Introduced by Eugene T. Mahoney, 5th District and Terry Carpenter, 48th District.

WHEREAS, the Legislative Council Committee on the distribution of the state gasoline tax, established by resolution of the

Seventy-second Session of the Nebraska State Legislature, has recommended:

1. That a comprehensive study of the state, county, city, and township highway and street systems be conducted by experts in the field, the study to include road and street administration and financing, construction and maintenance;

2. That this study be broad enough to include the problems of pay and fringe benefits of the professional employees of the Department of Roads with the view of keeping them competitive with the other states; and

3. That the 1965 Nebraska Legislature authorize this study early in the session, including the appropriation of the necessary funds, so that there will be plenty of time for its completion prior to the 1967 session; and

WHEREAS, a study of the finances and administration of these highways, roads and streets should be made.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That the Legislative Council appoint a committee to make a statewide study of the needs, classifications and financing of all public roads, streets and highways and to report its study and make recommendations thereon to the next regular session of the Legislature. The study and recommendations shall include, but shall not be limited to, the following:

(a) Sound legislative policies and management practices to be followed in highway construction and maintenance in view of the increase in available funds for these purposes.

(b) An equitable basis for distribution of all highway revenues so that this money will be most judiciously spent.

(c) Techniques to be used to get closer coordination between the state and local units in planning and constructing our highways, roads, and streets.

(d) An engineering study and inventory of the present use and deficiencies and forecast the future needs and improvements necessary for all highways, roads, and streets in the state according to appropriate standards.

(e) Make such other recommendations as will assure the development of an efficient and effective balanced, integrated transportation network within the State of Nebraska.

2. The committee shall prepare and recommend such legislation as may be necessary to secure the objectives of the study.

3. The committee shall utilize the facilities and services of the Federal Bureau of Public Roads, the State Highway Commission, the State Engineer, and the Department of Roads.

4. The committee in making this study is directed to consult and cooperate with agencies named in paragraph 3 hereof and also with any group or groups which may be appointed by the Governor for the purposes of this study.

5. The Department of Roads shall secure such funds as may be needed and available from the Federal Bureau of Public Roads for the financing of any or all aspects of the study, which funds shall be disbursed in the same manner as other federal aid funds appropriated to the Department of Roads, except such expenditures shall be made only pursuant to the approval of the Legislative Council.

6. The committee shall also secure and utilize the cooperative assistance of counties, cities, and villages in the conduct of such study.

MOTION—Time Limitation on Bills

Mr. President: I move all bills not advanced to Select File by March 31 will be considered killed. (Signed) Henry F. Pedersen, Jr. The motion lost.

Speaker Bowen Presiding**SPEECH—Lt. Governor Burney**

Speaker Bowen asked unanimous consent that Lt. Governor Burney speak and that his remarks be recorded in the Journal. No objections. So ordered.

Mr. Speaker, Members of the 75th Legislature, and friends: I deeply appreciate this privilege of expressing a few of my thoughts concerning our state government to you at this time. After 20 years of active participation, I have formulated some distinct opinions that I shall endeavor to pass on.

To you, the members of this honorable body, I would impress upon you the idea that you are the most powerful branch of state government. You are that branch that writes the rules by which we live. You can pass any law, repeal any law, or amend any law that you deem advisable by a majority vote of your membership, and if the bill is vetoed by the Governor, you still have authority with 3/5 to pass over his veto. You can even suggest changes to our constitution for the people to vote upon. The executive branch is limited in power to the administration of the laws you enact and the judicial branch to the interpretation of the laws. In my judgment yours is the body with greatest power and greatest responsibility.

Let's think for a few minutes about the makeup of this body. You have been elected in your several districts to represent the people there. Ours is not a pure democracy where all the people vote on every issue. Hence, laws are not enacted by popular vote but by the vote of their elected representative. How then can you best represent your district? You are here to study each piece of legislation, to get all the facts possible and you should then be able to formulate the opinion that dictates how you should vote. It is physically impossible for all of your people to know these facts and to be able to vote intelligently on each measure. This then is your responsibility. Even though you may get remonstrances and ob-

jections to your judgment, these will represent only a few of the thousands of people you are elected to represent.

What then are the tests to be used to determine what you should do? I believe that there are certain questions you should keep in mind. The first of these is "is this legislation necessary?" You will find many people who have had a problem will say "there ought to be a law", and they may ask you to introduce such a bill. Our law books in my opinion are well cluttered with just such items. If a bill passes this first test of necessity the next question is "is this the right approach?", and last "is it so written that it will accomplish what we are attempting to do?" And in this connection I feel certain that you should have attorneys employed, who are independent of your bill drafting service, to analyze the finished bill for you.

You will have many requests for increases in funds for the operation of the state. I ask you how can it be otherwise? With more demands for roads, schools, welfare, and the institutions, these are the big four in state spending. I would like to quote for you a few figures on population. It took a million years for the population of the world to reach 3 billion. The next 3 billion will be added in only 35 years unless present birth rates are drastically cut. Yes, we in Nebraska are exporting much of our population increase, but we do not export them until we have them pretty well through school. We are paying the cost of their education and then losing them. How long other states can find jobs for them is problematical. However you must determine how much is to be allotted to each spending agency and you must determine whether or not present sources of revenue are fair and equitable. To my mind it is poor economy to short change an institution or a department simply to save tax funds. Certain duties have been given to them and if we can not afford to finance those activities the law setting them up should be repealed. By the same token if you determine in your own mind that our sources of revenue are unequal and unfair to some segments of our economy you should accept the responsibility of working for a change.

These are some of the weighty problems that you will be required to face up to in the weeks ahead. Your task will not be easy. You must be prepared to ward off pressures, but as former President Truman expressed it "if you can't take the heat then get out of the kitchen." I bespeak for you a busy and interesting session. I feel sure that you are equal to the task. There is this that we must all keep in mind. Like the jet pilot of today, we must keep our minds well out ahead of us or our problems will engulf us before we are ready to meet them. My very best wishes go with you and let me again express my appreciation for your giving me this opportunity to speak.

INAUGURAL ADDRESS OF GOVERNOR FRANK B. MORRISON

January 7, 1965

MR. PRESIDENT, MR. SPEAKER, CHIEF JUSTICE AND ASSOCIATE JUSTICES OF THE SUPREME COURT, AND SENATORS OF THE SEVENTY-FIFTH SESSION OF THE LEGISLATURE OF THE STATE OF NEBRASKA:

Today, on the threshold of its Centennial, Nebraska faces new challenges and opportunities for greatness. Now is the time

for careful reflection and thoughtful projection. We propose not to be the pawns of history but rather authors of one of its better and more meaningful chapters. The purpose of reflection should not be self-adoration or harsh introspection, but the meaningful assessment of causes for past successes and failures with a view toward enabling us to choose the wisest course in our second hundred years.

At the end of this second Centennial, none of us here will be alive, but what we do here can live on, vitally affecting the lives of those who follow us. We can make this Centennial a focal point for a dramatic progression of greatness.

Nebraska is ready to play an ever-increasingly dynamic role in shaping the destiny of this nation. In a world of revolutionary political upheaval and in a nation torn by reapportionment problems, our non-partisan Unicameral Legislature will have an opportunity to set a pattern for responsible government.

We have this potential because of the vision, devotion, self-reliance and rugged efforts of men and women who preceded us. Let us hold fast to these virtues.

Prior to the birth of our own state, a fledgling nation had embarked upon a course of achieving greatness. Long before the discovery of this land other civilizations had risen to great heights and collapsed of their own inbred weaknesses. Progress toward greatness flourished when energetic people, provided with wise leadership, inspired responsible living. Decline and collapse came with the avarice and greed of an over-reaching state or the failure of the state to nurture and satisfy the demands of progress. Even in our own state's history, we find episodes revealing lack of vision.

In his *History of Nebraska*, author James C. Olson sets out a vivid account of early Nebraska frugality. Of the Constitutional Convention in 1875, Olson wrote:

"Economy was the watchword. A resolution requiring the Secretary of State to furnish each delegate with three dollars' worth of postage stamps was voted down in haste; in lieu of hiring a Chaplain, the convention decided to ask ministers of the various Lincoln churches to open the daily sessions with prayer (for free); a shorthand report of the proceedings was dispensed with as too expensive, with the result that there is no verbatim report of the convention.

"One of the main items of business was the adoption of a resolution that the committee use 'nothing but pure, unadulterated English' in drafting various sections of the constitution."

Fortunately, this attitude has not been prevalent throughout the history of this state. Such parsimonious practices would have prevented our writing the more glorious chapters of the state's accomplishments. The administration of public agencies should never be permitted extravagance, but must not be crippled by inadequacy.

History of past civilizations teaches us that excessive government dulls the edge of husbandry. Insufficient government insures discord and ineffectiveness, but wise use of government is essential to the preservation and survival of civilization. Meeting our responsibilities with prudence should be our watchword.

Our first responsibility is education. Education, broadly based, and of quality commensurate with economic and social advancement, is the only safeguard of liberty and of achievement.

No tyrant has ever dictated to people competent to assume the role of decision making. No nation has ever collapsed in which all of its citizens were developing their maximum capacity for self-improvement and social contribution.

In recent years, the large increase in the number of students, the decline in demand for unskilled labor, coupled with the increasing need for skilled technicians, necessitates our devoting more resources to education. We must provide each Nebraskan with an education which will prepare him for a place in our modern world. We who hold in our hands the responsibility for the future of our state cannot ignore the people who will be the foundation of that future. At the same time, we must explore methods of making better use of our present educational facilities.

I recently suggested that the State Department of Education study the feasibility of utilizing our school facilities on a year-around basis. We should also investigate the possibility of installing quarter systems, giving to students the option of year-around attendance or of taking out any three months period desired by the student. Such a program would distribute student participation in classes and insure a youth labor force throughout the year. This would reduce the congestion which has plagued both the schoolroom and the opportunity for youth employment. Such a fuller utilization of facilities would enable us to expand vocational training in all of our communities. I would request a report on this matter by the state Department of Education to the legislature and the Governor prior to the commencement of the next regular session.

When I appeared before you two years ago, I suggested the eventual adoption of a higher educational complex composed of our present state colleges and the University, administered by one Board of Regents. I now believe that Omaha University and the junior colleges will become a part of this complex. I recommend

that you establish in this session a coordinating committee on higher education as an original and essential step in insuring closer coordination, the elimination of duplication and insuring maximum use of existing facilities and personnel.

In the field of vocational education, we should make maximum use of Milford before building another trade school. The demand for technical and vocational training is too widespread to be met by a school located in any one or two areas of the state. We should use all existing federal government facilities as well as our existing local educational plants.

From brick and mortar, let us turn our attention to teaching and instruction as the key to unlock the potential of our new Nebraska.

By 1967, it is my hope that all young Nebraskans may be within a knob's turn of new educational excitement and excellence through the miracle of educational television. Access to the best instruction in vocational and technical fields, activating new interest in science, arts and culture shall bring new dimensions of knowledge to all of our people. You can accomplish this by completing our statewide educational television system in the coming biennium.

The educational system must not be limited to improving the knowledge and skill of the normal person. We must bring fresh hope to the handicapped children and new hope to Nebraska's mentally retarded. Under-developed human potential of all of our people is the greatest political and social waste of our time. This we cannot afford.

In dealing with the criminal, the anti-social, the mentally retarded, our state institutions must not limit their scope of operation to warehousing or storing human beings. These institutions, in their largest sense, must be adapted to rehabilitate people and, wherever possible, develop the potential of human life for fulfillment and not decay.

Through the administration of our state hospitals, penal institutions and state-operated schools and homes we can realize our greater objective in developing the potential of our people to their fullest capabilities. Your action in placing the responsibility for state institutions under the Governor has enabled us to administratively achieve substantial progress. The keynote of this program has been, and will continue to be, the development of self-reliant citizens who will add to rather than detract from the society in which we live.

The expansion of probation and parole for the anti-social, increased educational programs within our penal institutions for those convicted of crime, more skillful therapy for our mentally disturbed,

new educational programs in Beatrice are all aimed in the direction of reducing to a minimum the numbers of people permanently institutionalized.

Our training schools have been moving in the direction of specific vocational education to accommodate older children who have been released from these institutions. This enables these youngsters to acquire salable skills and constructive places in society.

We have opened a new clinic at the Orthopedic Hospital in Lincoln. We are contemplating, through crippled children's service, the broadening of a program to include plastic surgery where physical blemishes are creating a psychological hazard for the children.

For the care of the mentally retarded bed patients we have initiated a program through the use of an unoccupied wing at the hospital for the tuberculous at Kearney. The institutional program for the mentally retarded must be supplemented by adequate public school programs for the educable mentally retarded.

In the months ahead, we will be asking for legislation to move non-psychotic elderly patients from mental hospitals to nursing homes operating under federal matching grants. Previous commitment of these people to mental hospitals has been both a violation of the spirit of the law and uneconomical use of state facilities.

It is time for us to meet the major problem that we are faced with in the field of mental health and mental retardation. We must employ staff personnel sufficient in number and quality to treat the mentally ill and return them to community life.

We have implemented the law passed by the last legislature in combining the state penitentiary and the reformatory into one complex. We believe that this has enabled us to achieve a more efficient and economical operation and a better program of rehabilitation by allowing the widest latitude in the utilization of available facilities.

Full utilization and preservation of our human resources demands more attention to the area of conserving human life and property.

No area of state activity disturbs me more than traffic safety. Roads and highways have been filled with an unparalleled loss of life and property. It is my belief that we must add additional highway patrolmen and increase the beginning patrol pay scale to assure its continued excellence.

We also need a stronger driver improvement program, which would place stiffer penalties on willful violators; we need improved

court procedure dealing with traffic violations including uniformity of fines; and we need additional district traffic engineers and staffs to provide necessary services to local communities.

I am confident of your support, recalling your valuable assistance in passing the 1963 driver education bill and other measures designed to promote safety on the highways.

A healthy economy is the foundation for all of our other achievements. In spite of adverse weather conditions and a serious drop in livestock prices, I am glad to report the Nebraska economy enjoyed a relatively good year in 1964. Personal income was up 4.4 per cent in the first three quarters and the year's total income should exceed 3.6 billion dollars. Retail business should total 2.1 billion dollars, an increase of 2 to 3 per cent for the year. It is heartening that many smaller cities and rural counties are showing a business growth.

Total cash receipts by Nebraska agriculture, including payments under several federal programs, was only one per cent below 1963 in spite of a decline of 70 million bushels in corn production alone.

Cattle numbers are at a record high and Nebraska now ranks second among all the states in the numbers of cattle on feed. Although still too low, hog prices are running more than \$1.50 a hundred above a year ago.

Increasing mechanization of agriculture and the resulting consolidation of farms has brought in its wake accelerated depopulation of rural areas and new demand for employment opportunities. Irrigation, fertilization and crop improvement have increased production to the point where expanded markets are of primary concern. New crops have become essential to replace those in surplus. To this end we recommend additional programs at the College of Agriculture, including the establishment of an additional research center at the Sioux Ordnance Depot to develop safflower and other alternative crops for wheat.

In the area of livestock research, the program at Clay Center must become a reality during the coming year.

In a search for new markets, we have materially expanded the export of wheat. The Nebraska Wheat Commission has played an important role in this effort. We must have corresponding effort in expanding the export of meats. To that end and with your help, I shall initiate a Nebraska Meat Export Council.

The State Department of Agriculture has done a remarkable job under the Agresearch Program vested in it by your action. New industrial uses are being discovered. We have established

under contract with American Maize a new industrial plant at Central City to manufacture packaging film from high amylose corn.

Patent applications are being prepared or have been filed for inventions in the following areas: modified soap ingredient; catalytic process for converting lard and tallow into short chain esters; a starch foam made from amylose starch; an adhesive and resin based on starch; a rigid urethane foam based on starch; process for the extrusion of edible transparent wrapping film from starch; a growth stimulator chemical based on amylose starch. We have 32 patent applications in foreign countries on the amylose starch. We have 9 patent applications in foreign countries to date on growth stimulator and in the process of filing a dozen or more.

The division of resources has, in the past 100 weeks, announced 100 new industries or expansion of existing ones, but the fact still remains that this program is only in its infancy. We must have closer coordination between the University of Nebraska, all of its Colleges, The State Department of Agriculture, including its division of resources, and the industrial and business community generally.

Your honorable body in 1961, at my suggestion, adopted the machinery for the Nebraska Research Institute which you have never funded. I believe this is essential to the coordinated effort in the direction mentioned. I therefore recommend that funds be made available to implement this research institute through a continuation of the Agresearch Program and the allocation of a portion of the funds to the Nebraska Research Institute.

The lifeline of a healthy economy is an adequate highway system. We have continued to make significant advances in this area. During the past two years improvements were provided on about 900 miles of highway. About 450 miles of gravel roads were converted to dustless surface, but another 1,300 miles of gravel remain to be converted.

More spectacular, possibly, are the advances on the interstate system. Two years ago at this time, we had 75 miles complete to full standards. We have completed 127 miles to full standards and, as of today, 215 miles of interstate highway are in use in Nebraska. This is 45 per cent of our mileage, well above the national average of 40 per cent. In the next two years, we expect to have another 95 miles in use, and motorists will be able to travel from Hershey to Omaha or Lincoln on the Interstate.

We have also been placing increased emphasis on more than concrete and asphalt. Aesthetic values have been considered with a strengthened roadside improvement section. The development of a chain of lakes on the Interstate Highway promises to make Nebraska's I-80 one of the most attractive highways in America. We

must continue to make our major highways across the state a showplace for travelers.

Present informational signs are not adequate but I do not believe that we should abandon the Federal subsidy by turning our highways over to uncontrolled and unregulated outdoor advertising. This year efforts will be made to repeal the existing law and deprive the state of the advantages of the existing subsidy. I oppose this repeal and urge you to consider such proposals carefully, bearing in mind the importance of promoting the state's natural attractiveness to our visitors while working sufficient modification of existing information advertising as to accommodate the traveler.

A wise tax policy is essential to a healthy and dynamic economy. Most of the inequity in our present tax structure arises from the inequality of school district tax levies. Much publicity and concern is given to state expenditures and state tax problems. Little is given to school district and local taxes. Local school taxes over which the state has no control amount to more than all of the property taxes for local and state government combined. People must realize that they will have little relief from high property taxes until they make fuller use of the local school facilities and explore additional revenue for local school support.

Inequality of taxes between districts is something that can be alleviated only by some form of either state or federal aid. We shall discuss this to a fuller degree in later messages.

The Federal Government has invaded the income tax field to such an extent that I recommend, along with most of the other Governors, that some of these funds be rebated to the state to help with school financing. The incoming session of Congress will be requested to enact legislation to this end.

I will submit to the Legislature within twenty days a proposed budget reflecting my judgment as to the realistic needs of the state during the next biennium. This budget will provide for some increased expenditures which can be paid for by the following increases: an increase in cigarette taxes, a tax on other tobacco products; an increase in beer and liquor taxes; an increase in pari-mutuel betting taxes and an increase in insurance premium taxes on foreign companies, together with certain fee increases.

I will also recommend an excise tax on meal service and lodging, to be used for tourist promotion and recreational development as a substitute for the current special levy for state parks.

The future economic development of the state in part will be determined by the abundance and cheapness of our electric power. While Nebraska's Public Power System has brought a high degree

of development to our electric industry, we are confronted with very definite problems, most of which arise from a lack of integration of effort and jealousies which give birth to overlapping jurisdiction.

I can report that the Power Review Board established by the last session of the Legislature has honestly and diligently pursued a very difficult task, but I think the time has arrived when the Legislature can and must come to grips with integrating our public power system and I will later present for your consideration alternatives to implement such intergration.

At the present time, the State is paying nearly \$84,000 annually for space outside of the State Capitol Building. This cannot be tolerated as permanent policy and I recommend that this session of the Legislature provide for the erection of an office building which will be available at the time of our Centennial Celebration in 1967. The housekeeping functions of State Government must be consistently reassessed to promote efficiency.

Responsible government must always be attentive to efficiency and economy of operation. It is my belief that the executive and legislative branches of state government have a joint responsibility in developing state fiscal policy.

I indicated the need for a number of management improvements in my inaugural address of two years ago. The Legislature saw fit to provide funds for studies in fiscal management, personnel and organization.

So far, we have established a modern program budgeting system; we are preparing standard accounting procedures; we are studying requests for a data processing installation and we have examined in some detail the need for a centralized personnel plan designed to assure equity in salaries, reduced employee turnover and offer attractive career opportunities.

The most comprehensive management action yet to be taken is the realignment of certain duties by state officers. This need has been long recognized, as was shown by passage of Constitutional Amendment Number 5. The passage of this amendment opens the door for vast organizational, administrative and fiscal progress. For this reason, I urge your favorable consideration of legislation creating a department of administrative services which would provide the means for this important end.

As in the past, I pledge to conduct an active administration which will deal with our great responsibilities and which will make efficient use of the personnel available to us. The lieutenant governor will be called upon to assume an active role in promoting the economy and effectiveness of the administration of state government.

I shall from time to time give you special messages on matters under consideration by you. All of you are invited to visit the governor's office at any time to discuss our mutual problems.

There are those among us who will say that the programs stressed in this message constitute government paternalism and the expansion of the welfare state. The very reverse is true. The only effective check upon political dependency are self-supporting citizens. This administration now is, and always will be, dedicated to this end.

Inadequacy and fear born of ignorance have always been the worst form of human slavery. The human mind, confined in the prison of ignorance, can never know liberty until unlocked by the key of knowledge. In no small degree that key is in your hands.

The overriding and supreme challenge facing all of us today is to adapt our methods and institutions to the necessities of the times. We should remember that a wise and fearless president made possible the development of this vast region by the Louisiana Purchase; and that his far-seeing action subjected him to severe attack by little men with little vision who said he was violating the Constitution.

I am reminded of the Words of James Russell Lowell:

“New occasions teach new duties; time
makes ancient good uncouth;
They must upward still, and onward,
who would keep abreast of truth.”

May God grant us the wisdom to distill from our divergent points of view a program of concerted action which will lead our state to new plateaus of vision and attainment, to the end that the beginning of the new Centennial may be a glorious chapter in the history of Nebraska.

REPORT OF JUDGES OF THE SUPREME COURT AS TO DEFECTS IN THE CONSTITUTION AND LAWS OF NEBRASKA

To the Members of the Seventy-fifth
Session of the Nebraska Legislature:

Section 49-702, Reissue Revised Statutes of Nebraska, 1943, places upon the Revisor of Statutes the duty of preparing the report of the Judges of the Supreme Court as to defects in the Constitution and laws of Nebraska, and to draft in the form of bills legislation to carry out the recommendations contained in the report.

A report has been made to each regular session of the Legislature since the office of Revisor of Statutes was created in 1945. The

process of correcting mistakes in legislation is a continuing one. The office of Revisor of Statutes serves as a clearing house for the reporting of mistakes in existing laws. Corrective legislation is then drafted to cure the defects. This year, the Revisor of Statutes has prepared and submits for consideration sixteen bills for that purpose.

Another duty imposed upon the Revisor of Statutes is to prepare and publish replacement of permanent volumes of the statutes. Replacement volumes can only be issued upon specific authority of the Legislature. Commencing in 1947, each regular session of the Legislature has authorized the reissuance of specific volumes. In this way the statutes have been kept current. This year, a bill is being submitted to reissue Volumes IV and V.

The bills that have been prepared to accompany this report will be delivered upon request to the Chairman of the Committee to which this report is referred.

Respectfully submitted,
Walter D. James
Revisor of Statutes

MOTION—Rule Change

Mr. Marvel moved the adoption of the following rule change:

Every bill, the purpose or effect of which is to expend any state funds or to increase or decrease the revenues of the state, either directly or indirectly, shall, prior to being advanced from General File, have attached to it a brief explanatory statement which shall include a reliable estimate of the anticipated change in state expenditures or revenues under its provisions. These statements shall be known as "fiscal notes", and they shall be attached to the bill and so remain during its consideration by the legislature.

Each Senator, or committee where appropriate, may elect to request a fiscal note prior to introduction of a bill. The author of each bill shall present a copy of the bill with his request for a fiscal note to the Office of Legislative Fiscal Analyst. No bill may be advanced from General File until said fiscal note has been prepared.

The Office of Legislative Fiscal Analyst shall transmit said bill and request to the board, commission, department, agency, or other state entity which is to receive or expend the appropriation proposed or which is responsible for collection of the revenue proposed to be

increased or decreased or to be levied or provided for, and the fiscal note shall be prepared by said board, commission, department, agency, or other entity and returned to the Office of Legislative Fiscal Analyst within five (5) calendar days thereafter. The Office of Legislative Fiscal Analyst shall then confer with the Budget Division of the Office of Tax Commissioner and shall secure from said office its agreement or its exceptions to the estimate made by the aforementioned entity of state government and shall append thereto the agreement with or exceptions of the Office of Legislative Fiscal Analyst to said fiscal note. The fiscal note and bill shall be returned to the (clerk of the legislature) within ten (10) calendar days of its original receipt from the sponsor or author of the measure.

The note shall be factual in nature, as brief and concise as may be, and shall if possible provide a reliable estimate in dollars and, in addition, it shall include both the immediate effect and, if determinable or reasonably foreseeable, the long range effect of the measure. If, after investigation, it is determined that no dollar estimate is possible, the note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given.

No comment or opinion shall be included in the fiscal note with regard to the merits of the measure for which the note is prepared; however, technical or mechanical defects may be noted.

The subject matter of bills submitted to boards, commissions, departments, agencies or other entities of the state by the Fiscal Analyst shall be kept in strict confidence by said agencies and by the Office of Fiscal Analyst together with the content of the fiscal note itself and no information relating thereto shall be divulged by any official or employee prior to its introduction in the legislature.

Mr. Klaver objected.

Mr. Ruhnke asked unanimous consent that the proposed rule change be printed in the Journal and discussed Thursday, January 14, 1965.

No objections. So ordered.

Report

Re: Receiving of bills, amendments and daily journals.

The Legislature has decided to make a charge to each person receiving the bills and/or Journals in the future, except that a complete set of bills, amendments, and daily journals shall be sent daily to the clerk of the district court or the county clerk in each county without charge. In the cases of Douglas and Lancaster, where counties have more than one legislative district, another complete set would be provided for each legislative district, with the senator therefrom deciding where it shall be placed. The clerk would then assemble the data each day, making it available to the public. This mailing will also be made to the Law Colleges of Creighton University at Omaha and the University of Nebraska at Lincoln.

The cost to the state of printing and mailing the complete service is approximately \$35.00.

Schools may obtain the complete service for \$5.00.

Any person wanting the complete service of bills, Journals, and amendments daily must pay \$35.00 as in the past. Daily mailing of bills and amendments only will be \$20.00. Daily mailing of the Journals will be \$15.00.

Any person wanting only the first reading of the bills must pay \$5.00. These will be sent in bundles every 4 or 5 days.

Any person wanting the Journals must pay \$5.00.

Persons wanting first reading of bills and Journals pay \$10.00 for the duration of the session.

Any person may request individual copies of bills or Journals for a specific day free of charge.

Public libraries may request first reading of bills (without amendments) and Journals free of charge.

Mr. Carpenter moved the adoption of the above report.

Mr. Ruhnke moved to amend the motion to include, "that the Clerk be instructed to send a copy of this report informing all of those who have received the bills, amendments and Journals in the past session, unless there are objections by the individual Senator."

The Ruhnke amendment was adopted.

The Carpenter motion, as amended, was adopted.

LEGISLATIVE RESOLUTION 6. Re: Annual Reports of State Departments.

Introduced by Henry F. Pedersen, Jr., 4th District.

I move, that there be a Resolution of this Legislature to inform the Governor of this State that the departments of the executive branch are not following the law of this State concerning annual reports of their departments. That these departments are printing hundreds of additional copies of their reports, making them much more elaborate than is necessary, and that is resulting in the waste each year of public money which could better be used to solve some of the problems of this State, and that any request to the Legislature or any of its committees for funds for the departments wasting money on these reports will have this fact considered in its request for funds.

LEGISLATIVE RESOLUTION 7. Re: Interim Study-Joining Offices of County Government of More Than One County.

Introduced by Henry F. Pedersen, Jr., 4th District.

I move, that there be a Resolution of this Legislature to refer to the Legislative Council for an interim study the possibility of joining together the offices of county government of more than one county so that it will result in activities of county government, such as the Treasurer, Assessor, Clerk, Superintendent of Schools and other offices, becoming merged into units of more than one county so that economy as well as increased services be the final result and not having the plan to be permissive, but rather mandatory.

Referred to the Executive Board of the Legislative Council.

ONE HUNDREDTH DAY

Legislative Chamber, Lincoln, Nebraska

Wednesday, June 2, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Deliver us, our Father, from futile hopes and from clinging to lost causes, that we may move into ever growing calm and ever widening horizons. Keep us alive to the needs of this hour, that we may be moving in the right direction and giving our attention to the right voices. Where we cannot convince, let us be willing to persuade, for small deeds done are better than great deeds planned. We know that we cannot do everything. But help us to do something. For Jesus' sake. Amen.

The roll was called and all members were present except Messrs. Nore and Stromer, excused for the day, and Mr. E. Rasmussen, excused until 9:20 a.m.

Friday, June 4, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

O God, as we marvel this morning at our nation's accomplishments in space, the ability to guide a vehicle around the earth, we are reminded that thou dost guide nations as well as planets, and that we need not doubt thy power or willingness to guide us.

Give us the faith to believe that when God wants us to do or not to do any particular thing, God finds a way of letting us know it. May we not make it more difficult for Thee to guide us, but be willing to be guided by Thee, that Thy will may be done in us and through us, for the good of all in our land. Amen.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION**ONE HUNDRED-THIRD DAY**

Legislative Chamber, Lincoln, Nebraska
Monday, June 7, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Lord, we are ashamed that money and position and loud voices speak to us more strongly than does the simple compassion of the human heart. Help us to care, as thou dost care, for the many little people who have no lobbyists, for the minority groups who need justice, for those who bear their difficulties in quiet. May it be the glory of our government that not only the strong are heard but also the weak; not only the powerful but the helpless; not only those with influence, but also those who have nothing but a case and an appeal. May we put our hearts into our work, that our work may get into our hearts. Amen.

The roll was called and all members were present.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, June 8, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our heavenly Father, when we have prayed for guidance and it comes, let us not think it strange if it be something we would not have thought of, for Thy thoughts are not our thoughts, and our way is not Thine. Make us eager to know Thy will and Thy way of dealing with situations, rather than devising our own plans and asking Thee to bless them. Then shall we discover how much better is Thy way and how happy they are who walk in it. Through Christ our Lord. Amen.

The roll was called and all members were present except Mr. Mahoney excused for the day and Mr. Carstens excused until 10:30 a.m.

RESOLUTIONS**LEGISLATIVE RESOLUTION 55. Re: Study of Public Employee Retirement Systems**

Introduced by W. H. Hasebroock, 16th District; Fern Hubbard Orme, 29th District and John E. Knight, 26th District.

WHEREAS, several different retirement systems have been established in Nebraska covering state and local public employees; and

WHEREAS, many bills are introduced at each session of the Legislature proposing changes in these retirement systems; and

WHEREAS, these proposals are often of a technical nature and may have long-range effects on the plans and the employees' ultimate benefits; and

WHEREAS, it is known that some of the retirement plans are actuarially unsound and that unfunded liabilities have been accumulating; and

WHEREAS, study should be undertaken now to try to determine how any new retirement plans which may be established in the future are generally desirable and fully funded; and

WHEREAS, it is desirable that a complete survey and inventory be made of these retirement systems as they will exist at the end of this legislative session.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That the Executive Board of the Legislative Council appoint a committee to make a study and survey of existing public employee retirement systems in Nebraska.

2. That a final report be prepared explaining the details of these plans, how they are financed, whether or not they are funded, their coverage, and any weaknesses which may be found in them.

3. That the committee make its report, together with any recommendations, to the Legislative Council and the 1967 Nebraska Legislature.

Referred to the Executive Board of the Legislative Council.

LEGISLATIVE RESOLUTION 56. Re: Power of Lieutenant Governor to Vote on Final Reading When the Legislature is Equally Divided

Introduced by Terry Carpenter, 48th District and Kenneth L. Bowen, 37th District.

WHEREAS, the Constitution of the State of Nebraska provides that, "No bill shall be passed by the Legislature unless by the assent of a majority of all members elected," and

WHEREAS, the Constitution further provides without qualification that the Lieutenant Governor shall preside over the Legislature, "but shall vote only when the Legislature is equally divided", and

WHEREAS, these provisions have given rise to the question of whether the Lieutenant Governor may effectively vote on final reading for passage of bills where the vote of the members present is tied at 24 to 24, and

WHEREAS, the Supreme Court of Nebraska has never had an opportunity to pass upon this question and the decisions of courts of other states are not clear or decisive on this point, and the Supreme Court of the United States has declined to pass on the issue on the ground that the members of the court were equally divided on whether the point was a purely political issue rather than an issue for the courts.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That insofar as it is within the power of this body to decide the issue under the Constitution, including the power to determine the rules of its proceedings, we do affirm our interpretation of the Constitution that the Lieutenant Governor does have the power to effectively vote on final reading where this body is divided 24 to 24, and that his affirmative vote under such circumstances shall effect the passage of the bill.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, June 9, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.
Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

Hear, O God, the earnest prayers of the senators gathered for this sacred moment of prayer, and deepen our feelings of unity and fellowship as we pray with them and for them. Give us wisdom to see that no good life comes without right discipline. Give us the grace to impose it upon ourselves, lest others do it for us. Help us to discipline our speech, that we may seek clarity rather than cleverness and sincerity instead of sarcasm. Help us to discipline our thinking and our actions, that in this place the world may see democracy at its best and us at our best for democracy and for Thee to use us. In the name of Christ, Thy Son. Amen.

The roll was called and all members were present.

LEGISLATIVE RESOLUTION 58. Re: Public Power

Introduced by the Committee on Public Works; Rick Budd, 2nd District; C. F. Moulton, 8th District; Arnold Ruhnke, 31st District; Rudolf C. Kokes, 41st District; Chester Paxton, 40th District; Peter H. Claussen, 18th District and C. W. Holmquist, 14th District.

WHEREAS, it is the considered judgment of the Public Works Committee of the 1965 Nebraska Legislature that there exists in the State of Nebraska real controversy among segments of the public power entities of the state, particularly in the fields of generation, transmission and retail sales; and

WHEREAS, the 1963 Nebraska Legislature created the Nebraska Power Review Board for the purpose of eliminating duplication and overlapping of electric services, improving efficiencies of operation, promoting long-range planning by the utilities of the state and to act in an advisory capacity in the matter of electric rates.

Now therefore be it resolved by the Public Works Committee that after holding public hearings on the numerous power bills submitted to the 1965 Legislature and referred to the Public Works Committee, recommends that:

1. As soon as possible the power controversies existing in the state be concluded by having the generation and transmission of electricity be placed insofar as may efficiently be done under one newly created Public Power Agency.

2. That the new Public Power Agency should by law be required to divest itself of its retail customers as soon as possible consistent with present bond conditions.

3. That if items 1 and 2 immediately above are not found acceptable by the Legislature that consideration be given to expanding the authority of the Power Review Board for the same purposes as those above mentioned.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, June 10, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Lord Jesus, as we pray for the members of this body, its officers and all those who share in its labors, we remember that thou wert never in a hurry and never lost thy inner peace even under pressure greater than we shall ever know. But we are only human. We grow tired. We feel the strain of meeting deadlines, and we chaff under frustration. We need poise and peace of mind, and only thou canst supply the deepest needs of tired bodies, jaded spirits, and frayed nerves. Give to us thy peace and refresh us in our weariness, that this may be a good day with much done and done well, that we may say with thy servant Paul: "I can do all things through Christ who gives me strength." Amen.

LEGISLATIVE BILL 482. Placed on General File as amended.

Standing Committee amendments to LB 482:

1. Amend the bill by striking sections 1 to 12 and inserting the following:

"Section 1. It is the intent and purpose of the Legislature, in enacting this act, to provide for the establishment of a state system of vocational technical schools for the State of Nebraska in order to satisfy the rapidly expanding need for vocational technical education. Individual area schools shall become a part of a state system in the order in which they are established and shall receive state assistance as funds for that purpose are appropriated by the Legislature. In providing for the inclusion of area schools in the state system, the Legislature shall require local participation in the cost of acquiring the necessary land and acquiring or construction of the necessary buildings. The Legislature encourages the initiative of educational service units and counties in the expansion of any program of vocational technical education which they might now be offering and the addition of such programs to the extent feasible where none is now being offered.

Sec. 2. A student not residing within the geographical boundaries of an area vocational technical school shall be allowed the privileges of a resident student, providing the school district or educational service unit board within which the student resides contracts with the vocational technical school to pay proportionate share of the per-student cost as is being paid by the taxpayers of the area vocational technical school. If the school district or educational service unit board fails to contract with a student, such student may contract with the vocational technical school and pay the proportionate share of the per-student cost as is being paid by the taxpayers.

Sec. 3. The Legislature shall appropriate a sum not to exceed five hundred thousand dollars in a biennium, which shall be used to assist in the establishment and operation of area schools. In order to be eligible to receive their share of such money, the local area must contribute at least one hundred thousand dollars per biennium, which then will be matched by one hundred thousand dollars from the state. The schools must be approved by the State Department of Vocational Education.

Sec. 4. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law."

ONE HUNDRED-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, June 14, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

O God, who dost love us all so much that Thou didst send us Jesus Christ for the illumination of our darkness and the salvation of our souls, give us wisdom to prophet by the words he spoke, faith to accept the salvation he offers, and grace to follow in His steps. As Christ said: "When you stand praying, forgive if ye have aught against any," O God, give us grace now so to do. As Christ said: "It is more blessed to give than to receive," O God, give us grace today to think not of what we can get, but of what we can give. As Christ said: "Judge not, that ye be not judged," O God, give us grace this day first to cast out the beam out of our own eyes before we regard the mote that is in our brother's eyes. And when we find it hard to be humble, hard to forgive, O Lord, remind us how much harder it was to hang on the cross. Amen.

The roll was called and all members were present except Messrs. Carstens and Craft excused; Mr. Adamson excused until 10:00 a.m. and Mr. E. Rasmussen excused until 9:30 a.m.

RESOLUTION

LEGISLATIVE RESOLUTION 60. Re: Repeal of Section 14-B of the Taft-Hartley Act

Introduced by Albert A. Kjar, 39th District; Chester Paxton, 40th District and Ira E. Paine, 35th District.

WHEREAS, the people of the State of Nebraska in the year 1946, by initiative referendum adopted by a vote of 212,443, to 142,702 amendments to the Constitution of the State of Nebraska now designated sections 13, 14 and 15 of Article XV which provide in part that: No person shall be denied employment because of membership in or affiliation with, or resignation or expulsion from a labor organization or because of refusal to join or affiliate with a labor organization; nor shall any individual or corporation or association of any kind enter into any contract, written or oral, to exclude persons from employment because of membership in or nonmembership in a labor organization; and

WHEREAS, the Legislature of the State of Nebraska in the year 1947 adopted sections 48-217, 48-218 and 48-219 of the statutes of Nebraska which provide in part that: To make operative the provisions of sections 13, 14 and 15 of Article XV of the Constitution of Nebraska, no person shall be denied employment because of membership in or affiliation with, or resignation or expulsion

from a labor organization or because of refusal to join or affiliate with a labor organization; nor shall any individual or corporation or association of any kind enter into any contract, written or oral, to exclude persons from employment because of membership in or nonmembership in a labor organization; and

WHEREAS, section 14-B of the Taft-Hartley Act of our federal statutes provides that states may forbid agreements requiring membership in a labor organization as a condition of employment; and

WHEREAS, President Johnson has recently sent to Congress a message urging the repeal of section 14-B of the Taft-Hartley Act which would have the practical effect of invalidating the right-to-work laws of Nebraska and other states having these statutes; and

WHEREAS, the citizens of Nebraska desire to retain their right-to-work law and believe that each state should have the right of self-determination in this regard.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That the Nebraska Legislature reaffirms its belief in the necessity of sections 13, 14 and 15 of Article XV of the Nebraska Constitution and the statutes implementing these sections.

2. That the Nebraska Legislature disagrees with the efforts of the present National Administration to take from the states the right to self-determination in this area.

3. That the Nebraska Legislature forward printed copies of this resolution and the position of the State of Nebraska to all members of Congress.

Message from the Governor

June 14, 1965

The President, the Speaker,
and Members of the Legislature:

This is to inform your honorable body that on June 12, 1965, I approved Legislative Bill 339; and on June 14, 1965, I approved Legislative Bills 613, 226, 879, 476, 459, 443, 262, and 752.

I am permitting Legislative Bill 515 to become law without my signature for the reason that, while I am in sympathy with the intent of the bill, the Attorney General has raised some serious questions with reference to its constitutionality and enforceability.

Respectfully,
(Signed) Frank B. Morrison
Governor

Pursuant to adjournment, the Legislature met at 8:30 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, before we become involved in the routine of the day, we pause to seek thy help. Experienced in the ways of men, we know all too little of the ways of God. But thou knowest us, each one of us, by name and by our needs. Turn our wayward minds and hearts to Thee. Forgive the faults and failures of the past and set us free from them. Forgive our failure to apply to ourselves the standards of conduct we demand of others. Forgive our slowness to see the good in our fellows and to see the evil in ourselves. In our differences may we be kind; in our agreements may we be humble, that Thy will may be done in us, and through us in our beloved state. For Jesus' sake. Amen.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED-ELEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, June 17, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

We confess, O Lord, that we think too much of ourselves, for ourselves and about ourselves, and often our voting reflects what we feel would personally be best for us rather than what we conceive to be the best for the most of us. This morning help us to contemplate the meaning of the Golden Rule: "Do unto others, as you would that others should do unto you." If our Lord had thought about Himself, we would not now be bowed in prayer, nor have the liberty in which and for which to pray. If the great men whom we honor for their part in building our nation had thought about themselves first, we would have no free republic today. Help us to see that the letter I is in the middle of sin, and let no man among us think more highly of himself than he ought to think, but help us to walk in the ways of justice, morality, equality, integrity, which Thou hast set before us, to the end that we may be used of Thee in Thy service for the good of all mankind. Through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Mr. E. Rasmussen who was excused.

Pursuant to adjournment, the Legislature met at 8:30 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, when we long for life without trials and work without difficulties, remind us that oaks grow strong in contrary winds and diamonds are made under pressure. With stout hearts may we see in every problem an opportunity, and not give way to the pessimism that sees in every opportunity a problem. Knowing that thou art still upon the throne, let us get on with the job at hand, doing the best we can and leaving the rest to Thee. Help us to show ourselves to be good workmen who need not be ashamed, rightly dividing the word of truth. This we ask in Jesus' name. Amen.

Monday, June 21, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

O God, with summer now upon us, and the days going by so rapidly, give us the determination to use each day, and not waste time. Let us not be content to wait and see what will happen, but give us the determination to make the right things happen. While time is running out, save us from impatience, which is akin to cowardice. Give us the courage to be either hot or cold, to stand for something lest we fall for anything. In Jesus' name. Amen.

The roll was called and all members were present except Mr. R. Rasmussen, who was excused for the day.

When any person operating a bus shall have been continuously on duty for sixteen hours, he shall be relieved and not be permitted or required to again go on duty without having at least ten consecutive hours’ rest off duty, and no such operator, who has been on duty sixteen hours in the aggregate in any twenty-four hour period, shall be required or permitted to continue or again go on duty without having had at least eight consecutive hours off duty”.

2. Amend the title to conform.

Mr. Proud offered the following amendments which were adopted:

Amend Section 1 of the standing committee amendment by adding a new paragraph as follows:

"All such school boards and boards of education shall also cause such buses to be inspected at least twice during each calendar year by the Nebraska Safety Patrol. The Nebraska Safety Patrol shall thoroughly inspect every bus as to brakes, lights, windshield wipers, window glass, tires, doors, heaters, defrosting equipment, steering gear, and the mechanical condition of such bus bearing upon the safety thereof as a means of transportation. Within five days after such inspection, the Nebraska Safety Patrol shall make a report of its inspection in writing, and file one copy of such report with the school board or board of education, as the case may be, and file one copy with the Department of Education".

Mr. Pedersen offered the following amendment which was adopted:

Amend LB 99 by inserting at the end of Standing Committee amendment 1 the following:

"If the inspection discloses any defect in equipment bearing upon the safety of a bus as a means of transportation, the bus shall immediately be removed from service until such defects are corrected to the satisfaction of the School Board. Failure to remove the bus from service shall cause the person violating this provision to be guilty of a misdemeanor and upon conviction be punished as provided in subdivision (12) of Section 79-328."

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED-FOURTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, June 22, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

O God, be merciful when we pray with half our heart or listen with half our mind, and pity us that we are torn as we are, and bedeviled with compromises. Vainly we long for life without such difficult decisions, yet we know that we have only ourselves to blame for the tensions in which we live. We need to pray that our own eyes be opened to the truth. Deliver us from the reservations that would pray: "Thy Kingdom come - but not yet; Thy will be done on earth - by other people." Help each one of us to see that if Thou art to lead our State, Thou must be permitted to lead us. If Thy will is to be done, we must do it. O God, most merciful, consider not our cowardice but forgive our failings. Hearken to those prayers of our hearts which come to us in high moments when we forget ourselves and think of Thee. Amen.

The roll was called and all members were present.

Governor's Address

June 22, 1965

Honorable Philip C. Sorensen
Lieutenant Governor and Presiding Officer

Nebraska Legislature
Lincoln, Nebraska

I have received from you the following communication:

"This is to inform you that by motion duly adopted, the Legislature has invited you to inform them either by letter or in person of your objections to LB 797 and LB 890 and their relationship to each other."

In response thereto, you and your body have long known my support for L.B. 890 and the building fund so essential to Nebraska's responsibility to its citizens. This state has too long avoided a long-range, comprehensive, necessary and systematic building program, particularly at our state institutions of higher learning as well as at other state institutions, and L.B. 890 offers a comprehensive, systematic approach to this responsibility.

L.B. 890, as approved by your honorable body, according to the records in the office of the Clerk of the Legislature, contains a provision for implementation which reads as follows:

"The State Building Fund shall consist of the proceeds of a tax of three and two-tenths of a mill on the dollar upon the assessed value of all the taxable property of the state, except intangible property. Such tax shall be levied in the year 1965 and annually thereafter to the end of the fiscal year, June 30, 1971."

Article VIII, Sec. 1A, of the Constitution of the State of Nebraska reads as follows:

"When a general sales tax, or an income tax, or a combination of a general sales tax and income tax, is adopted by the Legislature as a method of raising revenue, the state shall be prohibited from levying a property tax for state purposes."

Legislative Bill 797, which your records show was adopted by the Nebraska Legislature as of June 22, 1965, contains a provision which reads as follows:

"(1) Effective January 1, 1967, a tax is hereby imposed on the net income of every person and corporation subject to taxation in accordance with the provisions of this act . . ."

Section 3 of said Legislative Bill 890 reads as follows:

"The Governor shall be responsible for developing a schedule of construction for the construction projects outlined in section 2 of this act so as to avoid conflicting schedules for funds between the various agencies. Such schedule shall be based on the

projects provided for in section 2 of this act to be commenced according to the availability of funds subject to appropriations by the Legislature.”

In view of the fact that L.B. 890 provides for a method of financing and reposes in the Governor the responsibilities hereinbefore recited, those responsibilities cannot and could not be discharged by me in the event L.B. 797 is allowed to become law.

It is my purpose to announce to you in advance that I would have no alternative but to veto Legislative Bill 797 in its present form, because it would make mechanically impossible the implementation of Legislative Bill 890 adopted by your honorable body on June 21, 1965.

My position with reference to tax levies has never changed since I became Governor. The original and final responsibility for the adoption of revenue measures rests exclusively with the Legislature, but the Governor would be prevented by L.B. 797 from carrying out the responsibilities outlined in L.B. 890. It becomes necessary in the exercise of my duty as Governor that I point out to you the problem herein presented.

Respectfully yours,

(Signed) Frank B. Morrison
Governor

The Committee escorted Governor Morrison from the Chamber.

Adjournment

At 4:25 p.m., on a motion by Mr. Ruhnke, the Legislature adjourned until 8:30 a.m., Wednesday, June 23, 1965.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED-FIFTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, June 23, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

In this prayer, O God, we come to thee as children to a loving Father. We pray that thou wilt help our senators to face the problems that confront them, not alone by giving them wisdom greater than their own but also by relieving their minds of all other anxieties. May they now turn over to thee loved ones who need the healing touch of the great Physician, with every confidence that thou wilt hear our prayers of intercession, and as we do the work that is before us, thou wilt do thy work of healing in those whom we love. May thy help be so plain and practical in our family affairs that we shall come to believe strongly in the help thou dost offer in our State Affairs. Deliver thy servants from personal worries, that they may be able to give themselves wholly to the challenges of this hour. In Jesus' name we ask it. Amen.

The roll was called and all members were present except Messrs. Adamson and Danner, excused for the day, Mr. Carstens, excused for the morning, Mr. D. Payne, excused until 8:50 a.m., and Mr. Stromer, excused until 9:05 a.m.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED-SIXTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, June 24, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, help us to understand that when we try to live without Thee, we are unable to live with ourselves; and when we say no to Thee we are denying our own best interest. Whatever other rewards or punishments Thou hast ordained, we are finding out that we cannot do wrong and feel right, for there is a law within Thy universe that acts around us and in us. Give to each one of us, we pray, that intelligent self-interest that shall persuade us to do Thy will. Teach us that obeying Thee and Thy will is a forced option - like eating. We do not have to eat, but if we do not we cannot live. We are not forced to obey Thee, but if we do not, we hurt ourselves. Convict us of the folly of walking against Thy lights, that we may live longer and better. By the mercy and grace of Jesus Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Bowen, Claussen, Craft, Fleming, Hasebroock, Holmquist, Kokes, Nore, Ruhnke and Wallway, who were excused.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED-SEVENTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, June 25, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

O God, we turn to Thee in the faith that Thou dost understand and art very merciful. Some of us are not sure concerning Thee; not sure how Thou dost reveal Thy will to us; not sure that it is possible for us to know, in every decision, just what Thou desirest Thy servants to do. But if we could say, "This is what God wants us to do," none would vote against it, and how much time and temper and money would be saved. Make each one of us willing to yield himself to Thee in prayer and obedience. Come and deliver us, O Holy Spirit, for we have no hope in ourselves. Amen.

The roll was called and all members were present except Messrs. Carpenter, Gerdes, Mahoney, Paxton, D. Payne, R. Rasmussen, Skarda, Wallwey and Wylie, who were excused; Mr. Whitney, excused until 8:40 a.m., and Mr. Bauer, excused until 9:00 a.m.

ONE HUNDRED-EIGHTEENTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, June 28, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

We unite our hearts, O God, in this prayer that Thou wilt teach us how to trust in Thee as a heavenly father who loves us and who is concerned about what we do and what we are. Forgive us if there are times when we find it hard, when it ought to be so easy. It is not that we have no faith, but that we seem so reluctant to put our faith in Thee. Men have proved to be untrustworthy, yet we trust each other. Banks have failed, still we write our checks. Depressions have upset our economy, still we carry on business in faith. Storms have made the winter dreary, yet with the coming of spring we plant our seeds. Hurricanes have screamed across the land, yet we build our windmills. Give to us the faith to put our trust in Thee who dost hold in the hollow of Thy hand all things living. May we learn, before we blunder, that Thou art willing to lead us, to show us what to do, and that it is possible for us to know Thy will and to be partners with Thee in doing what is right. This we ask in the name of Christ, who never made a mistake. Amen.

Prayer

We are glad, our Father, that troubles are like cannibals - the big ones eat up the little ones. But may it not be so with our duties and responsibilities. Help our senators to keep a sane perspective, lest the big issues overshadow the lesser ones, and they fail to do Thy will with them. In all things, big and little, reveal to us Thy wisdom and Thy love. Through Jesus Christ our Lord. Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 65. Re: Freedom of Speech

Introduced by Richard F. Proud, 12th District and Eric Rasmussen, 32nd District.

Whereas one of the most sacred freedoms which we in this state and in this country possess is freedom of speech;

And whereas this freedom has been, throughout the years, zealously guarded by our constitution and by the legislature itself;

And whereas hand in hand with this freedom there must go or should go an equal sense of responsibility to be exercised not only by the citizens of this state, but by the powerful and persuasive news media which convey that speech to the citizenry in general and which play so vital a part in the formation of public opinion;

And whereas through the amalgamation of the large daily newspapers throughout this country and the consequent diminution of their numbers, their growing circulation, power and affluence have become increasingly apparent;

And whereas in the state of Nebraska in recent months this power has been sometimes used in an indiscriminate and irresponsible manner;

Now, therefore, be it resolved that the people of this state, through their duly elected representatives, in this 75th session of the Nebraska Unicameral assembled, make known to these news media, by the passing of this resolution, that with freedom goes responsibility and that the most certain way to lose that freedom is to use it flagrantly and without regard to the one fundamental and basic tenet which should, in a free society, guide us all. That basic tenet was, is and ever will be—*the truth*.

(1) The election commissioner or county clerk, as the case may be, shall provide for a general registration of all the voters of the county, and in any county having a population in excess of thirty thousand inhabitants according to the most recent federal decennial census, and which has adopted county zoning regulations as provided in sections 23-161 to 23-174.09 any county having a population of twenty thousand inhabitants or less according to the most recent federal decennial census the county clerk, with the consent of the county board, may provide for such general registration. The permanent registration register shall be kept in duplicate. The original registration register shall remain in the office of the election commissioner or county clerk as the case may be. The duplicate registration register shall be taken to and used in the various election districts for election purposes.

(2) Any person properly registering as a voter, as provided for by subsection (1) of this section, shall not be required to again register in such county unless he or she changes his or her name or residence, changes his or her name by reason of marriage, or for other reason. When any registered voter shall change his or her residence from one voting district to another, or shall change his or her name by reason of marriage or otherwise, such change of residence or change of name shall operate as a cancellation of his or her registration, and he or she must again register before he or she shall be permitted to vote.

(3) The office of the election commissioner or county clerk in any county which has provided for general registration shall remain open during the usual business days of the entire year for purposes of general registration and revision, as required by subsection (1) or (2) of this section, and for the transaction of the business of such office. Such registration and revision shall be carried on and held open at all times during the regular business hours of the election commissioner's or county clerk's office, as the case may be, to and ending at five p.m. on the second Friday preceding any election.

(4) In addition to his office, the election commissioner or county clerk may provide such other places of registration as in his judgment the best interests of the service may require, which other places shall be open at such times and during such hours as he may direct. Notice of such places of registration shall be given by publication in two of the leading newspapers of general circulation in the county.

Sec. 2. That section 32-233, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

32-233. (1) In all cities having a population of more than seven thousand and less than forty thousand inhabitants located in counties not having general registration, a general registration of all voters shall be had, which shall be subject to revision prior to each general election.

(2) There shall be a general reregistration in 1956 before the primary election, which shall be considered a permanent registration of those so registering, and any person so registering shall not be required to register again in any such city unless he or she has failed to vote at two consecutive general elections, unless he or she has changed his or her residence from one voting district in the city to another, or has changed his or her name and within the prescribed time before the next ensuing election has not made the correction of his or her new name or address in the manner prescribed in section 32-256.

(3) When any registered voter shall change his or her residence from one voting district in the city to another, or shall change his or her name, such change of residence or change of name shall automatically operate as a cancellation of his or her registration unless he or she shall have corrected the description of his or her residence or his or her name within the aforesaid prescribed time, as provided in subsection (2) of this section and any other provisions of the statutes applicable thereto, as it appears on the registration books to correspond with the new place of residence or with the new name as provided in section 32-256, and he or she must again register before he or she shall be permitted to vote. Likewise the failure of any registered voter to vote at two consecutive general elections shall automatically cancel his or her registration.

(4) The reregistration, referred to in subsections (2) and (3) of this section, or the registration of new voters in such cities shall be conducted in the same manner, insofar as possible, as the general reregistration in the year 1956 was conducted.

Sec. 3. That original section 32-233, Reissue Revised Statutes of Nebraska, 1943, and section 32-216, Revised Statutes Supplement, 1963, are repealed.”

Prayer was offered by the Chaplain.

Prayer

Our Father, we turn to Thee because we are greatly vexed with our own thoughts. Our minds plague us with questionings we cannot answer, and history confronts us with responsibilities we cannot evade. Who among us is sufficient for these things? We are humbled by our experience of conflicting statements and driven by pressure to act before we are sure what Thou wouldst have us do. Thou knowest our deadlines as Thou knowest our need. We cannot push Thee, for Thou would not be hurried. But only Thou canst keep us from being pushed. Give us, therefore, the unhurried mind and the untroubled heart, by the mercies of Christ our Lord. Amen.

Speaker

President Sorensen appointed Messrs. Bowen, Bauer, and Warner to escort Mr. C. Petrus Peterson to the rostrum. Mr. Peterson addressed the Legislature.

It is a real pleasure for me to stand before the members of the 1965 Session of the Legislature. I greatly appreciate your invitation to appear.

It is 50 years ago that I first served as a member of the old bicameral Nebraska Legislature and thereafter served a total of seven sessions. It follows that I have been reasonably familiar with Nebraska Legislatures for more than half of the century we hope to celebrate in 1967.

It is rather interesting to observe the tenacity of some problems. For instance, in 1915, we had a legislative committee investigating the finances of the University. With a regularity that is impressive, similar inquiries have been repeatedly undertaken.

In 1915 we enacted the first "Small Loan" law providing that licensed lenders could charge interest at the then usury law rate of 10% plus and a brokerage fee of an additional 10%. There was this difference between 1915 and recent years. The supporters in 1915 were not money lenders. They opposed the legislation. The supporters were socially minded people who desired to rescue the necessitous borrowers from the "Loan Sharks".

While there has been a constant barrage of fault finding by people outside of the Legislature, generally from people who either want something they are not entitled to or who want the burdens resting on them transferred to other people, the Legislative record justifies a vote of confidence and a recognition of the sacrifice made by Legislators in discharging their responsibilities. Nebraska has an enviable record of clean and honest government.

During the five decades we have had many examples of fine executive leaders with only a few would-be leaders given to straddling high fences until it became imperative, even if embarrassing, to climb down without knowing on which side of the fence to choose.

The members of the Legislature are not intended to be an oligarchy of law givers who have been on some Mt. Sinai from which they have returned with God given tablets of law and sitting as technical experts to prescribe for the ailments of society. The Legislature neither is, nor is it intended to be, a brain-trust. It is, as it ought to be, an assembly of representatives of a free people. It is humanity itself struggling with its own problems, economic, industrial, or social.

Your sessions are too long, partly due to the practice adopted at the time when the first Unicameral system was put in operation, among which was the decision to hear every bill in committee after public notice of the time and place. This was designed to set at rest the then existing fear that, with a single house, legislation would be rushed through with excessive speed, without proper notice and deliberation, I suggest that, by now, the fear of excessive speed no longer is evident. I have observed with interest your current use of a unanimous consent file which I tried to establish while a member of the Unicameral but failed to obtain sufficient support.

The other reason for long sessions is the very large number of bills introduced.

I recognize that there is in your midst some who evidence a super-man capacity to beget and to father an extraordinary number of mental offspring and yet I suspect a sizeable percentage of your 900 bills are so called "request bills", a species of illegitimate progeny to which members of the Legislature sustain only putative parenthood.

Under the old Bicameral system, we had what we called "Cold Storage". Bills which the committee deemed unimportant were sent to "Cold Storage" while we acted on the other bills. At a date later in the session, a motion would be made that all bills remaining in committee on a specified date would be indefinitely postponed. This took care of what was left in cold storage.

If the "General File" was then unreasonably long, we selected a "sifting committee" to place the bills in the order of their importance and if some were left when our farmer members felt the urge to get back in the fields, another motion was made that all bills on general file at a time specified would be indefinitely postponed.

If there was ever any great outcry because some bills fell by the wayside I did not hear about it. There was a general sigh of relief when the Legislature adjourned.

I join with the vast majority of the people in Nebraska in congratulating you on your endurance in your conscientious discharge of your duty. If my own experience is typical, when you get home your constituents will tell you in detail what, in their opinion, you have done which you ought not to have done or what you left undone which you ought to have done, and your real reward will be your own consciousness of having had a real part in the actual operation of the best system of government mankind has so far developed, where all ideas, good ideas, crack pot ideas, selfish ideas, revolutionary ideas and bad ideas are all freely presented, debated and disposed of.

Humanity has learned, I think, that while you may be required to endure some unpleasant odors from oratorical hot air, it is as true in government as in the laboratory you avoid an explosion if you resist the temptation to put on a tight lid.

So let us dream our dreams, enact our laws, strengthening our state and endure the clatter of conflicting opinions, and remain calm while the worldwide conflict among nations rages at our 20th Century Armageddon, in spite of suspicions, animosities, disappointments and misunderstandings which plague the councils of men until the day comes when this little planet on which we ride among the stars rolls out of the shadows into the sunlight and there is Daybreak everywhere.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED-TWENTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, July 1, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by Rev. Carl A. Burkhardt.

Prayer

We look to thee, Our Heavenly Father, for life and strength in this day. At its beginning we seek the blessing of thy spirit upon this body and upon the work which is theirs to do today.

We give thanks for the serious concern with which they have worked in days past. For their devotion to duty and the dedication with which they have faced the difficult decisions which confront our state.

Deliver us, O God, from the fear of the future, from the paralyzing fear of change, from the fear of challenges and sacrifice. Free us also we pray from the arrogant spirit which makes us too sure of ourselves. Give us enough uncertainty to drive us back again to seek the guidance of thy truth and the blessing of thy love.

For the sake of thy holy will, we pray. Amen.

The roll was called and all members were present except Messrs. Adamson and Moylan who were excused.

On the commencement of the procedure to reorganize the new district under the provisions of this act, the county reorganization committee shall appoint an interim board consisting of six persons appointed from within the proposed new district, which interim board shall have the power of the board of education of any such new district in order that said interim board may negotiate with the board of education of the established district to formulate together the submission of the proposition of joint action to be voted upon by the voters of the respective districts. At the same time that the proposed plan of reorganization shall be submitted at a special election pursuant to section 79-426.15, Revised Statutes Supplement, 1963, the interim committee shall submit the question of joint action between the established district and the proposed new district to the voters of the proposed new district. RESOLUTIONS

LEGISLATIVE RESOLUTION 70. Re: Schedule of Suggested Values For Property Taxation

Introduced by Lester Harsh, 38th District and Terry Carpenter, 48th District.

WHEREAS, one of the basic guarantees of our Constitution is equality; and

WHEREAS, at the present time some persons are now required to use suggested values item by item when they assess their property.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That the Tax Commissioner use a uniform method of valuing property for taxation and that all taxpayers report their property based on values as required by law.

2. That all taxpayers be required to report all classes of property for tax purposes according to a schedule of suggested values prepared by the Tax Commissioner, but no person shall be required to report his property for taxation from a schedule of suggested values until all classes of property are required to be reported from a schedule of suggested values as prepared by the Tax Commissioner.

LEGISLATIVE RESOLUTION 71. Re: Study to Determine if the State Can Act as Refinancing Agent For Outstanding Bonds Against Existing Public Power Districts.

Introduced by Terry Carpenter, 48th District.

WHEREAS, Legislative Bill 764, which provides for the consolidation of three public power districts into a grid system, in part provides for the refinancing, if desirable, of the outstanding bonds as they now exist; and

WHEREAS, such refinancing is necessary in order to eventually consolidate the three present districts into one operating identity, under the direction and supervision of one board; and

WHEREAS, to accomplish this ultimate purpose would require one of the largest, if not the largest, financial transactions in the history of a part of state government; and

WHEREAS, it is an accepted fact that those who, in the past have refinanced or financed such operations, to some unknown degree control to a large degree the future methods and operations of such consolidated districts; and

WHEREAS, it is further admitted that such operations are highly technical in nature and somewhat restricted to those who participate particularly in view of the amounts involved.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That the Legislative Council appoint a committee of five members to make a study with the viewpoint of protecting the public interest, with full authority to proceed in whatever area is necessary to obtain information, facts, and knowledge to the extent that it can make recommendations as to whether or not it is feasible, practical, and constitutional for the state to become, either directly or indirectly, the fiscal agent for such refinancing operations, and to make such obligations acceptable in the area of investment of those moneys which the state assumes full control and responsibility for their investment, or as a dispersing agent to provide the means and methods to accomplish the end result; or, as a semipermanent investment of such funds. And, to determine whether or not sufficient funds are available within the investing public of the State of Nebraska to purchase and to hold such financial obligations.

2. That the committee report its findings with recommendation to the next regular session of the Legislature.

Amend line 24 of the Resolution by striking "one hundred thousand" and inserting "one hundred twenty-five thousand".

(Signed) Jerome Warner, Chairman

Statement on LR 62:

July 2, 1965

The purpose of LR 62 was to clean, waterproof, and tuck point the State Capitol Building excepting the tower. It was pointed

out by the proponents that the building has not received any extensive repair of this nature since construction, and that there are numerous areas which show a deterioration of the stone.

It was the feeling of the committee that the preservation of the aesthetic value of our capitol building is a justified and needed repair.

Those appearing for the Resolution were: Senator Henry Pedersen, Linus Burr Smith, Governor Frank B. Morrison, Robert C. Newell, Senator Harold Stryker, and John Hossack. There was no opposition.

The Resolution was advanced to General File by a vote of seven ayes and one absent and not voting.

Prayer

We thank thee, O God, for life - for the individual lives with which each of us has been blessed, for the lives we share with others, and for the lives of all men to whom we are related because of our common humanity. Help us more fully to appreciate life by respecting that one life which we have and by living toward all other lives in loving service. Deepen our sensitivities; broaden our visions that we may perceive how we can serve thee and our fellow man as individual legislators and as this corporate group. Amen.

UNANIMOUS CONSENT—Letters Concerning Sioux Ordnance Depot

Mr. Carpenter asked unanimous consent to print in the Journal two letters concerning the Sioux Ordnance Depot. No objections. So ordered.

July 6, 1965

Mr. Ray Watson
c/o Chamber of Commerce
North Platte, Nebraska

Dear Mr. Watson:

This confirms our telephone conversation today with respect to the availability of and the procedure for acquiring surplus personal property for use by a vocational school in North Platte.

Excess personal property which is not required by any federal agency is determined by GSA to be surplus to the needs of the federal government. At the time the determination is reached, the property is offered by GSA for educational, public health and civil defense purposes including research.

This "donation program" is administered by the Department of Health, Education and Welfare and the property is distributed through State Agencies for Surplus Property. In Nebraska, Mr. Avery J. Lynn is the Director, State Agency for Surplus Property, Department of Education, State Capitol, Lincoln, Nebraska 68509. Mr. Lynn's telephone number is 477-5211, extension 356 (area code 402).

Eligibility of a vocational school to acquire surplus personal property should be established with the Nebraska State Agency for Surplus Property as soon as possible. As soon as eligibility of the vocational school is established, then Mr. Lynn should be advised of the types and quantities of surplus personal property required by the school.

It is our understanding that the closing of the Sioux Ordnance Depot, Sidney, Nebraska, is set for sometime in 1967. The personal property will not be reported to GSA by the Department of Defense for disposal until the Department of the Army and the other military services have completed their screening. We have no information at this time when the Department of Defense will report the personal property to us for disposal.

The procedure for acquiring surplus personal property for educational purposes is as outlined above whether or not the property you require is located at the Sioux Ordnance Depot. We are furnishing a copy of this letter to Mr. Avery J. Lynn so that he will be aware of your interest in acquiring surplus personal property for educational purposes.

If we can be of any further service to you, do not hesitate to contact this office.

Sincerely yours,

(Signed) W. A. Holloway
Regional Administrator

30 June 1965

Honorable George H. Fleming
Nebraska Senate
Lincoln, Nebraska 68501

Dear Senator Fleming:

Thank you for your letter of 29 June 1965 concerning the status of the trade school bill. Congratulations, too, on being able to get the bill out of the committee.

The specific procedure that would make buildings and equipment available for a school prescribes that they must be used to relieve an economic problem of an area affected by the closure of a military installation. Very simply, the Secretary of Defense is concerned about the economic well-being of Sidney and not the balance of the State. Therefore, this would not allow moving the items elsewhere.

The state of Nebraska has a golden opportunity here and one that will not be available for very long. It would be well to act favorably and quickly.

Sincerely yours,

(Signed) Cyril P. Williams

UNANIMOUS CONSENT—Equipment For Trade Schools

Mr. Carpenter asked unanimous consent to request the Governor to immediately contact the Department of Defense and the General Services Administration or any other federal agency which may have control or custody of the equipment at the Sioux Army Depot located in Sidney, Nebraska, and the Hastings Ammunition Depot, in order to obtain possession by the State of Nebraska to be distributed among whatever trade or vocational schools, including the Milford Trade School, which may be authorized by legislation this session, to immediately contact the President of the United States and our Congressional Delegation to see that the equipment is not disposed of for any other purpose until Nebraska's position has been presented.

No objections. So ordered.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED TWENTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, July 13, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., Speaker Bowen presiding.

Prayer was offered by the Rev. Donald D. Hagerty, Jr.

Prayer

We gather, O God, to do thy work. This is thy work, for all that we do in the name of and for the sake of humanity is thine.

We ask this day not for wisdom beyond that with which we have been blessed, but only for fortitude to use that wisdom which already is ours.

Neither do we ask for strength greater than what we now possess, but only for the inspiration to put to work that strength we have.

And we ask not for vision deeper than that which already lies within us, but only for the courage to express and implement that which we know is right.

Bless us, O God, and work through us, that thy work may be done well. Amen.

The roll was called and all members were present except Mr. Burbach excused until 8:45 a.m. and Mr. Stromer excused until 9:00 a.m.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED TWENTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, July 14, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., Speaker Bowen presiding.

Prayer was offered by the Rev. Donald D. Hagerty, Jr.

Prayer

We are humble before thee, O God, as we reflect upon the troubled times in which we live. As we consider the war in Vietnam and its daily escalation, we shudder with fear and dread for the lives and resources that are being spent there. And as we reflect upon civil rights problems in our own country, we wonder if racial justice and harmony will ever be a reality. And we are sobered by the issues we confront in this state, which at times seem beyond solution.

Yet we ask this day not for an escape from these problems but for strength to face them. We ask not for a haven of rest and contentment from the complexities and tensions of this world, but for the will to do our part to solve them. Amen.

The roll was called and all members were present except Mr. Bauer excused until 10:00 a.m., Mr. Danner excused until 9:30 a.m., and Messrs. Marvel and Wallwey excused for the day.

MOTION—Ratification

Mr. Pedersen moved that the presiding officer and the Clerk of the Legislature take whatever action necessary to notify the General Services Administration and the presiding officers of each house of the Congress of the United States that the Legislature of the State of Nebraska ratified the proposed 25th amendment to the Constitution of the United States on July 12, 1965 constituting the State of Nebraska as the first state of the United States to ratify this amendment.

The motion prevailed.

UNANIMOUS CONSENT—Print in Journal

Mr. Pedersen asked unanimous consent that the following opinion of the Attorney General be printed in the Journal. No objections. So ordered.

Senator Henry F. Pedersen, Jr.
Nebraska State Legislature
State Capitol
Lincoln, Nebraska

Dear Senator:

You have requested our opinion regarding the time as of which it should be deemed that the State of Nebraska has ratified the Twenty-fifth Amendment to the Constitution of the United States.

Legislative Resolution No. 72 of the Seventy-fifth Session of the Legislature was voted upon, passed, and signed by the presiding officer of the Senate, on July 12, 1965. However, the resolution was not approved by the Acting Governor until July 13, 1965, at 10:19 a.m.

Rule 15, Section 2 of the Rules of the Nebraska Legislature provides:

“Resolutions which propose amendments to the State Constitution, propose the ratification of amendments to the Federal Constitution * * * or require the approval of the Governor, shall be considered and adopted in the same manner as bills. Const. Art. III, Secs. 13, 14; Art. XVI, Sec. 1.”

L. R. 72 is of such a nature as to require presentation to the Governor. Article IV, Section 15, Constitution of Nebraska; Report of Attorney General, 1963-1964, p. 49.

In *Stadle v. Battle Creek Twp.* (Mich.), 77 N. W. 2d 329, the term “enactment” was defined as giving legislative sanction and executive approval whereby a bill becomes an act or law. Accordingly, it cannot be said that L. R. 72 was enacted (in the sense of having force and effect under Nebraska law) until July 13, 1965, at 10:19 a.m.

Be that as it may, it can very properly be said that the Twenty-fifth Amendment to the Constitution of the United States was in fact ratified by the Nebraska Legislature on July 12, 1965, notwithstanding the fact that such ratification did not become effective until the signature of the Acting Governor was affixed to L. R. 72 on the following day. By the terms of L. R. 72, it is resolved that the Twenty-fifth Amendment to the Constitution of the United States “be and the same is hereby ratified.” The official Legislative Journal attests to the fact that L. R. 72 was adopted on July 12, 1965, by a vote of 47 ayes, 0 nays (2 not voting). Also, the resolution itself bears the certification of the Clerk of the Legislature to the effect that the resolution was “originated in and passed by the Legislature of the State of Nebraska” on said date.

The fact the certification of the Secretary of State was not made until later does not militate against the conclusion that the legislative act of ratification occurred on July 12, 1965; as such certification merely serves to impart verity to the authenticity of the physical document.

Very truly yours,

CLARENCE A. H. MEYER
Attorney General

Legislative Chamber, Lincoln, Nebraska
Thursday, July 15, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m.,

Prayer was offered by Rev. Donald D. Hagerty, Jr.

Prayer

We pause, O God, to reflect upon the life of Adlai Stevenson, once a fellow citizen of us all and for all times a fine leader of our country. We are saddened at the death of this man who gave so completely of himself to the causes of peace and justice in our world. But we are thankful that our country was blessed with his presence. We are eternally grateful for the wisdom and insight he lent to world problems. We pray that his dedication of purpose may be an inspiration to us all. May we too be willing to give of ourselves to the concerns of this state, the problems of this country, the needs of this world. Give us the vision and integrity that Adlai Stevenson possessed that we too might lead well. Amen.

Friday, July 16, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., President Sorensen presiding.

Prayer was offered by Rev. Donald D. Hagerty, Jr.

Prayer

We thank thee, O God, for this world in which we live. We are fully cognizant of its tensions, its complexities, and its problems. Yet we see something of thy goodness at the root of it all. We perceive men and women interested in the betterment of their fellow men, people interested in other people's needs, individuals willing to give of themselves for the sake of that which they know is right.

Give us all, O God, clear heads to see the issues of our day, caring hearts that motivate us to respond, and dedicated wills that propel us into the midst of all life's issues. Inspire us to move our world at least one step further to become that world which thou would have it to be. Amen.

Message from the Governor

July 15, 1965

Hugo F. Srb
Clerk of the Legislature
State House
Lincoln, Nebraska

Dear Mr. Srb:

I am replying to the request, adopted by unanimous consent of the Legislature on July 12, 1965, which you transmitted to me on July 13th.

We have contacted Mr. Donald Bradford, Director of the Office of Economic Adjustment, Department of Defense. Following is the text of a telegram received from Mr. Bradford:

"Mr. Dunlevey has asked us to outline for you the procedures under which we are holding equipment at the Sioux Army Depot for use in the recovery program being developed by Sidney, Nebraska, to offset the economic impact caused by the announced closing of the depot by June, 1967. These procedures apply only to communi-

ties hurt by the closing of a military installation, and apply only when such a community is developing a recovery plan which includes constructive use of the closed military installation. We are holding that property, bought with appropriated funds, whose retention in the community interest does not impose a buy requirement upon the Department of Defense. Sidney must show, to the satisfaction of GSA and other interested agencies (E. G., DHEW) (Department of Health and Education and Welfare), that the equipment will contribute importantly to the use of the buildings and real estate to meet valid community recovery objectives. The equipment will be used to support Sidney's recovery plans to the extent feasible. If the State decides to operate a vocational school at the Sioux Army Depot, and if the Depot is transferred to the State, the equipment would be transferred with the real property to the State for this purpose. If the State and Sidney were to decide neither has an interest in using the equipment to relieve the economic impact upon Sidney, it would be redistributed within the DOD (Department of Defense) to meet legitimate updating needs which fall short of being "buy" needs. Some portion of the equipment would then become available for general donation to meet educational and health needs. Those items not claimed by eligible donees would be sold competitively."

Mr. Bradford advised us by telephone that the same principles also apply to disposal of equipment at the Hastings Naval Ammunition Depot and the Lincoln Air Force Base.

Under federal law and administrative regulation, the state would have a priority for whatever portion of the equipment becomes available for general donation to meet educational and health needs. We will exercise that priority, when such equipment becomes available, for any equipment which can be used for trade schools or other state purposes.

Sincerely,

(Signed) Frank B. Morrison

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED THIRTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, July 21, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., President Sorensen presiding.

Prayer was offered by Rev. Kenneth C. Stewart.

Prayer

O God, Our Father, as we bow before Thee this day, it is not merely to curtsy and say, "Good morning." It is because we shall make decisions this day that inevitably affect the people whom we represent and the future of this State. It is because we are human and need to be guided in judgment. In the issues which come before us this day, O Lord, help us to distinguish between that which weakens and that which strengthens our lives as a free people. Unto Thee and to our chosen task we commit ourselves anew and ask that what we do may be blest of Thee.

Through Jesus Christ, Our Lord, Amen.

The roll was called and all members were present except Messrs. Claussen, Klaver, Kremer, Mahoney, and Ruhnke, excused for the day, and Messrs. Lysinger, Pedersen, and Stromer, excused until 9:00 a.m.

ONE HUNDRED THIRTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, July 22, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m.,
President Sorensen presiding.

Prayer was offered by the Rev. Kenneth C. Stewart.

Prayer

“Guide us, O Thou Great Jehovah,
Pilgrims in this barren land.
We are weak but Thou art mighty,
Hold us by Thy powerful hand.”

As we consider our work today, O Lord, help us to see not only issues that are at atake but the people who will be affected by our decisions. Broaden our sympathies. Intensify our sensitiveness. Show us each day how through our action we might help some child or young person with a better opportunity to learn, some crippled or under-privileged soul to get along or some older citizens to find fresh hope.

May we acquit ourselves today as faithful servants of Thine and true representatives of the people as we strive to build a better world and a better State.

For Jesus' sake. Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 77. Re: Establishing the Home of George W. Norris as a National Monument.

Introduced by Lester Harsh, 38th District.

WHEREAS, The Honorable George W. Norris, late a resident of McCook, Nebraska, served his state and nation with statesmanship and distinction as District Judge of the 14th Judicial District for seven years, as United States Congressman from Nebraska's Fifth Congressional District for ten years and as United States Senator from Nebraska for thirty years; and

WHEREAS, his outstanding career provided for his recognition as a national historical figure; and

WHEREAS, his home at 706 Norris Ave., McCook, Nebraska with its furnishings can be an inspiration to present and future generations of the nation.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That this Legislature work toward the establishment of the George W. Norris home with furnishings as a National Monument of the U. S. National Park Service.

LEGISLATIVE RESOLUTION 78. Re: Study of Cash Funds

Introduced by Fern Hubbard Orme, 29th District and Richard D. Marvel, 33rd District.

WHEREAS, there are approximately eighty agencies of the state operating approximately two hundred eighty programs through appropriations from almost one hundred fifty cash funds; and

WHEREAS, some such agencies require appropriations from up to nine funds for a single program and as a consequence have inordinately difficult and complex accounting and budgeting systems which lead to great difficulty both for the agency and for the Legislature in making appropriations; and

WHEREAS, some such cash funds may be necessary or desirable to accommodate operating requirements of state agencies, there is reason to believe many such funds might be eliminated or consolidated with the result that there could be significant advantages to the state; and

WHEREAS, there is reason to believe that some agencies financed wholly or partly from cash funds tend to avoid legislative control and direction of their budgets and appropriations with the result that there is inadequate information available to the Legislature on which to base appropriations and inadequate knowledge of the results gained from appropriations to such agencies.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That the Legislative Council appoint a committee to make a study of all cash funds, their uses, limitations and relative necessity.

2. That such study identify financial and budgetary practices of agencies financed from cash funds and that the committee report to the next meeting of the Legislative Council in 1966 its findings, conclusions and recommendations for fund simplification and revisions to financial and budgetary practices.

3. That the committee prepare and present a draft or drafts of remedial legislation it may deem necessary or desirable to implement its recommendations.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED THIRTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Friday, July 23, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m.,
President Sorensen presiding.

Prayer was offered by the Rev. Kenneth C. Stewart.

Prayer

O Thou ever-living God, our Father, as we roll up our sleeves to the duties of another day we ask that Thou wilt support us in our work so that we do it well. Sometimes we are overwhelmed when we think of the bills yet to be considered but help us to realize, though progress may seem slow, we are getting along.

Help us today to dispose quickly of those bills that matter little but give us discretion to act wisely and well upon those that warrant our serious consideration. Guard thou our lips against the thoughtless word, and temper our judgments that they may be true.

Hear our prayer, O Lord, and lead us in a right path, for Thy mercy's sake. Amen.

UNANIMOUS CONSENT—Letter from Attorney General

Mr. Bowen asked unanimous consent to print the following letter from the Attorney General in the Journal. No objections. So ordered.

Speaker Kenneth Bowen

Speaker, Nebraska Legislature
State Capitol Building
Lincoln, Nebraska

Dear Senator Bowen:

You have asked several questions concerning matters which affect legislative consideration of reapportionment measures now pending before you.

Your first question is whether the present Legislature could call itself back into special session after adjournment *sine die* of the present regular session. Presumably, this question arises because the U. S. District Court in its memorandum of July 17, 1964, held that the legislature elected in 1964 would only have *de facto* status.

Without a doubt, the present legislature can call itself back into special session or may be called into special session by the Governor, for any purpose. Our own Constitution provides for this, and that provision of our Constitution has in no way been suspended by any presently existing federal court order. As a matter of fact, the federal court order of July 17, 1964, specifically provides that you shall "hold office and function until the election and qualification of members of a new legislature to be elected in the 1966 general election," and that order has not been suspended or changed.

Your second question deals with that part of the order of the U. S. District Court dated May 12, 1965, which provides that, "If the Legislature before adjournment of its present regular session does not adopt a constitutionally valid legislative reapportionment plan, the Court will order that all the members of the Legislature be nominated and elected at large in the State of Nebraska at the elections of 1966." You ask, in the event an appeal is taken from the order of May 12, 1965, and the appeal to the United States Supreme Court is unsuccessful, whether that Court might give the Legislature a chance to meet in special session to enact another reapportionment plan in accordance with the standards set forth by the Supreme Court, or whether you are irrevocably faced with the necessity of running at large if the appeal should be unsuccessful.

When an appeal is taken from a court order, the higher court may always modify or change any part of the lower court order which is brought into question.

We are firmly of the opinion that the United States District Court had no intention of foreclosing your right to appeal its decision by inserting a threat in that opinion that you would have to run at large if you did take an appeal. The purpose of inserting that requirement in its order was to provide a means of enforcing its judgment that you were not yet properly apportioned.

We have every confidence that in the event of an unsuccessful appeal, the U. S. Supreme Court would give the State of Nebraska an opportunity to solve its problem in an orderly fashion. It might

determine that some other form of sanction would be more appropriate to compel reapportionment. This office would never have recommended appeal if we had felt that such a course would irrevocably lead you to running at large.

There is one more matter which requires mention. There has been talk that all of the laws you have passed during the present regular session are of questionable validity because you have only a *de facto* status. This is loose talk which does a disservice to the cause of good state government, and it has no foundation whatsoever under any known legal principles.

Very truly yours,

(Signed) Clarence A. H. Meyer
Attorney General

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED THIRTY-THIRD DAY

Legislative Chamber, Lincoln, Nebraska
Monday, July 26, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
Speaker Bowen presiding.

Prayer was offered by Rev. Kenneth C. Stewart.

Prayer

O Lord, our God, as we resume the work of a new day and a new week, we thank Thee for life, liberty and our chosen tasks. Each day as we meet, we feel the pressures of friends and foes as well as those who lobby for special interests. We confess we are human and sometimes it is not easy to withstand the pressures. We ask that Thou wilt give us strength and wisdom beyond our own. Grant that we may serve without fear or favor realizing we are accountable unto no man but unto Thee. So guide us in all of our deliberations this day, and lead us in a right path that will honor Thee and bless Thy people, in the name of him who followed truth e'en though it meant a cross. Amen.

The roll was called and all members were present except Messrs. Fleming, Moylan, and Wallwey, excused for the day; Mr. Claussen, excused until 9:25 a.m.; and Mr. Kokes, excused until 9:45 a.m.

Message from the Governor

July 23, 1965

The President, the Speaker,
and Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-fifth Session:

I return to you herewith, L.B. 609, without my signature, for the following reasons:

1. Section 2 provides, "The Nebraska State Historical Society shall be responsible for the restoration of the Nebraska Statehood Memorial. The exterior shall be restored as nearly as may be to its appearance in 1870. The interior shall be restored as nearly as may be to its original appearance and arrangement, and shall be refurnished with authentic period furniture and other materials which relate to the establishment and development of Nebraska state government." This will involve a considerable outlay of public funds, and no appropriation has been made or is included within the budget recommended by the Governor or that recommended by the Budget Committee of the Legislature, and I believe it is contrary to public policy to provide for expenditure of public funds without providing a source of revenue.
2. The property involved is, in my opinion, not of sufficient historical significance to warrant the expenditure of extensive public funds.
3. In my opinion, there are many points of historical interest of greater significance and will involve far less outlay in public funds than the restoration of the Kennard house.

4. A building restored does not have the same historical significance as the original building and hence loses something of its historical importance.

Respectfully,

Frank B. Morrison
Governor

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED THIRTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, July 27, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m.,
Speaker Bowen presiding.

Prayer was offered by Rev. Kenneth C. Stewart.

Prayer

As we bow before Thee this day O Lord, it is first with prayer
for others than ourselves. We would remember the Governor of
this State, the President of our Nation and all who advise them in
the affairs of state. Grant them strength and wisdom to carry well
the burden of leadership on behalf of all the people.

We remember also those young men who at this very hour
represent us on fields of conflict in distant lands. Support them
this day as they do their duty and save them from discouragement.
Sustain their loved ones by Thy grace and speed the day when the
carnage is over and they are home again.

Thy love divine hath led us in the past;
In this free land by Thee our lot is cast;
Be Thou our Ruler, Guardian, Guide and Stay;
Thy word our law, Thy paths our chosen way.

Through Jesus Christ, our Lord. Amen.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED THIRTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, July 29, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

Lord Jesus, we need Thy power, obtained through prayer, to solve problems, decide issues, and to do Thy will. But let us not imagine that this formal prayer can take the place of private petition. May there arise from every desk the silent prayer that seeks to know Thy will. We long for such guidance that when a thing is right, we shall all know it; and when it is wrong, it will not be proposed. We would not run away from truth, but find a refuge in it. We would not avoid the discipline of hard thinking, but deliver us, O Lord, from wrong thinking that leads to wrong conclusions. Guide us, therefore, this day, for Thy mercies sake. Amen.

The roll was called and all members were present except Messrs. Carstens, Moylan, and E. Rasmussen, excused for the day, Mr. Crandall, excused until 9:45 a.m., and Mrs. Hughes, excused until 10:15 a.m.

RESOLUTIONS

LEGISLATIVE RESOLUTION 86. Re: Condemning Delaying Litigation By Public Power Districts

Introduced by Cecil Craft, 45th District; C. W. Holmquist, 14th District; C. F. Moulton, 8th District; Rick Budd, 2nd District; Rudolf C. Kokes, 41st District; Chester Paxton, 40th District; Arnold Ruhnke, 31st District; and Peter H. Claussen, 18th District.

WHEREAS, public power districts are political subdivisions of the State of Nebraska for the purpose of bringing electricity to the industries and people of Nebraska at the lowest possible cost consistent with sound business management; and

WHEREAS, achieving this purpose is severely hindered by any litigation commenced or carried on by a power district for the purpose of thwarting the will of the Legislature, of increasing its own holdings and operations at the expense of some other district, or of merely delaying the operation of legislation; and

WHEREAS, such litigation is a waste of public funds, is harmful to the public, and is of no public benefit; and

WHEREAS, it is recognized that it may be necessary and desirable at times to have an expeditious court determination of constitutional or legal questions concerning laws or contracts directly affecting a public power district, but this should be done without unnecessary expense and with as little delay as possible; and

WHEREAS, the people of this state have, an accumulated distaste for the constant bickering between power districts; and

WHEREAS, the present Legislature has spent much time and effort in attempting to find a solution for this problem.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. This Legislature condemns unnecessary or delaying litigation by public power districts and further condemns the use of the courts by power districts to increase their own holdings or operations at the expense of some other district or merely for the purpose of delaying operation of legislation. This Legislature does recognize that public power districts may at times need a court determination of certain constitutional or legal questions, but this should not be used for the purpose of delay nor should unnecessary appeals be taken in order to carry the matter beyond what is necessary to get a firm answer to the question involved.

2. That the people and the Legislature will closely observe and evaluate the actions of public power districts during the next two years, and that if the legislation adopted at the present Session of the Legislature does not alleviate the situation, that more drastic steps be taken by the next Legislature.

WHEREAS, all Nebraska power needs are provided by public power districts, nonprofit cooperatives and municipalities; and

WHEREAS, public power districts physical properties are not taxed and certain power districts pay taxes in the form of a tax on gross revenues while others pay in lieu of taxes; and

WHEREAS, the transfer of certain retail properties could affect the payment of taxes or the payment in lieu of taxes on retail revenues.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED THIRTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska

Friday, July 30, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Lord Jesus, help us to see clearly that the pace at which we are living these days often shuts Thee out of our minds and hearts, and leaves us, even with good intentions, to wander in a misty land of half truth and compromise. Deliver us, O God, from the "God helps those who help themselves" philosophy, which is really a cloak for sheer unbelief in the ability and willingness to take care of ourselves and our failures. Give to us a passion which is in principle excellent, rather than in politics expedient, for that which is morally right rather than socially correct. These things we ask in Jesus' name. Amen.

The roll was called and all members were present except Messrs. Klaver and Moylan, excused for the day.

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father in Heaven, be gracious unto Thy servants, the legislators of this State. Give them strength for the tasks of this day and guide them in their labors. When they are tempted to wonder whether their high goals are possible of attainment, remind them that Thou art not senile, or asleep, or defeated. "A different world cannot be built by indifferent people." Let us never give up hope of the possibility of change. When we feel the pressure of crisis, remind us that Thou hast plenty of time. We have to remember that Thou art never in a hurry and wilt not be rushed by the deadlines of impatient men or by the pressures of the selfish. So give us the determination to seek and do Thy will. Amen.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED THIRTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, August 3, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

O Lord, keep strong our faith in the value of prayer as we unite our petitions in this sacred moment. We have asked for Thy guidance in difficult decisions many times, yet it has not always come when we thought it should come. Many of the situations and relationships which we have asked be changed have remained the same. Forgive us for thinking therefore, that Thou art unwilling to help us in our dilemmas, or that there is nothing Thou canst do. Remind us, our Father, that when we plug in an electric iron and it fails to work, we do not conclude that electricity has lost its power, nor do we plead with the iron. We look at once to the wiring to find what has broken or blocked connections with the source of power. May we do the same with ourselves, that Thou mayest work through us to do Thy will. This we ask in Jesus name. Amen.

The roll was called and all members were present except Messrs. Adamson, Claussen, Danner, Mahoney, Moulton, Moylan, Nore, Ruhnke, Skarda and Whitney, who were excused and Mr. Stromer, excused until 10:00 a.m.

Report of Legislative Council

August 2, 1965

Report of the Executive Board of the Nebraska Legislative Council on proposed Studies for the 1965-67 interim period.

According to Section 3 of Rule 15 of the Rules of the Nebraska Legislature, Resolutions proposing that studies be made by the Legislative Council are to be referred to the executive Board of the Legislative Council, which Board is to make recommendations to the Legislature that the proposed studies be made or rejected.

This Report covers six Resolutions. These are the ones introduced to date which have some fiscal impact.

Studies Recommended

1. **Legislative Resolution 12.** This Resolution proposes a study of the fiscal laws relating to cities of the second class and villages, plus a revision and simplification of these statutes.

2. **Legislative Resolution 69.** This Resolution proposes a completion of the study of the motor vehicle laws of the state started during the last interim, including their comparison with the Uniform Vehicle Code.

3. **Legislative Resolution 71.** Proposed here is a study of the refinancing of public power districts and whether the state could act as the fiscal agent for such refinancing operations.

4. **Legislative Resolution 85.** This is a proposal to continue the study of the coordination of all institutions of higher education in the state.

Studies Not Recommended

1. **Legislative Resolution 55.** Under the terms of this Resolution a study would be made of the various state retirement systems. It would include an analysis of the details of the plans, how they are financed, whether or not they are funded, etc.

The Executive Board believes that it is unnecessary to conduct this study. Similar studies have been made during the past several interim periods. A great deal of information is available on the state's retirement plans now. Also, the Nebraska Retirement Systems Advisory Committee, which will be appointed at the end of this session, can undertake any study of proposed changes in the systems for possible consideration by the 1967 session.

2. **Legislative Resolution 82.** This Resolution proposes a study of the indexing of Nebraska Statutes, with emphasis on the use of computer techniques.

A program of this type is now going on at the University of Nebraska, and the Executive Board believes it to be a valuable one. However, this Resolution would not set up a study as is ordinarily conducted by the Legislative Council, but largely proposes financial aid to the project now under way. The Board feels that if money is needed to further it an appropriation for that purpose should be made.

W. H. Hasebroock, Chairman
LEGISLATIVE COUNCIL EXECUTIVE BOARD

Mr. Hasebroock moved the adoption of the report.

The motion prevailed.

RESOLUTIONS

LEGISLATIVE RESOLUTION 94. Re: Federal-Aid Secondary Road Program

Introduced by Cecil Craft, 45th District; C. W. Holmquist, 14th District; Rick Budd, 2nd District; Rudolf C. Kokes, 41st District and Chester Paxton, 40th District.

WHEREAS, bills have been introduced in Congress which provide for the diversion of approximately one-third of Federal-Aid secondary road funds for the construction of scenic roads; and

WHEREAS, while it is desirable to preserve the natural beauty along the highways of the country, it is also essential to bring up to standard the principal arteries of highway transportation; and

WHEREAS, approximately thirteen thousand three hundred miles of Nebraska's seventeen thousand four hundred miles of Federal-Aid secondary roads are substandard and not dustless surfaced, of which one thousand one hundred miles are on the State Highway System; and

WHEREAS, Nebraska has many miles of rivers and streams with many inadequate bridges posing safety hazards; and

WHEREAS, Nebraska has placed primary emphasis on converting all gravel roads on the State Highway System to dustless surfacing to provide better service to road users and to reduce maintenance costs by approximately four hundred thirty dollars per mile; and

WHEREAS, there are many other critical needs on the state and county secondary systems; and

WHEREAS, the proposed scenic roads program would reduce the available funds to take care of these critical needs by nearly two million dollars annually.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That we vigorously oppose the proposed diversion of Federal-Aid secondary road funds for use on scenic highways while great needs continue to exist on the Federal-Aid secondary road system.

2. That we recommend that if the scenic road system is to be established, the funds therefor should be acquired from some source other than the Federal-Aid secondary road program in order that we may continue to improve the roads which are the lifeline of the small community and the feeder routes to the metropolitan areas.

RESOLUTIONS

LEGISLATIVE RESOLUTION 95. Re: Regulation of Outdoor Advertising Signs

Introduced by Cecil Craft, 45th District; Chester Paxton, 40th District; Rudolf C. Kokes, 41st District; Rick Budd, 2nd District and C. W. Holmquist, 14th District.

WHEREAS, the present policy of the federal government is to encourage and assist the states in controlling areas adjacent to the Interstate Highway System by controlling the erection of outdoor advertising signs; and

WHEREAS, this is done by the federal government entering into voluntary agreement with the states for such regulation, for which the contracting states receive an increase of one half of one per cent in federal money allocated for the project involved; and

WHEREAS, bills are now before Congress which would change this voluntary program of billboard control by providing that no federal-aid highway funds shall be apportioned after January 1, 1968, to any state which has not made provision for the effective control of the erection and maintenance along the Interstate System and the primary system of outdoor advertising signs which are within one thousand feet of the nearest edge of the pavement and visible from the main traveled way of the system; and

WHEREAS, effective control, as defined by the proposed legislation, means that signs and displays shall be limited to directional and other official signs and notices which are required or authorized by law and signs advertising the sale or lease of property upon which they are located or activities conducted on such property, and they shall conform to national standards.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That we vigorously oppose the adoption of the proposed policy of denying federal-aid funds to those states which do not provide effective regulation of signs and displays along the Interstate Highway System and the primary highway system.

2. That the present policy of voluntary agreements between the federal government and those states willing to regulate signs and displays be maintained.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED FORTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, August 4, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

It is good, O Lord, that it is not custom that brings us again into this sacred moment of prayer, but our deep sense of need. Forgive us all that we talk too much and think too little. Forgive us all that we worry so often and pray so seldom. Most of all, O Lord, forgive us that, so helpless without thee, we are yet so unwilling to seek Thy help. Give us grace to seek Thee with the whole heart, that seeking Thee we may find Thee, and finding Thee may love Thee, and loving Thee may keep Thy commandments and do Thy will. Through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Mahoney, Moulton and Moylan, who were excused.

Messages from the Governor

August 3, 1965

The President, the Speaker,

Please be informed that on August 3, 1965, I approved Legislative Bills 538, 656, 504, 394, and 893.

Governor

August 3, 1965

The President, the Speaker,
and Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-fifth Session:

I am returning to you LB 545 without my signature for the following reasons:

1. Consultation with the Director of Banking of the State of Nebraska reveals that in the opinion of Henry Ley, Director of Banking, this legislation is unneeded, unnecessary and undesirable and contrary to popular policies.

I would like to call your attention to the opinion of the Attorney General to Senator Terry Carpenter under date of July 4, 1965, last paragraph, which reads as follows:

“It is the opinion of this office that LB 545 attempts to define and prescribe conditions which constitute the practice of law and therefore is a violation of constitutional separation of powers.”

In view of the fact that in the opinion of the Attorney General, this action is unnecessary and in view of the fact that the Director of Banking believes this bill to be contrary to the best public policies of this state, duty requires an executive veto of L.B. 545.

Sincerely,
(Signed) Frank B. Morrison
Governor

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED FORTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, August 5, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

As we come together in prayer, O God, we know that there is nothing in our hearts, in our minds, or in our past that we can hide from Thee, for our lives are all of one piece in Thy sight - not partitions as we like to think. Therefore deliver us from the error of seeking and expecting Thy guidance in our public lives when we close the door to Thee in our private living. Help us to be good men, that we may become good leaders. For this day, before we reach any decisions, make us willing to ask, "What would our Lord do?" Then give us the courage and the grace so to ask. We ask it in Jesus name. Amen.

The roll was called and all members were present except Messrs. Carpenter, Hasebroock, Mahoney, Moulton, Moylan, Skarda, Stryker and Stromer, who were excused.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED FORTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Friday, August 6, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, we are reminded that death is in the midst of life. Since we know not when the slender thread may be broken for us, teach us to number our days that we may apply our hearts unto wisdom. And may we become compassionate, remembering the hearts that are in sorrow and affliction. Take from us the selfishness that is unwilling to bear the burdens of others while expecting that others shall help us with ours. Make us so disgusted with our big professions and our little deeds, our fine words and our shabby thoughts, our friendly faces and our cold hearts, that we shall pray sincerely this morning for a new spirit and a new attitude. Then shall our prayers mean something, not alone to ourselves but to our State as well. In the name of Jesus Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Carpenter, Claussen, Danner, Klaver, Kokes, Mahoney, Matzke, Moulton, Moylan, Paxton, Pedersen, E. Rasmussen, Skarda, and Stromer, who were excused.

Message from the Governor

August 9, 1965

The President, the Speaker,
and Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-fifth Session:

I must return L.B. 713 to you, vetoed and without my signature, because the authorization of the movement of loads of hay twenty feet wide upon the highways of this state, without necessary safety precautions, would constitute a hazard to the life and limb of people using the public highways of this state.

Legislative Bill 713 does not impose limitations which would be necessary safety factors, in my opinion, included within which are the following:

1. Movement is not limited to daylight hours.
2. There are no uniform lighting regulations to warn that extreme wide loads are upon the roadway.
3. The physical presence of flagmen to advise of the danger is not required.
4. There is no requirement that the vehicle display a "Wide Load" sign.
5. There is no regulation or restriction of movement upon specified roads or upon specified road surfaces.

In addition, this movement endangers other traffic and the driver of the hay load to the possibility of physical injury and it would im-

pose possible damage upon bridges and road signs upon the existing highways.

For the foregoing reason, I believe that the enactment of Legislative Bill 713 is contrary to the public policy of this state.

Respectfully,

(Signed) Frank B. Morrison
Governor

REPORT ON RESOLUTIONS

Report of the Executive Board of the Nebraska Legislative Council on proposed Studies for the 1965-1967 interim period.

According to Section 3 of Rule 15 of the Rules of the Nebraska Legislature, resolutions proposing that studies be made by the Legislative Council are to be referred to the Executive Board of the Legislative Council, which Board is to make recommendations that the proposed studies be made or rejected.

This Third Report includes all resolutions proposing studies introduced through the one hundred thirty-seventh legislative day, July 30, except for those resolutions for studies previously acted upon by the Legislature. The First Report, March 31, was the Board's recommendation that LR 3 be an approved study which the Legislature has accepted. The Second Report, August 2, was the Board's recommendation that studies be approved for LR 12, LR 69, LR 71 and LR 85, and the Board's rejection of the studies proposed in LR 55 and LR 82. The Legislature accepted that report.

Following are the recommendations of the Executive Board with regard to the resolutions introduced to date proposing studies by the Legislative Council:

Studies Recommended

1. **Legislative Resolution 16.** This resolution proposes a continuing study of public power to keep abreast of the ever-changing

power conditions and need for continual planning to provide Nebraska citizens with the lowest cost power rates.

6. **Legislative Resolution 41.** This resolution proposes a study of the laws concerning the formation of sanitary and improvement districts and the practices used in forming such districts.

7. **Legislative Resolution 45.** This resolution proposes a study of the problems of providing educational and training programs for mentally retarded and physically handicapped children and exceptional children, including a determination of the number of children in these categories unable to attend regular school, and a survey of existing programs.

8. **Legislative Resolution 66.** This resolution proposes a study of intangible tax laws, the earnings of intangible property, the economic impact of taxation on various classes of intangibles, and the classification of intangibles for purposes of taxation. It is the Board's recommendation that this study be made broad enough to take into consideration other areas of taxation also.

9. **Legislative Resolution 67.** This resolution proposes a comprehensive water study to include ground water recharge, conservation, proper use and pump irrigation; stream flow and gravity irrigation and irrigation and reclamation districts and projects, and competition and conflicts between water users.

10. **Legislative Resolution 75.** This resolution proposes a study of oil and gas drilling ventures, including the sale to the public of fractional working interests in such ventures, and the terms and conditions of contract agreements drawn for such sales, and records of performance.

11. **Legislative Resolution 78.** This resolution proposes a study of all cash funds, their uses, limitations and relative necessity, including identifying the financial and budgetary practices of agencies financed from cash funds.

12. **Legislative Resolution 80.** This resolution proposes a study of each legislative service agency to determine if they might be more efficiently organized and directed to the end that both the deliberative and ministerial functions of the Legislature and its service agencies might be more expeditiously and efficiently accomplished.

17. **Legislative Resolution 92.** This resolution proposes a study of the testing of infants for phenylketonuria oligophrenia (PKU) in Nebraska, problems involved therein, and in follow-up and prophylactic treatment.

Studies Not Recommended

1. **Legislative Resolution 7.** This was an informal proposal for a study on the possibility of joining together the offices of county government of more than one county. The Board noted that this proposal had been formalized in Legislative Resolution 36 which it has recommended for a study.

2. **Legislative Resolution 52.** This resolution proposed a study of legislative processes, including the drafting and introduction of bills, the consideration of bills, and the possibility of expanded research facilities. It was the Board's recommendation that this resolution be rejected because its proposals can be covered in the

broader study proposed in Legislative Resolution 80 which it has recommended for a study.

3. **Legislative Resolution 59.** This resolution proposed a study of programs involved in aid to dependent children. It was the Board's recommendation that this study be rejected as untimely because of the broad changes now underway in this area by the federal government.

4. **Legislative Resolution 84.** This resolution proposed a study of the methods of taxation of public utilities such as railroads, pipelines, telephone and telegraph companies. It was the Board's recommendation that this proposed study be rejected, because it is believed the taxation study involved in Legislative Resolution 66, which it has recommended for study, will be broad enough to consider these problems.

ONE HUNDRED FORTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, August 11, 1965

Pursuant to adjournment, the Legislature met at 10:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

In this, the day that the Lord hath made, help us, O God, to appreciate its beauty and to use aright its opportunities.

Deliver us, we pray thee, from the tyranny of trifles during these closing days of the legislature. May we give our best thought and intention to what is important, that we may continue to accomplish those things which are worthwhile. Teach us how to listen to the prompting of thy spirit, and thus save us from floundering in indecision that wastes time, subtracts from our peace, divides our efficiency, and multiplies our troubles. In the name of Jesus Christ our Lord. Amen.

Dear Mr. Vitamvas:

Re: "Dear Old Nebraska U"

This is a belated answer to your letter of July 20, 1965 enclosing your correspondence file with reference to this matter. Edwin H. Morris & Company seems to be the owner of the copyright. ASCAP controls the performing rights. I would think that an assignment of the copyright and a free license from ASCAP to perform the composition publicly would be all that the State of Nebraska would need. I am writing Mr. Morris with reference to the matter, copy enclosed. Since I am leaving on vacation Wednesday, the fourth, I will of course not have an answer by that time but as soon as I return (about September 1st) I will let you know what I hear from Mr. Morris and we will see where we can go from there.
