In January, DHHS Eligibility Operations continued to improve its training processes and materials for staff working with the Medicaid expansion population. This included work on new and existing process guides, online training modules, and training schedules.

On January 15, 2021, MLTC submitted the final HHA Demonstration Year 1 Implementation Plan (IP) for the 1115 waiver to the federal government for review and approval. This IP details the demonstration requirements of Wellness Initiatives and Personal Responsibility Activities as well as major communication deliverables for both demonstration participants and our MLTC

¹ Basic benefits include physical health, behavioral health, and prescription drug coverage.

 $^{^2}$ Prime benefits include all Basic benefits, plus dental, vision, and over-the-counter medication coverage.

³ This category refers to people who would typically qualify for Basic benefits, but federal requirements around the COVID-19 Public Health Emergency (PHE) declaration required DHHS to place them temporarily in the Prime benefits tier. In January they were moved into the Basic benefit tier.

partners. It also details the system updates for implementing the first year of the Demonstration program. Updates on the HHA Demonstration Program will be shared as they become available.

The DHHS Information Systems & Technology (IS&T) team had a successful January interim release for N-FOCUS and OnBase systems. MMIS team completed their coding and unit testing activities and began system testing for Phase 2A of Heritage Health Adult, which includes the first parts of the Demonstration program. IS&T team has also kick-started design activities for Phase2B design of the HHA project.
