ONE HUNDRED EIGHTH LEGISLATURE

SECOND SESSION

LEGISLATIVE RESOLUTION 319

Introduced by Conrad, 46.

PURPOSE: The purpose of this resolution is to propose an interim study to determine whether student-to-teacher ratio requirements should be considered or implemented in Nebraska by statute or regulation. The study should also consider whether student-to-teacher ratios should be tailored for special education instruction.

At least twenty-eight states have statutes or regulations that provide student-to-teacher ratio requirements. An additional ten states provide maximum class size requirements. A number of other states have laws that link funding to lower student-to-teacher ratios. Nebraska is among the states that have no statutory or regulatory student-to-teacher ratio requirements for public schools. If implemented, Legislative Bill 1081, introduced in the One Hundred Eighth Legislature, Second Session, would provide for student-to-teacher ratio requirements for special education and general education students in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED EIGHTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

- 1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
- 2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.
