-2017].

In addition, the state contributes to a COLA, which is currently funded by an annual contribution in an amount set by statute [section 81-2027.03]. A retired member is eligible to receive an annual COLA after being retired one year.

Members are eligible for retirement as early as age 50 with 25 years of creditable service or at normal retirement age of 55. A member must retire upon reaching age 60. The benefit is calculated using the final average salary of a member multiplied by total service years times a factor of 3%. Benefits are capped at 75% of average salary. If a member retires prior to age 55 and does not have 25 years of service, the member's benefit is reduced by 5/9 of 1% for every year prior to age 55 or reaching 25 years of service.

A voluntary Deferred Retirement Option Plan (DROP) was added effective September 2008. Members with 25 or more years of service may participate as early as age 50. Upon entering DROP, benefits are calculated using current salary and service. During the DROP time frame the participant continues employment with the State Patrol and no longer makes contributions to retirement. Monthly pension benefits are deposited into the DROP account and invested by the participant using the same investment options utilized in the Defined Contribution and Deferred Compensation plans. At termination, the DROP account is available to the participant. Subsequent monthly benefits are issued directly to the participant.

School Employees Retirement System

This is a Defined Benefit plan with contribution levels established by statute with limited PERB responsibilities for determining additional contributions based upon information provided by the PERB's consulting actuary.

Rates were raised in September 2011. Currently each member contributes 9.78% of compensation [section 79-958]. The plan is also funded by a matching employer contribution of 101% of the member's contribution [section 79-958].

In addition, the state contributes an amount equal to 7/10 of 1% of the compensation of all members in the system. This was raised to 1% of compensation effective July 2009. The state also contributes to a COLA, which is currently funded by an annual contribution in an amount set by statute [section 79-947.01]. A retired member is eligible to receive an annual COLA after being retired one year.

The PERB must have an annual valuation of the plan performed by its consulting actuary [section 79-966]. On the basis of this annual valuation, the state contributes an amount sufficient to cover the state service annuity [section 79-966].

Under certain circumstances, members may purchase additional years of service credit (such as out-of-state public school service). For members hired or rehired on or after July 1996, these service credit purchases must be purchased on the basis of full actuarial cost to the system [sections 79-933.05, 79-933.06, and 79-933.08]. The PERB's consulting actuary provides actuarial cost tables for the PERB to determine the amount to be paid by the member for the additional service so that the impact to the plan for allowing this additional service is actuarially neutral.

A member may retire as early as age 55 with 30 years of service on an unreduced basis, or upon reaching the "Rule of 85" if age 55 or older, or at normal retirement age of 65. Benefits are calculated by multiplying the average of the member's highest three years of salary by total creditable service times a factor of 2%. There is an early retirement reduction after age 60 but prior to age 65 if the member does not meet the "Rule of 85."

Defined Benefit Plan/Actuarial Assumptions

Based upon annual actuarial valuations of the three Defined Benefit plans, as well as quinquennial experience studies, the PERB's actuary recommends actuarial assumptions to the PERB. The assumptions are key to the ongoing funding of the plans.

Actuarial assumptions are included for:

- Investment rates of return
- Salary changes
- Withdrawal rates
- Retirement rates
- Post-retirement mortality rates

In 1996, the PERB adopted a "smoothing of assets" policy for the recognition of investment returns by the three plans. As recommended by the actuary, this policy requires that annual investment gains and/or losses be amortized over five years to avoid significant variations in funding from year to year.

An actuarial experience study was completed in 2012. The study was presented to the Legislative Retirement Committee on November 20, 2012. The next experience study is planned for 2017.

9. Board members will be reimbursed for actual costs for out-of-town meals in Nebraska not to exceed the

maximum GSA meal guidelines. Board members must retain a record (log) or obtain receipts for each meal incurred while in travel status. The expense reimbursement document may be used as the Board member's record of travel expenses incurred. In lieu of obtaining and attaching original receipts for each meal incurred, the member may identify type of meal, actual amount paid, including tax and tip, restaurant name and location on the expense reimbursement document. Eligible meals are:

- (a) **Breakfast** – when leaving for overnight travel or one-day travel on or before 6:30 a.m.
- (b) **Lunch** – when leaving for overnight travel at or before 11:00 a.m. or return from overnight travel at or after 2:00 p.m. Lunch is not allowed on one-day travel unless part of an official business meeting with a working lunch part of the agenda.
- (c) **Supper** – when returning from overnight travel or one-day travel at or after 7:00 p.m.

Board members will be reimbursed for actual meal costs in excess of the IRS guidelines if receipts for meals are attached to the expense reimbursement document.

10. Board members will be reimbursed for meals outside of Nebraska for reasonable and actual cost. Reasonable costs are the federal per diem standard. The standards can be found at Internet site: <http://www.gsa.gov/Portal/gsa/ep/home.do?tabId=0>.
11. Lodging for Board members will be reimbursed based on actual cost incurred while attending an official business function. If the meeting or conference is at a lodging establishment and the Board member chooses not to stay at the conference lodging establishment, other lodging may be reimbursed at reasonable amounts comparable to the posted conference room rate. Actual costs will be demonstrated by an original receipt.
12. In order to receive reimbursement, a Board member must complete an expense reimbursement document and attach actual receipts for all travel expenses except meals and immaterial travel expenses. Immaterial items are parking, tolls, intercity bus fares, baggage handling, tips, and taxi fare charges under \$10 per occurrence. Board members will be reimbursed for the use of their personal vehicles for official Board business. Reimbursement will be made in accordance with Neb. Rev. Stat. §811176, at the rate per mile established by the Department of Administrative Services.
13. Board members will be reimbursed for one long distance call per day to their home while in travel status in accordance with the approved agency policy on file with the Department of Administrative Services.
14. No reimbursement is allowed for alcoholic beverages.

Board Funding

1. DEFINED BENEFIT PLANS

The Public Employees Retirement Board administers the three traditional defined benefit plans authorized by State Statute. In order to protect the benefits provided by the plans the Board endorses the statutory funding requirements, as follows:

- (a) The School Employees' Retirement Plan, which covers all school employees, teachers and administrators in Nebraska, with the exception of the separate Omaha Public Schools plan, shall be funded each year in accordance with the actuary's recommendation. The primary source of funding, as outlined by Section 79-958, shall be the monthly employee and employer contribution rates and the required annual contribution outlined by Sections 79-966 and 79-966.01 for the State of Nebraska.
- (b) The State Judges' Retirement Plan, which covers all state judges and certain clerk magistrates, shall be funded each year in accordance with the actuary's recommendation. The plan is primarily funded by employee contributions and court fees and any required annual contribution by the State of Nebraska outlined in Section 24-703.
- (c) The State Patrol Retirement Plan, which covers all uniformed or certified patrol officers, shall be funded each year in accordance with the actuary's recommendation. The plan is primarily funded by employee and employer contributions and annual contributions by the State of Nebraska as outlined in Section 81-2017.
- (d) It is recognized that in all three of these defined benefit plans the investment return on the assets is a vital part of the funding for the plans. In addition, the annual actuarial valuation is the source each year for determining any additional contributions needed for a given year.
- (e) The Board will review the actuarial assumptions used to determine funding needs, on a regular basis, but change those assumptions only on the basis of a recent experience study or if the actuary recommends a review due to a significant change in the factors used to determine the assumptions. An experience study shall be conducted every four to six years.

2. CASH BALANCE BENEFIT

The Public Employees Retirement Board administers the two hybrid defined benefit plans authorized by State Statute. In order to protect the benefits provided by the plans the Board endorses the statutory funding requirements, as follows:

- (a) The State Employees and the County Employees Retirement Plans include a new Cash Balance benefit that must be actuarially sound. These plans cover state and county employees and are primarily funded by employee and employer contributions as well as any required contribution by the State of Nebraska.
- (b) It is recognized that the investment return on the assets is a vital part of the funding for the benefits. In addition, the annual actuarial valuation is the source each year for determining any additional contributions needed for a given year.
- (c) The Board will review the actuarial assumptions used to determine funding needs, on a regular basis, but change those assumptions only on the basis of a recent experience study or if the actuary recommends a review due to a significant change in the factors used to determine the assumptions. An experience study will be conducted every four to six years.
- (d) Investment returns greater than or less than the assumed annual rate of return will be recognized on a "smoothed" basis over a five year period.
- (e) Each year after the annual actuarial valuations results are received the Board will determine, based on the recommendation of the actuary, if a benefit improvement can be made, such as a dividend payment to individual Cash Balance member accounts, after allowing for the required ten percent funding reserve within the plan. If it is determined that the benefit improvement should be a dividend and that sufficient reserves exist, the dividend will be granted as follows:
 - (i) The Board will determine if any dividend can be granted at the earliest possible date following the annual actuarial valuation, but in all cases the dividend will be retroactive to January 1st of that year.
 - (ii) The long-term goal for the cash balance retirement plans is to provide long-term growth for member accounts equal to the long-term growth rate for the invested funds. However, in the short-run, some of the excess earnings may be held in reserve to serve as a buffer for short-term fluctuations in market return.

- (iii) Any dividend that is granted should conform with the following guidelines:
 - A. The plan must maintain the 90% Benefit Threshold Rate after granting any dividend.
 - B. There must be a minimum 100% Funded Ratio on both the Funded Basis and the Current Value Basis, both before and after the dividend is granted.
 - C. The dividend plus the annual interest credit during the year cannot exceed 8.0% unless a majority of PERB agrees.
 - D. No dividend will be granted for a year where the annual interest credit rate exceeds the actuarial valuation interest rate.
- (iv) The account balance used to determine the amount credited will be the balance as of December 31st of the previous year.
- (v) All accounts with an account balance as of December 31st of the previous year will be credited with the dividend amount, except that no dividend shall be paid to any account with a final account valuation made prior to December 31st of the year for which the dividend is granted.
- (vi) If a dividend is granted, the value of the dividend will be credited with interest between January 1st and the dividend distribution date, using the interest credit rate earned on regular contributions for the same period.

3. STATUTORY REFERENCE

Section 23-2317(4)(c) and section 84-1319(4)(c) – if the unfunded accrued actuarial liability under the entry age actuarial cost method is less than zero on an actuarial valuation date, and on the basis of all data in the possession of the retirement board, including such mortality and other tables as are recommended by the actuary engaged by the retirement board and adopted by the retirement board, the retirement board may elect to pay a dividend to all members participating in the cash balance option in an amount that would not increase the actuarial contribution rate above ninety percent of the actual contribution rate. Dividends shall be credited to the employee cash balance account and the employer cash balance account based on the account balances on the actuarial valuation date. In the event a dividend is granted and paid after the actuarial valuation date, interest for the period from the actuarial valuation date until the dividend is actually paid shall be paid on the dividend amount. The interest rate shall be the interest credit rate earned on regular contributions.

Board Policy #11

Revised January 2011

Service Delivery

- To accurately calculate a retirement benefit, the Nebraska Public Employees Retirement Systems (‘NPERS’) needs all retirement contributions and salary to post to a member’s account prior to such calculation. This interim period can take several months and can delay benefit payments.
 - In order to provide a timely retirement benefit for retirees, NPERS will calculate a preliminary benefit during the interim period. The member will be paid a preliminary benefit equal to ninety-five percent (95%) of the benefit calculated based on the total service and salary information available at the time of the preliminary calculation. A preliminary benefit will not be calculated until the member’s most recent posted retirement contribution and salary is within one or two months of the member’s final pay date. The preliminary benefit should be calculated within ninety days (90) of the effective date of the member’s retirement. The member’s preliminary benefit will be recalculated and changed to a final monthly benefit approximately five (5) months after the effective date of retirement.
 - Under certain circumstances such as a salary dispute, untimely paperwork filed by a member, or an extended contract negotiation, it may be more than ninety days (90) since the effective date of the member’s retirement before the calculation of the preliminary benefit occurs, and it may be more than five (5) months before the final recalculation occurs. This calculation and recalculation will be retroactive to the member’s effective date of retirement and will include all salary and contributions received from the member’s employer.
- If the member’s final calculated monthly benefit is within thirty dollars (\$30) or two percent (2%) of the member’s one-hundred percent (100%) preliminary benefit, then the recalculation is performed automatically by NPRIS and does not require a manual calculation by NPERS staff.
 - If the member’s final calculated monthly benefit is greater than thirty dollars (\$30) or two percent (2%) of the member’s one-hundred percent (100%) preliminary benefit, then the final benefit is recalculated manually by NPERS staff.
 - If the member’s final calculated monthly benefit is less than the member’s one-hundred percent (100%) preliminary benefit, then the final benefit is recalculated manually by NPERS staff.

Board Policy #12

Revised March 2011

Electronic Disbursement

1. GENERAL PROVISION

Electronic disbursements through direct deposit or a deposit (load) to a prepaid debit card shall be the Nebraska Public Employees Retirement Systems’ required method for issuing annuity benefit payments to retired members.

Beginning May 1, 2011, all new retired members must provide written authorization for either a direct deposit or a load to a prepaid debit card using NPERS’ Electronic Disbursement Authorization Form. The electronic disbursement will remain in effect until changed or canceled by the retired member in writing. The member must choose one disbursement method only.

2. REASON FOR POLICY

The purpose of this policy is to promote safe, confidential, economical, convenient and fast annuity benefit payments to retired members.

3. POLICY AND PROCEDURES

Direct Deposit is the electronic deposit of funds directly into a bank account as a form of payment. NPERS offers direct deposit for a retired member’s annuity benefit payment. Electronic deposit of funds can be made to any financial institution in the United States. Direct deposit assures that a retired member’s annuity benefit

payment is deposited in their bank account(s) on the day of payment. All retired members receiving retirement annuity benefits from NPERS are eligible for direct deposit.

To authorize or change their direct deposit, a retired member must complete and sign a new Electronic Disbursement Authorization Form and attach a voided check for checking account deposit and a deposit slip for savings account deposit.

In the alternative, a member may select a deposit (load) to be made to a prepaid debit card. A prepaid debit card has the same functionality as a regular checking account, but the member withdraws funds with the use of a debit card rather than the use of checks. The State of Nebraska contracts with a prepaid debit card financial institution vendor to provide this service to members who do not want their annuity benefit payment made by direct deposit into a regular bank account.

Once the authorization is received by NPERS, it may take up to one annuity benefit payment cycle to become active. Any changes affecting the direct deposit or prepaid card MUST be received by NPERS two weeks prior to the date scheduled for the annuity benefit payment for which the change is to occur.

Revised May 2012

Cash Balance Benefit Election

001 SCOPE OF THE POLICY

The provisions of this policy apply to active members participating in the defined contribution benefit in the Retirement System for Nebraska Counties (County Plan) and the State Employees Retirement System (State Plan). This policy contains the procedures for conducting a cash balance benefit election and conversion thereby permitting State and County Plan active members who have a defined contribution benefit to make a onetime election and conversion into the cash balance benefit in accordance with the provisions found in Neb. Rev. Stat. §§ 23-2308.01 and 84-1309.02.

002 DEFINITIONS

002.01 Definitions provided in Nebraska statutory law for each plan shall apply to the provisions herein as they relate to the plan. In addition to those definitions, the following definitions shall apply:

002.02 Agency means the Nebraska Public Employees Retirement Agency.

002.03 Cash Balance Benefit Election Period means the statutory calendar period beginning September 1, 2012, through October 31, 2012.

002.04 Electing Member means a state or county defined contribution benefit active member who makes an election during the Cash Balance Benefit Election Period.

003 GENERAL PROVISIONS

003.01 A state or county defined contribution benefit active member shall make a onetime election into the cash balance benefit beginning: September 1, 2012, through October 31, 2012, in order to participate in the cash balance benefit. Once an election is made, the decision by the member is irrevocable.

003.02 If no such election is made, the member shall be treated as though he or she elected to continue participating in the defined contribution benefit as provided in the act prior to January 1, 2003.

003.03 Members who elect to participate in the Cash Balance Benefit Election Period, shall commence participation in the cash balance benefit on January 2, 2013.

003.04 Any member who made the election prior to April 7, 2012 and/or who is currently a member of the cash balance benefit does not have to make another election during the Cash Balance Benefit Election Period.

003.05 For a member employed and participating in the retirement system, who elects to convert his or her employee and employer accounts to the cash balance benefit, the employee and employer cash balance benefit accounts shall initially be equal to the employee and employer account balances, transferred from the member's defined contribution plan employee and employer accounts.

003.06 If an active member has multiple defined contribution plan accounts (i.e. an active member having State Plan defined contribution accounts, who also is an inactive member having County Plan defined contribution accounts, or vice versa) then the member will only be able to make in election in the plan under which he or she is currently an active member during the Cash Balance Benefit Election Period.

004 ELECTION PERIOD AND ELIGIBILITY REQUIREMENTS

004.01 The Cash Balance Benefit Election Period begins on September 1, 2012, and continues through October 31, 2012. A onetime election may only be made during this election period.

004.02 The defined contribution benefit member must remain an active employee member through October 31, 2012 in order to make an election during the election period. A termination, as defined by Neb. Rev. Stat. §§ 23-2301(33) and 84-1301(33), or a temporary break in service during the Cash Balance Benefit Election Period will result in an invalid election.

004.03 An alternate payee, as defined by Neb. Rev. Stat. § 42-1102(1), with a defined contribution account is unable to make an election into the cash balance benefit.

005 ELECTION MATERIALS AND DISTRIBUTION

005.01 Beginning on September 1, 2012, cash balance benefit election materials will be mailed to confirmed state and county active members who have employee and employer accounts in the defined contribution benefit. A downloadable copy of election materials will be placed on the Agency website on September 1, 2012.

005.02 A cash balance benefit election can only be made upon official forms provided by the Agency, or as provided in subsection 005.03. The form must be signed by the active member making the election, and can be received only by postal mail or hand delivery to the Agency. A form sent via facsimile machine will not be accepted. If the cash balance benefit election form is mailed during the Cash Balance Benefit Election Period, then the mailed envelope must be postmarked on or before October 31, 2012.

005.03 A cash balance benefit election may be made by a member submitting an online electronic form found on a website administered by either the Agency or a contractor of the Agency. The Agency is not responsible for a member failing to make a valid cash balance benefit election due to either a website server failure or a member using incompatible web browser software to access the server. If a member believes that he or she may have incompatible software or the website server is offline prior to the cash balance benefit election deadline, then the member should allow sufficient time to submit his or her cash balance benefit election form in the manner provided in subsection 005.02.

005.04 No cash balance benefit election forms will be recognized by the Agency as having been received until September 1, 2012. Applications delivered to the Agency prior to September 1, 2012, will be held and not officially received for the purpose of the cash balance benefit election until September 1, 2012.

005.05 Once a cash balance benefit election form has been received by the Agency during the Cash Balance Benefit Election Period on or after September 1, 2012, a confirmation of receipt will be sent to the member. The confirmation will be mailed to the member's current address of record within ten (10) business days following the Agency's official receipt of the member's cash balance benefit election form. If a member does not receive a confirmation of receipt within this time period, he or she should immediately contact the Agency to verify that his or her election form has been properly received by the Agency. If a member makes in elec-

tion online as described in subsection 005.03, then a confirmation of receipt will be obtained online by the member in lieu of a mailed confirmation.

005.06 If a member does not receive a timely confirmation of receipt described in subsection 005.05 and also fails to notify the Agency that he or she did not receive a timely confirmation, then such inaction by the member may result in the member not making a valid Cash Balance benefit election. The Agency is not responsible for a Cash Balance benefit election form either lost or delayed while in the custody of the U.S. Postal Service or other shipping delivery service.

006 PROCEDURES FOLLOWING THE ELECTION PERIOD

006.01 A proper and valid election shall only occur if an election to the Cash Balance benefit is made in accordance with applicable state laws, agency rules and regulations, and other provisions listed herein.

006.02 Electing Members shall commence participation in the Cash Balance benefit on January 2, 2013. Electing Members' Defined Contribution benefit assets and accounts will be converted to Cash Balance benefit assets and accounts on January 2, 2013.

006.03 Once an election is made during the election plan period, no partial or full distributions shall occur from the point of time an election is made until January 3, 2013.

006.04 An Electing Member may continue to make trades in his or her accounts and transfer assets between Defined Contribution fund options until December 31, 2012, subject to current trading restrictions; including, but not limited to rules on excessive trading and trading stable value fund assets. The Electing Member's account balances will not be frozen by the Agency once a Cash Balance benefit election is made. The Electing Member's account values will continue to be subject to market gains and losses during this time period based on the Electing Member's investment decisions.

006.05 The final value of Defined Contribution fund assets transferred into Cash Balance benefit fund assets will be the end of the market day price on January 2, 2013. The Defined Contribution account balance will be subject to market fluctuations (gains and losses) prior to the completion of the asset transfer on January 2, 2013, which may result in a reduction of the Electing Member's employee and employer account asset value following the day of the transfer. Following the completion of the asset transfer on January 2, 2013, the Agency or a contractor of the Agency will send the Electing Member a confirmation of election.

006.06 An Electing Member has until February 1, 2013, to notify the Agency if there was a possible error. If the

Electing Member does not receive a confirmation of election described in subsection 006.05 or believes that his or her account assets were not properly transferred from the Defined Contribution benefit plan to the Cash Balance benefit plan, as described in subsection 006.05, then notification under this subsection must be made. If no such notification occurs prior to February 1, 2013, then the Agency will conclude the following:

- (a) the Electing Member's assets have been properly transferred from the Defined Contribution benefit plan to the Cash Balance benefit plan, and the Agency will not be responsible for making a subsequent transfer of assets in order to correct any possible errors; or,
- (b) the member's assets have properly remained in the Defined Contribution benefit plan as intended by the member, and the Agency will not be responsible for making a subsequent transfer of assets in order to correct any possible errors.

007 DETERMINATION OF AN INVALID ELECTION

007.01 An election may be determined invalid by the Agency if any of the following findings are made:

- (a) The member was an inactive member on October 31, 2012 and therefore was ineligible to make an election.
- (b) The member was not in the Defined Contribution benefit during the election period.
- (c) A fraudulent election form was received by or transmitted to the Agency.
- (d) There is evidence of fraud involved in the member's election or conversion of assets.
- (e) The member experienced a termination or a temporary break in service (lasting less than 120 days) during the Cash Balance Benefit Election Period and the member was not an active member on October 31, 2012.
- (f) The election to the Cash Balance benefit was not made in accordance with applicable state laws, agency rules and regulations, and other provisions listed herein.

007.02 Once a determination is made by the Agency that an invalid election occurred, written notice will be sent immediately to the member. The notice will be mailed to the member's current address of record.

007.03 If a determination is made following the account conversion on January 2, 2013, then the improperly converted Defined Contribution benefit assets will be removed from the Cash Balance benefit fund within ten (10) business days and placed in the Defined Contribu-

tion benefit money market fund described in Neb. Rev. Stat. §§ 23-2309.01(g) and 84-1310.01(g). The amount of the removed assets will equal the amount of assets initially transferred into the member's Cash Balance benefit accounts on January 2, 2013.

007.04 Any interest credited to the member's Cash Balance benefit employee or employer accounts will be forfeited prior to the assets being removed from the Cash Balance benefit fund due to an invalid election, as described in subsection 007.03. The Agency will not be responsible for any market gains or losses that may have resulted had the member's assets originally remained in his or her Defined Contribution benefit accounts.
