LEGISLATIVE RESOLUTION 105. Re: Effort to Utilize Nebraska's Private Vocational Technical Schools For Training Under the Manpower Development and Training Act

Introduced by Terry Carpenter, 48th District.

WHEREAS, the private vocational technical schools have been an integral part of the educational system of the State of Nebraska for the past eighty-two years; and

WHEREAS, the United States Congress has passed the Manpower Development and Training Act of 1965, which provides for the utilization of private schools and individual referrals of trainees and the continued payment of full federal financing where a state cannot legally contribute to private education or training under this act; and

WHEREAS, it appears at the present time there is a constitutional provision which prohibits contracting with private schools under this federal act.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

That we respectfully petition and request the State Department of Education and the State Board of Education to exert every

effort to utilize Nebraska's private vocational technical schools for training under the Manpower Development and Training Act.

Legislative Chamber, Lincoln, Nebraska
Monday, August 16, 1965

Pursuant to adjournment, the Legislature met at 2:00 p.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Lord Jesus, who didst fill three short years with a revelation of all eternity, in life, precept, and promise, that we have not yet learned and can never forget, help us to make every minute count, making time our servant and not our master. Thou didst never ask for time to prepare thine answers but always had the word of truth for every occasion. Reveal to us now Thy word for this day.

Help us to understand that every bit as important as a good beginning is a good ending; so may we run with patience the race that is set before us, looking unto Thee, the author and finisher of our faith. Amen.

MR. PRESIDENT, MEMBERS OF THE LEGISLATURE, REV. PALMER, AND FELLOW WORKERS:

My family and I wish to express our deepest gratitude for the expressions of sympathy, the floral bouquets and for the resolution personally presented to us by Senators Burbach and Mahoney, representing this Legislature. This demonstration of your concern will lighten the burden of pain and sorrow caused by the death of our son Harold. Many times as I sat here in this chair, I wondered what prompts people to wish to come back and labor here term after term; but when one learns to know the type of people that serve this state, you cannot help but be proud to be one of the group.

Thank you all from the bottom of our hearts.

Messages from the Governor

August 16, 1965

The President, the Speaker,
and Members of the Legislature:

This is to inform your honorable body that on August 11, 1965, I approved Legislative Bills 562, 856, and 859; on August 12, 1965, I approved Legislative Bill 316; and on August 14, 1965, I approved Legislative Bills 172, 928, 933, 923, 915, 789, 642, 407, and 892.

Respectfully,

(Signed) Frank B. Morrison
Governor

August 16, 1965

The President, the Speaker,
and Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-fifth Session:

I am returning L.B. 234 to you without my signature.

In reaching my decision to veto L.B. 234, which I do herewith, I have given many hours of study to the question of the sale of school lands. I have heard the position and evidence presented by the Board of Educational Lands and Funds and by a number of State Senators who advocate selling the land. Both sides have presented their point of view to the Governor in orderly and logical fashion. The proponents of L.B. 234 include many able, distinguished and sincere Nebraskans. These people have presented figures which would indicate, theoretically, we could receive a greater return on our school trust funds if the lands were sold at this time.

My reasons for vetoing L.B. 234 are as follows:

1. There is not in existence at this time legislation which would enable the Board of Educational Lands and Funds to broaden its investment program.
2. An analysis of the return from the proceeds of school lands previously sold by the State of Nebraska indicates that over the past fifty years the state school program would have benefitted if these lands had not been sold. The return to the state on the proceeds of the sale is less than the state would have received had the land been retained, and I believe that experience is more valid than theory as a general criteria for evaluating policy.
3. Retention of state ownership of these lands would seem to be a valuable hedge against inflation. The number of acres of land is finite, the number of persons who may inhabit our country in the years ahead is infinite. All wealth eventually springs from the soil, and I think it is well that all people have some stake in its preservation. The very inflationary spiral of land in recent years has been caused by general public acceptance of land investment as the best hedge against inflative prices.
4. This session of the Legislature has made several changes with reference to the administration of school lands. It has proposed a constitutional amendment concerning investments of the Board of Educational Lands and Funds. It has reduced the interest rate by which lease rentals are to be determined. It would seem advisable that the sale of these lands, if undertaken, should be postponed until after the people are given an opportunity to vote on broadened investments, and the new interest rate for calculating rentals be given an opportunity to operate.

Respectfully,

(Signed) Frank B. Morrison
Governor

RESOLUTIONS

LEGISLATIVE RESOLUTION 107. Re: Additional State Office Space

Introduced by Terry Carpenter, 48th District.

WHEREAS there is a substantial and immediate need for additional office space for state government, and

WHEREAS it will be several years before a state office building and a building for the Department of Roads can be constructed and made ready for occupancy, and

WHEREAS it would defeat the very purpose of the passage of L. B. 172 and L. B. 173 unless space is made available for the efficient and proper operations of the Department of Administrative Services and for the consolidation of revenue functions under the Tax Commissioner,

NOW, THEREFORE, BE IT RESOLVED * * * that to solve our immediate space needs we urgently request the Governor to make an immediate offer to the Lincoln Telephone and Telegraph Company seeking to lease their vacant building at 14th and M Streets in Lincoln, with an option to purchase the same at any time prior to July 1, 1967 for \$100,000.00, with rentals during the intervening time to apply on the purchase price, such rentals to be paid by the departments or agencies assigned space therein.

WHEREAS, Nebraska power districts are now engaged in a power study to determine Nebraska power needs, and

WHEREAS, interconnections with other out state power agencies are necessary for future exchanges of available, surplus and economical power, and

WHEREAS, additional extra high voltage transmission lines and interconnections will be necessary before Nebraska can obtain the most economical utilization of large generation units in Nebraska, and

WHEREAS, United States Bureau of Reclamation plans to interconnect between Dakota and the Kansas City area with a transmission line of not less than 345KV for exchanges of winter and summer peak loads and the first segment of the transmission line from Dakota would terminate in the Lincoln area, and

WHEREAS, United States Bureau of Reclamation power would be available for Nebraska at economical rates to meet Nebraska immediate needs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED FORTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, August 17, 1965

Pursuant to adjournment, the Legislature met at 9:30 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

O God, our Father, may the Session that is now concluding teach us and not torment us. Help us to be realistic about ourselves, and our accomplishments.

May we not steal credit for success, nor deny blame for failure. Give us the grace to take things as they are, and to resolve, by thy help, to make them what they ought to be, in the strong name of Jesus Christ our Lord.

So go with us as we leave this place, and remain with us during the coming weeks and months, that through our private actions as citizens, we may reinforce what, through our public actions as senators, we have accomplished in this chamber.

Our Father which art in heaven, hallowed be Thy name. Thy Kingdom come, thy will be done in earth as it is in heaven. Give us this day our daily bread. And forgive us our debts as we forgive our debtors. And lead us not into temptation, but deliver us from evil: for thine is the kingdom, and the power, and the glory forever. AMEN.

The roll was called and all members were present except Messrs. Batchelder, Knight and Pedersen, who were excused.

Mr. Adamson asked unanimous consent to have the following statement from Mr. Burbach printed in the Legislative Journal. No objections. So ordered.

August 16, 1965

Re: Request for statistics on the possibility of reducing the size of the Legislature, keeping within county lines, yet meeting the "one man, one vote" edict.

It must first be noted that no one knows what percentage of variation between the high and low districts would be found acceptable to the court, or courts, to which Nebraska must reply.

We know, for example, that the figure of 15% has been used rather freely in talk about reapportionment and this has generally been applied as meaning 15% above an average and 15% below — which could mean an ultimate variation of 30% between the highest and lowest districts.

The U. S. District Court in its decision of May of this year in which a majority of the Court held LB 628 to be unacceptable, made reference to that 15% variation. It also stated, however, that "By this reference this Court is not saying that it approves such a variation, or that the House of Representatives has or will approve it."

It would seem impractical to try to effect such a drastic reduction in membership of the Nebraska Legislature without knowing that such a percentage of variation would be acceptable.

Nevertheless, we did try to work out a reapportionment plan with 37 or 38 districts as had been discussed considerably. Even with a maximum variation of 15% *above or below* an average, it was not possible to achieve this. Membership reduced to either of these figures would establish a median which would solve the problem of Hall County, but it would leave Sarpy County beyond the scope of such a differential.

With 37 districts you would have an average population of 38,144 which would mean that the highest district could have a population of 43,866 above the average, and the smallest would be 32,422. Hall County's 35,757 population would fall well within those limitations, but Sarpy County's 31,281 population would not. With 38 districts, we would establish an average of 37,140 with a 15% variation either side of that median meaning a high of 41,711 and a low of 32,569. Again, Sarpy County would not fit this pattern.

It would be possible to put Sarpy County within this framework with 39 or 40 districts, still it seems impractical to effect such a reduction in membership when it is not known that the inherent variation would be acceptable.

It has been the objective of most of those who have worked on reapportionment to try to keep the overall variation between the high and low districts to a total of 15% — 7½% above an average and 7½% below an average.

We tried combinations of 37, 38, 39, 40 and 41 districts with this objective, but could not put Sarpy County within that framework. The population of the counties adjoining Sarpy is such that none of them can be adjusted to overcome the problem.

If you try a 42-district body, then you have problems with Lancaster County because 5 districts in that county with a 42-member Legislature would put them below the 7½% figure below the average, and 4 districts in Lancaster would their average far above the 7½% variation.

If you try it with 43 districts, Hall County is over the top again.

This is to say nothing of the problems which arise in trying to assemble the remaining counties into units or districts which would fall within such a framework.

Mr. Bowen moved the previous question. The question is, "Shall the debate now close?"

The motion prevailed with 38 ayes, 4 nays and 7 not voting.

Mr. Carpenter withdrew his motion to return LB 925 to Select File.

LEGISLATIVE BILL 51. Placed on General File as amended.

Standing Committee amendment to LB 51:

1. Amend Section 1, Line 12 by striking “*five-six-tenths*” and insert in lieu thereof “*five-sixteenths*”.

(Signed) Cecil Craft, Chairman

Resolutions**LEGISLATIVE RESOLUTION 13.** Re: Closing the Lincoln Veterans Hospital.

Introduced by Jerome Warner, 25th District; Fern Hubbard Orme, 29th District; Eric Rasmussen, 32nd District; Richard D. Marvel, 33rd District; Hal W. Bauer, 28th District; Marvin E. Stromer, 27th District; John E. Knight, 26th District and Cecil Craft, 45th District.

WHEREAS, it is estimated that the peak load of veterans' needs will be in from five to seven years or around the year 1970. At that time, World War I veterans will be between seventy-three and eighty years of age, World War II veterans will average fifty years of age, and Korean War veterans will average forty years of age; and

WHEREAS, the average daily patient load at the Lincoln Veterans Hospital has been one hundred ninety instead of one hundred seventy as quoted by the Veterans Administration, and this does not include all the out-patients and pharmacy service; and

WHEREAS, nearly one million dollars was spent in the years 1961 and 1962 to remodel the surgical wards; and

WHEREAS, there are one hundred fifty-two thousand veterans in Nebraska, not taking into consideration the veterans living in Kansas, Iowa, Colorado and South Dakota who are served by the Lincoln Veterans Hospital; and

WHEREAS, pensions and Social Security benefits are insufficient to take care of hospitalization of veterans, which means that many veterans and their wives can exist only; and

WHEREAS, emergency cases, especially of older veterans would have to be handled in local hospitals as transportation to either of the veterans hospitals located in Grand Island and Omaha, Nebraska, would be dangerous to the veteran; out-patient care would cost many times what it now costs if patients would have to travel to Grand Island or Omaha, Nebraska; and

WHEREAS, many times it is difficult and nearly impossible to obtain rooms in local hospitals.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That the United States Veterans Administration reconsider its ruling to close the Lincoln Veterans Hospital, and that an order

be entered that the Lincoln Veterans Hospital continue to be maintained.

2. That the Clerk of the Legislature be directed to send a suitable engrossed copy of this resolution to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, to the Administrator of Veterans' Affairs, Washington, D.C., to the Chairman of the Committee on Veterans' Affairs of the Senate and House of Representatives of the United States, and to each member of Congress from Nebraska.

BUDGET MESSAGE

OF

GOVERNOR FRANK B. MORRISON

TO THE LEGISLATURE OF NEBRASKA

January 26, 1965

Mr. President, Mr. Speaker, Senators of the Seventy-Fifth Session of the Nebraska State Legislature:

As I stated in my Inaugural Address, our watchword must be, "meeting our responsibilities with prudence." We cannot buy back yesterday. And it will be costly to remedy yesterday's mistakes, but the cost of remedying today's mistakes would be astronomical. Through this budget, we intend to meet the increased responsibility for our state and its people in the most economical and realistic manner possible.

The executive and legislative branches of state government must work shoulder to shoulder in developing intelligent and economical programs to provide for a better tomorrow.

In large part, our needs arise from changes that have evolved in recent years, such as the ever-enlarging numbers of students on all

levels necessitating an enlarged educational complex; and population growth which necessitates more and improved institutional facilities; and a change to a more complex, industrialized society.

My overall budget is \$421.5 million, of which \$120.0 million is projected to come from the general fund. After extensive review and considerations of the budgets submitted by the departments of state government, I believe this to be the minimum expenditure necessary to meet our responsibilities in the coming biennium.

For years the pay scales of state government have lagged behind comparative scales of private industry, resulting in the loss of many of our more competent and highly trained people. I am proposing salary increases and will support a unified personnel plan that can offer employees competitive salary schedules and a career system consistent with governmental economy and efficiency, such as that proposed in LB-174. I have included in this budget an unallocated fund of one and three-fourth million dollars, to be used as directed by the personnel system to effectuate salary adjustments on a unified and systematic basis. In the interest of providing uniform benefits for all employees, I have instructed the agencies and my budget staff to include group life insurance in all budget recommendations.

This is the first Executive Budget organized by programs. This is an ideal system to help both the Governor and the Legislators evaluate the budget. I commend the 1963 Legislature and particularly its Executive and Budget Committees for their important role in securing this needed improvement to State fiscal management techniques.

Several budgets were submitted so late that meaningful analysis was severely limited. I am in favor of the proposal limiting all agencies who submit late budgets to 90% of the previous appropriation.

EDUCATION

I have repeatedly emphasized education as an investment in the future. If we are to avoid decay or paternalism, we can do it only by improving the capacity of our people for self support. My determination to create an atmosphere to insure maximum development of our people continues.

To improve quality of instruction and take care of anticipated enrollment increases at the University, I have provided a 27% increase in the instructional budget. This budget provides for a \$10.4 million dollar operating budget increase for the University.

In my last budget message, I recommended that a ten-year improvement program in higher education be instituted which would double the University budget in 10 years. This budget is in line with that philosophy.

The capital construction budget of the University was received January 18, 1965, more than four months late. One reason for the delay is the advent of the National Science Foundation program, which could make available significant funds for essential scientific growth at the University. We cannot afford to ignore the advantages accruing to us as a result of these funds. While shortness of time prevents my giving you a detailed analysis I am in total agreement with the science-engineering complex implementation.

No more important task is before you than a detailed study of the proposal for a science-engineering complex at the University. This should have been submitted years ago, but the possibility of supplemental funds from the National Science Foundation makes essential its consideration at this time.

Brace Hall, Grant Memorial and the Geography Building should have been replaced or renovated 20 years ago. The chemistry laboratories are totally inadequate, the science libraries are fragmented. The need for consolidation and for an informational retrieval center as a prerequisite to efficient research is vital.

Aside from accommodating radically increasing enrollments, we must give quality to the technical fields where 90% of the contributors to all information developed from the beginning of time are producing new facts today. The present programmatic objective of the Regents meets these requirements while concurrently improving the quality of education by expanding the number of subjects taught in any given discipline and by treating all subjects with greater imagination and skill.

This state cannot afford mediocrity. We can and must have excellence. It is our key to a better tomorrow. With a goal of excellence, we can only hope to make a major stride toward that goal by meeting the stated objective. In addition one must realize each department has a unique base upon which to build and the achievement of excellence will require a single giant step for some disciplines, while others will require two or three such steps.

Nebraska's determination to attain scientific excellence can greatly be augmented by grants from the National Science Foundation. To take advantage of these grants requires that the University meet not only the minimum requirements of a sound program but to make a presentation which demonstrates an existing educational base upon which a significant university environment can be

achieved through the investment of federal funds here rather than at some other institution competing for these funds. I believe the present proposal accomplishes this objective. There is no doubt in my mind that the building program is required, reluctant as I am to expand brick and mortar. The present situation is similar to that of a race driver arriving at the starting gate of the Indianapolis 500 mile competition in a Stanley Steamer because his garage would not accommodate the new equipment needed to remain in competition with current programs. You also have a tough time today finding capable drivers willing to guide a Stanley Steamer with much enthusiasm. Your choice is to vigorously support this effort or to continue to stoke the steamer in order to have Nebraska appear on the program as an educational institution.

I want Nebraska to lead the heartland in scientific research which has industrial significance. We must develop fields of excellence integrated with industry and the economy of the state. This is essential to creating employment opportunities and checking the out-migration of our brain power and young leaders.

I recommend that you implement this science engineering program with a special levy so that every taxpayer will have a stake in its development; pride in its ownership; and know exactly how it was financed.

Also in regard to the University, I recommend that the state high school at Curtis be discontinued and that the facilities be converted to be a part of the College of Agriculture giving college level work and thus relieving the pressure on the East Campus at Lincoln.

Our State Colleges are an essential part of our educational program—we are on the threshold of dynamic developments in this area. Our State Colleges within their respective scope of interest are as important as the University. We can expect an increase in enrollment of about 35% in our four state colleges in the next biennium.

With these thoughts I am recommending increases in State College operating budgets of 50%.

While college trained individuals are essential to the future of our state, vocationally trained individuals are every bit as important. The demand for technical and vocational training is becoming greater each day. As I have pointed out in my inaugural address this demand can be met only by using existing facilities. I urge you to make use of three factors in order to maximize our educational dollar and to maximize the benefits to the state and local communities. These factors are the utilization of federal government

facilities which are being deactivated, the utilization of local educational plants, and the utilization of the resources of the local communities.

Local facilities should be utilized to full capacity and compromise fractionalization should not be tolerated. Accordingly, I am recommending a budget which will make maximum use of the facilities at Milford. In addition, existing facilities, such as the fine industrial art facilities at Peru State College, should be fully utilized. We should also review our educational approach. At one end, we should be giving a limited amount of college level work in connection with our vocational schools. At the other end, we should perhaps institute short vocational courses. And above all, we should strive to maximize the use of all of our facilities and resources.

As contemplated now, our entire system of Educational Television will be completed within the scope of this budget. I urge you to provide for its completion. A compromise at this time will destroy our past investment in the future. Piece meal implementation would be uneconomical, would reduce the efficiency of the entire system while raising the cost, and would penalize the students not reached. This, in turn, would penalize the state and the future.

The State Department of Education, along with our Educational Television system, represents the major portion of the state's responsibility to the local school systems and the individual local student.

In this budget I have emphasized assistance to the schools for the handicapped, but have effected certain housekeeping economies in the Department of Education.

INSTITUTIONS—WELFARE

In the aggregate the Department of Institutions is making outstanding advances within the dollar framework which has been appropriated. The consolidation of the penitentiary and reformatory, and opening of the unused areas of the Hospital for the Tuberculous at Kearney are significant among institutional management improvements. You will note that the budget for improving mental health recognized proven programs of treatment. Our institutions are now admitting more people than ever before. But, through improved treatment techniques, the rate of discharge has never been as great. We have provided in this budget a substantial amount of money to continue the inspiring trend which modern medical science now offers. In every aspect of mental health, this administration is encouraging maximum federal participation and doing all in our power to strengthen and expand the advances which have been made.

We must recognize, too, the needs of the other dependent members of our society. Accordingly, I have recommended some substantial increases in the budget for the Welfare Department. These increases emphasize the need to provide for our young dependents and to relieve the discomforts on those whose age or other circumstances warrant our assistance.

STATE OFFICE BUILDING

We have reached the point where a state office building is essential. A number of agencies now rent space in scattered locations, which is neither efficient nor economical. The temporary use of corridors for office space, unfortunately, has become semi-permanent. This is neither efficient nor attractive. A more tangible effect of the space shortage is the expenditure of some \$84,000 a year by state agencies for rental of office space.

It is my opinion that we should wait no longer to plan and construct an office building. I propose that the Legislature take action to start with construction no later than the spring of 1966, and more ideally by late fall of 1965.

Financing of the building may be accomplished in several ways. The first method, and the one which I would prefer, would be to issue revenue bonds and charge cash fund agencies rental for office space. I have requested that the Attorney General write an opinion on the legality of this proposal and, if it is not proper, to tell us what remedial legislation would be necessary to accomplish it.

Another source is the estimated three to ten million dollars of surplus in the State Treasury. Under our present accounting procedure we do not know the amount of surplus. It is estimated that it would take about two to three months to determine this figure. These funds will be identifiable under the new financial management system when the state adopts a full accrual system of accounting. It may be advisable to explore this area at once.

Another alternative would be to use three funds that are available. The Department of Roads was appropriated \$1.8 million dollars for a new building on which construction has not been started. Then there is the $\frac{1}{4}$ of a mill levied through 1964 for construction of a dental college building. Continuation of this levy for the next biennium would yield over \$1.8 million dollars. Then there is the surplus levy required by section 77-514. This would yield over \$1.6 million dollars in the coming biennium. These three funds total over \$5 million dollars.

We need an office building and we need it now. To delay longer will only cost us more as construction costs rise and as we continue to pay out rent, which soon will reach \$100,000 per year.

AG. RESEARCH & NEBRASKA INDUSTRIAL RESEARCH INSTITUTE

The Ag research program created by you is well under way. Significant progress was cited in my inaugural address, and will be further detailed in your committee hearings.

The Ag research program works hand in hand with the Nebraska Resources Division for substantial progress in the economic development of our state. We have one more step before our apparatus for state development is complete. This step is the funding of the Nebraska Industrial Research Institute which was created by you in 1961. This institute would conduct basic or applied research and development on a nonprofit basis for individuals, industrial, commercial or financial firms, or for any governmental agency, and would serve as a clearing house for basic and applied research information. By charging a fee for its work this Institute should ultimately become self-sustaining. This Nebraska Research Institute would combine with the activities of Ag Research and the Resources Division to form a solid triangle for the future of Nebraska. The possibilities of this Institute are tremendous and exciting. Coordination, utilization and support of the University and our state college system is alone sufficient to justify the funding of this program.

I purpose that the Nebraska Industrial Research Institute be funded by devoting 50% of the current mill levy for Ag Research to the Research Institute.

TOURISM

Nebraska has made considerable progress in its tourism program, financed from a small general fund appropriation. Favorable public reaction, however, combined with a newly established federal matching fund program of recreation-oriented land and water conservation indicates the advisability of a departure from general fund financing in favor of a more dynamic system.

I recommend the enactment of an excise tax on meals and lodgings which will provide sufficient revenue to meet the state's share of matching funds for park and recreational development as well as to finance the expansion in the tourism program which I am recommending.

While all systems of taxation have inequities, it is far more logical to finance our parks and recreational development and our tourist promotion projects from a tax on meals and sleeping accommodations. This would place the tax on the users and direct beneficiaries rather than the property owner.

ROADS—SAFETY PATROL

Considerable progress has been made on all segments of the highway system. We continue to convert as we can each year from gravel to dustless surfacing. Our farm-to-market roads, as well as our more heavily traveled highways, are being improved as fast as our funds will allow. We now have 215 miles of the Interstate Highway open to travel, which is 45% of our total Interstate mileage. The national average is 40%. An additional 95 miles of Interstate highway are projected to be completed within the next two years.

Further emphasis will be given to highway safety. In the years ahead, we will concentrate on a number of high-accident areas and re-design and improve many sections of highways.

While we can make physical changes in roads that will relieve some accident conditions, the main burden of highway safety enforcement will fall to the State Highway Patrol. It seems to follow that the miles of road and the increased vehicle density per mile results in more, but avoidable, accidents. I have come to the conclusion that, in addition to driver education programs and all of the other means of appeal for safety, we must increase the Patrol budget.

I am recommending an increase of 24% which calls for 50 additional troopers and improvements in the communications system. The most critical area, however, is the pay scale for our troopers. The Patrol pay schedules must receive priority attention from the personnel system.

SOIL CONSERVATION

State government must take the leadership in managing its soil and water resources. Optimum development of these resources will be required to meet the future needs of our people. Long range comprehensive planning by the State of Nebraska should be initiated now. Failure of the state to exert leadership will result in the Federal Government taking over where we have defaulted.

Resource development is an investment, not an expense of operation. Appropriations by your honorable body should be con-

sidered an investment, not an expenditure. I am recommending a budget that will: (1) accelerate watershed planning at a rate equal to incoming applications from local sponsors; (2) field a skeleton state river basin party; (3) make available additional technical services for the "laying out" of land treatment practices on the farms and ranches of our state; and (4) assist local watershed sponsors in obtaining needed land easements and rights-of-way.

Waste of precious water and soil is depleting our basic wealth and weakening the future fabric of our state. We cannot afford not to have an adequate soil and water conservation program.

REVENUE

In every budget there are revenue considerations. In that regard I have some comments and recommendations to present to you.

The burden of property taxes arises at the local level and is caused primarily by local school systems. If real relief is to come to the property owner from the inequities of local school taxes it can only come by a state or federal aid to education program. As the state financing agency you must concede this situation. No amount of prudence in state government can offset a lack at local wisdom—this is the people's responsibility.

Well over 50% of our property tax dollar goes to support local school systems, over 30% of our property tax dollar goes to support city and county government, while 15% of the property tax goes to support state government. And within state government the property tax ranks third. In 1963 the relative sources of State expenditures were over 32% from the Federal Government, a little less than 27% from special sales taxes levied by the State and 15% from the property tax.

As to revenues in the coming year, we anticipate that taxable property valuations will continue to increase at a minimum rate of 2.7% per year.

I suggest that you increase taxes on cigarettes, other tobacco products, beer, spirituous liquors, wines, and pari-mutuel wagering. In addition motor vehicle search fees should be increased to raise an additional \$250,000 per biennium. I strongly recommend the excise tax on meals and lodgings which would replace the .3 of a mill levy of the State Park Fund. These new sources of income should be implemented so as to produce an amount sufficient to implement the budget you eventually adopt without any increase in property tax levies excepting only the Science-Engineering complex levy herein suggested.

Any person to whom a stamp has been issued shall, immediately upon request, exhibit the stamp to any officer or person whose duty it is to enforce the provisions of these sections. Any person taking, hunting, killing, or possessing in the field mourning doves in this state without such a stamp attached to his or her hunting permit and actually not on or about his person, shall be deemed to be without such stamp. Such stamp shall be issued upon the payment of 5 dollars as provided by rules and regulations of the Game, Forestation and Parks Commission.

SECTION II The hunting stamp, provided for by the provisions of the above section shall not be transferable. Such stamps shall expire at midnight on December 31 of the year in which issued.

The State Treasurer shall place the funds so received in the State Game Fund. The secretary of the Commission and any county clerk or public official designated to sell such stamps shall be liable upon their official bonds for failure to pay the money from the sale of the stamps, as required by these sections, coming into their hands. Any other person, firm, or corporation who shall receive stamp fees, under the provisions of these sections or the rules of the Commission, and who shall fail to pay over the same to the Commission in accordance with its rules and these sections and, after demand is made for the same shall be liable to suit by the Commission in double the amount of the funds wrongfully withheld and shall further be liable criminally for embezzlement.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

TWENTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, February 10, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

The roll was called and all members were present.

MOTION—Prayers

Mr. Carpenter moved that the prayer by the Chaplain this morning be printed in the Legislative Journal, and all prayers hereafter.

The motion prevailed.

Prayer

O God, as we look out upon a land of white this morning, yet realize it is composed of millions of individual grains. So we know that Thou, who dost look on three billions of thy creatures all over the earth, art as concerned about each of us here as if we were an only child. Thou dost understand how hard it is for these thy servants to keep in mind the thousands of their fellow citizens for whom they must legislate. Thou knowest the clamor of voices in their ears, the constant tugging at their sleeves, forever trying to influence them; the small voices of the little men without money or names; the blatant voices of aggressive pressure groups; the big voices of selfish men and those working for personal gain, even the whispering inner voices of personal ambition, those insinuating voices holding out the lure of unmerited reward. Amid all the din of voices, give these thy servants the willingness to take time to listen to thy voice, knowing that if they follow the still small voice within, all thy people will be served fairly, and all groups will get what they deserve. For Jesus' sake. Amen.

STANDING COMMITTEE REPORTS**Judiciary**

LEGISLATIVE RESOLUTION 9. Placed on General File.

Statement on LR 9:

Several hundred people were present at the hearing of said resolution, February 1, 1965, many speaking for and in opposition. After a hearing which took nearly three hours and would take three

books to explain, I refer the members of the Legislature to Pages 148 and 149 of the Journal for the substance in said resolution, which takes in everything as provided by Article V of the Constitution of the United States. The opposition contended that the resolution is un-American, sponsored by the Birch Society and many other un-American groups.

After a thorough and complete hearing some of the members of the Judiciary Committee who voted to advance the bill to General File felt that the entire Legislature deserved to hear it, although I am sure that at least two or three of these five members will probably vote against Resolution #9 when it is debated on the floor. Nevertheless, the Committee advanced Resolution #9 to General File by a vote of 5 - 2, one not voting.

TWENTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska

Thursday, February 11, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
Speaker Bowen presiding.

Prayer was offered by Mr. Kremer.

Prayer

Our heavenly Father we come into thy presence in prayer again this morning, first of all to thank thee for thy continued blessings. This generous supply of moisture again reminds us of thy promise that there shall be winter and summer, seed time and harvest as long as the earth remains.

Today we are again faced with decisions, grant us wisdom to make these decisions. Clear our minds from selfish motives and purposes so that all we do today may be for the good of our State.

This morning we join in prayer with many others for those in authority over us, that in this, another hour of crisis, they may have thy divine guidance. Give unto them clear minds to find a solution to avoid war and that our world may enjoy peace. We pray these things in the name of our Lord, Jesus Christ. Amen.

THIRTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, February 15, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

God of our fathers and our God, in the darkness of this stormy morning, disclose the brightness of Thy presence and revive within us the hope of our faith. Deliver us from discouragement, and when we feel most helpless, help us turn to Thee for the answers Thou hast for every question. Enable us to see issues clearly, before crisis clouds them, and help us to choose the good course, lest relying upon our own wisdom we have to choose between evils. Give us the boldness of a faith that has conviction as well as sentiment, and take from us all fears save that of failing to do Thy will. We ask in the name of him who died for all men, even Jesus Christ our Lord. Amen.

THIRTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska

Tuesday, February 16, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was delivered by the Chaplain.

Prayer

Our father in heaven, as we pray for thy guidance and help, we know that thou dost not intend prayer to be a substitute for work. We know that we are expected to do our part. Thou hast made us, not puppets, but persons with minds to think and wills to resolve. Make us willing to think, and think hard, clearly, and honestly, guided by thy voice within us, and in accordance with the guidance thou hast given us. May we never fail to do the very best we can. We pray in the knowledge that it all depends on thee. Help us then to work as if it all depended on us, that together we may do that which is well pleasing in thy sight. For Jesus' sake. Amen.

The roll was called and all members were present except Mr. Moulton, who was excused.

Prayer

When we are honestly perplexed and have to do something, and are not sure what to do, we need Thy help, O God. In our choices let us not ask, "will it work?" but, rather, "is it right?" Through Jesus Christ our Lord. Amen.

THIRTY-FIFTH DAY

Monday, February 22, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Fathers' God to Thee, who art the author of our liberty, and under whom we have our freedom, we make our prayer on this day honoring George Washington. Make us ever mindful of the price that was paid to obtain that freedom and the cost that must be met to keep it. Help us in this day so to live it that other men shall desire it and seek after it. Believing in it, give us the backbone to stand up for it. Loving it, may we be willing to defend it. In the strong name of Him who said, "If ye continue in my word, ye shall know the truth, and the truth shall make you free." Amen.

“Sec. 7. That section 32-496, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

32-496. After the reception of the returns of each election precinct, township, or ward by the county clerk or election commissioner, directed to him, as provided by sections 32-492 and 32-494, and on the Friday following the election he, together with not less than two nor more than ten disinterested electors of different political parties of the county chosen by him, shall open the tally list of the poll books and from the returns therein make an abstract of the votes of each candidate and enter the same in a permanent ledger, precinct by precinct, which ledger shall be preserved by the county clerk or election commissioner, as the case may be, in his office; *Provided, that in counties have a population of more than sixty thousand inhabitants the election commissioner may appoint such additional persons of the same number from each party to augment such counting board.* Such canvassing boards may adjourn from day to day, when necessary. When such canvass heretofore referred to in this section is completed, the canvassing boards may proceed to count and canvass the absent, sick, and disabled votes received by mail. After the canvass of all absent and disabled voters' ballots, the abstract of the vote of the absent and disabled voters' ballots shall be added to the permanent ledger as provided by this section.”

2. Amend the bill by renumbering original sections 7 and 8 as sections 8 and 9 respectively.

Two of the persons appointed shall act as judges and two of the persons appointed shall act as clerks who, together with the deputy election commissioner, shall serve at all state elections and shall constitute an election counting board for the absent and disabled voters of the county. LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

THIRTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, February 23, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

We know, our Father, that there is a time to speak and a time to keep silent. Help us to tell the one from the other. When we should speak, give us the courage of our convictions. When we should keep silent, restrain us from speaking, lest, in our desire to appear wise, we give ourselves away. Teach us the sacraments of silence, that we may use them to know ourselves, and, above all, to know thee. Then shall we be wise. Through Jesus Christ our Lord. Amen.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

THIRTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, February 25, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

We come in prayer to Thee, Lord Jesus, who never had to take back anything spoken, to correct anything said, or to apologize for any statement. Wilt thou have pity upon our frailties and deliver us from pitying ourselves. Bless the members of this body as they think together and work together in this chamber, in committee rooms, and in their offices. Help them to stand up under the strains and the tensions of problems and decisions, of meetings and conferences, and the endless demands made upon them. Teach them how to relax and to take time to turn to thee for guidance and for grace, and thus discover the secret of power. In Thy name we ask it. Amen.

The roll was called and all members were present except Messrs. Craft and R. Rasmussen who were excused for the day and Mr. D. Payne who was excused until 9:30 a.m.

Report

February 25, 1965

From: Nebraska Retirement Systems Advisory Committee
To: The Seventy-Fifth Session of the Nebraska Legislature
Subject: Report on Proposed Retirement Plans and Amendments to Existing Plans

The 1959 Legislature created the Nebraska Retirement Systems Advisory Committee (50-416, 50-417, R. R. S. 1943). According to the statutes the Committee "shall study any legislative proposal, bill, or amendment, other than an amendment proposed by the Committee on Enrollment and Review, affecting any public retirement system, existing or proposed, established by the State of Nebraska or any political subdivision thereof and report the results of such study to the Legislature, which report shall, when applicable, include an actuarial analysis and cost estimate and the recommendation of the committee regarding passage of any bill or amendment."

The Nebraska Retirement Systems Advisory Committee is composed of the following members: Senators William Hasebroock, chairman; Fern Hubbard Orme, Albert A. Kjar, J. W. Burbach, and Elvin Adamson.

The Committee herewith submits its report of the studies it has made of the following bills affecting public retirement systems or proposing new retirement systems: LB 112, LB 158, LB 308, and LB 493. The Committee has employed the services of a professional actuary as it is authorized to do by statute to assist it in its studies.

LB 112

Purpose of the Bill. Federal Internal Revenue Service regulations permit school employees, under certain conditions, to purchase individual annuities with before-tax dollars. This bill would enable employees of the four state colleges to take advantage of this regulation. The 1963 Legislature passed a bill enabling public school

employees to take advantage of this regulation on a purely voluntary basis.

Cost to the State. Passage of the bill would result in no cost to the state.

Committee's Recommendation. The Committee recommended that the bill be passed.

Reasons For Committee Recommendation. The bill is favored by the State Normal Board and it is merely enabling legislation. It would in no way affect existing retirement systems or result in any cost to the state.

NOTE: After the Committee met the introducer asked to withdraw LB 112 because the purpose is included in LB 158. The Committee had agreed that this bill would not be necessary if LB 158 was enacted.

LB 158

Purpose of the Bill: The purpose is the same as mentioned above for LB 112. The only difference is that this bill includes employees of the University along with those of the four state colleges.

Committee's Recommendation. The Committee recommends that this bill be passed and for the same reasons listed above for LB 112, recognizing that both bills are not needed.

LB 308

Purpose of the Bill. This is enabling legislation to permit second class cities and villages to establish retirement systems.

Cost to the State. The passage of this bill would result in no cost to the state.

Committee's Recommendation. The Committee recommends that LB 308 not be passed.

Reasons For Committee Recommendations. This recommendation is not based on any objection to retirement systems being set up for employees of these municipalities. However, the Committee does have some criticisms of this bill.

First, it appears to exempt from any such plan the elected officials, and in these smaller communities they usually are elected over and over and constitute a sizeable portion of the city work force. Second, the requirement that the employee's contribution be at least as much as the employer's may be a desirable safeguard

but it means that past service must either be eliminated or paid for, in effect, by the younger employees. Also, the last sentence in the bill does not appear to have any meaning.

It is the feeling of the Committee that the interests of these cities and villages might be best served by the establishment of a state-wide system in which each municipality could elect to participate or not. When a municipality sets up its own plan, the decisions usually require many man hours on the part of elected officials. The smaller the municipality, the greater the relative burden of this work and perhaps the greater the risk of decisions that result in inadequate funding.

LB 493

Purpose of the Bill. The purpose of the bill is merely to make it clear that the Legislature can appropriate the necessary money to adequately fund the Safety Patrol Retirement System without increasing the contributions of the patrolmen.

Cost to the State. The passage of this bill alone would result in no cost to the state. However, if the Legislature decided to take advantage of its provisions and fund the system properly, it would require approximately \$300,000 annually for 20 years to remove the present unfunded liability.

Committee's Recommendation. The Committee recommends that this bill be passed.

Reasons For Committee Recommendation. There is some question now whether existing statutes would permit the Legislature to fund this system properly without increasing the patrolmen's contributions. It would take 15% of a patrolman's salary to adequately fund it, and this would mean he would have to have a salary increase. This bill would merely enable the Legislature, if it so decides, to appropriate the necessary money to fund the system. The Committee is not necessarily recommending that the Legislature fund the plan at this time.

In addition to the above bills, the Committee considered LB 110. However, it decided to hold up a recommendation at this time because of some question if the language of the bill will accomplish the purpose desired. Clarification has been sought from the Attorney General, and the Committee will submit its report at a later date.

Status of the Above Bills

LB 110 has been scheduled for hearing by the Budget Committee on March 1. LB 112 has been withdrawn for the reasons given

earlier. LB 158 has been scheduled for hearing by the Budget Committee on March 2. LB 308 has been referred to the Budget Committee but no hearing date has been set as yet, and the same is true of LB 493.

Monday, March 1, 1965

Prayer

Eternal God, our Father, as we stand on the threshold of a new day, we would face it with a sense of joyous enthusiasm and personal responsibility. The issues to which we give our attention this day will be many. The opinions expressed will be varied and different. In some matters it will not be easy to know how to cast our vote. Give us then, we beseech Thee, the wisdom of Thy Spirit to discern the right—to know what is best for the men and women whom we represent back home and which we honestly believe is for the best good of the commonwealth. Send out Thy light and Thy truth and let them lead us to make the best decisions.

In the name of Him who is the Way, the Truth, and the Life . . . Amen.

The State Entomologist of Nebraska shall not issue any entry permit for any nuclei or used bee equipment of the person involved during the period of the next three years.*

Sec. 7. That section 81-2,171, Revised Statutes Supplement, 1963, be amended to read as follows:

81-2,171. *It shall be unlawful for any person, firm, corporation or transportation company to bring into this state any bees on comb, used hives, or other used apiary appliances from any other states or countries except nuclei of four frames or less may be admitted under special permit; Provided, that common carriers may transport bees and apiary appliances through this state if the shipment originated outside of this state and is destined for some point outside of it. It shall be unlawful for any person to bring or cause to be brought into this state any bees, combless packages, queen bees, or used bee equipment nuclei unless there is plainly and legibly marked thereon or affixed thereto, or on or to the car or other vehicle carrying, or on the hive or package or other container of the same combless package, or nuclei, in a conspicuous place, a statement or a tag or other device showing the names and addresses of the consignors or shippers, the consignees or persons to whom shipped, and the name of the locality of origin, together with a certificate of inspec-*

tion of the proper official of the state, territory, district or country from which it was brought or shipped, showing that such bees or used bee equipment were found or believed to be free from any infectious or contagious bee diseases. Colonies of bees and used bee equipment *Nuclei* must also be accompanied by a written permit from the State Entomologist as provided for further in this section. Whenever bees or used bee equipment are shipped into Nebraska covered by a valid certificate issued by other state or government inspectors, such certificates shall be held prima facie evidence of the facts therein stated, but the Department of Agriculture and Economic Development shall be authorized to inspect or reinspect such bees and bee equipment *nuclei*, and if necessary because an infectious or contagious bee disease is found, subject it to proper treatment or return it to the consignor at his expense.

Any beekeeper, dealer, firm or organization who desires to move into Nebraska any colonies of bees or used equipment shall apply to the State Entomologist for a written entry permit at least fifteen days prior to the date he would like to enter the state. Said written permit must accompany all such shipments when they enter the state. At the time of application for the entry permit the following conditions must be met:

(1) A statement of facts from the state apiary inspector of the state of origin giving the past disease history of the apiary or apiaries from which such bees are to originate.

(2) A list of the proposed beeyard locations where colonies can be inspected after they are brought into the state. Such location shall show Range, Township, Section and quarter section. When the colonies are brought into the state before July 1, the State Entomologist shall send this information to the county assessor involved so that those colonies are added to that year's personal property tax list and for collection of the ten cents per colony bee tax.

Ten days in advance of the shipment of the bees the shipper must furnish the State Entomologist with the following:

A copy of a valid certificate of inspection signed by the State Entomologist, apiary inspector, or other responsible official of the state of origin. This inspection certificate must be based on actual inspection of bees and material within sixty days of the date of shipment. Another copy of this certificate must accompany all such shipments when they enter the state.

When the State Entomologist, or his assistants shall find foul brood repeatedly in nuclei shipped from another state under official certificates of inspection, the State Entomologist thereafter shall refuse to recognize the certificate of such state until such time as he

shall receive satisfactory information that its inspection service has again become trustworthy.

Any beekeeper, dealer, firm or organization who desires to move into Nebraska nuclei of four frames or less shall apply to the State Entomologist for a written entry permit at least sixty days prior to the date he would like to enter the state. The written permit must accompany all such shipments when they enter the state. Entry into the state without a permit shall be unlawful. Each colony of bees, nuclei, or each shipment of used bee equipment brought into each county of the state without compliance with this statute shall constitute a separate offense.

Each colony or nuclei of bees brought into this state without compliance with this section shall constitute a separate offense. Each day during which each colony of bees, nuclei or each shipment of used bee equipment remains in this state without compliance with this section shall constitute a separate offense. Nuclei, colonies of bees, and used equipment brought into the state in violation of this section shall be declared a nuisance and be hauled out of the state within five days after notification by the Department of Agriculture and Economic Development or the department shall be empowered to destroy the colonies, nuclei or used equipment by burning without any remuneration to the owner. Notification shall be by writing the owner or person in charge of such bees or equipment. Written notice may be served by handing a copy thereof to the owner or person in charge of the apiary, or by leaving a copy thereof with an adult person residing upon the premises or by registered or certified mail addressed to the owner or person in charge of such apiary at his last-known or reputed address. At the time of application for the entry permit the following conditions must be met:

(1) A statement of facts from the state apiary inspector of the state of origin giving the past three years disease history of the apiary or apiaries from which such nuclei are to originate.

(a) A permit may be denied even though an inspection within the last sixty days shows the bees to be free of disease, when in the opinion of the department, the disease history of the outfit during the immediately preceding three years is so high as to warrant concern that the nuclei might be carrying a hidden disease.

(b) A permit may be denied to anyone having a past record of conviction of willful violation of the bee law in any state of the United States. This shall also pertain to nuclei leased by the owner or firm to other persons.

(2) A list of beeyard locations where the nuclei can be inspected after they are brought into the state. Such locations

shall show county, range, township, section and quarter-section. When the nuclei are brought into the state before July 1, the State Entomologist shall send this information to the county assessor involved so that those colonies are added to that year's personal property tax list and for collection of the ten cent per colony bee tax. After the permit is issued, colonies covered by the permit shall be placed on the locations noted on the permit. If nuclei are placed in unlisted locations, each unlisted location shall constitute a separate violation of the law. Ten days in advance of the shipment of the bees, the shipper must furnish the State Entomologist with the following:

(a) A copy of a valid certificate of inspection signed by the State Entomologist, apiary inspector, or other responsible official of the state of origin. This inspection certificate must be based on an actual one hundred per cent inspection of the bees and material within sixty days of the date of shipment. No inspection certificate will be accepted from another state where American foul brood was found during the inspection, even though the diseased colonies were destroyed. Where American foul brood was found in the apiary, the disease shall have been destroyed and at least thirty days must elapse before another inspection for the purpose of certification is made. If no disease is found on this inspection, a certificate to that effect on the remaining nuclei will be accepted.

Any beekeeper, dealer, firm or organization who has been denied a permit to enter the state may appeal in writing within ten days for a hearing before the apicultural advisory board. The board may uphold or set aside a denial of a permit by a majority vote.

Any apiary not regularly attended in accordance with good beekeeping practice and which comprises a hazard or threat to disease control in the beekeeping industry may be considered an abandoned apiary and will be subject to seizure by the State Entomologist. Any diseased equipment may be burned and the remainder may be sold at public auction, proceeds after the cost of the sale are deducted to be returned to the former owner or his estate; Provided, that before burning any such equipment, or causing the same to be sold, the State Entomologist, or his deputy, shall give the owner of, or person in charge thereof, a written notice at least ten days prior to the date on which said property will be burned or sold. This notice to be given by registered or certified mail or personally served upon the owner of, or person in charge of such property.

Sec. 8. That section 81-2,179, Revised Statutes Supplement, 1963, be amended to read as follows:

81-2,179. LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

FORTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, March 2, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Rev. Kenneth C. Stewart, Lincoln.

Prayer

“O young and fearless Prophet of ancient Galilee;
Thy life is still a summons to serve humanity
To make our thoughts and actions less prone to please the crowd,

To stand with humble courage for Truth with hearts uncowed.”

Forgive us, O Lord, that too frequently we have closed the door of our lives to Thee and have kept Thee standing outside our conscious desire for approval. Strengthen within us the determination to open wide our minds and our emotions, our choices and our decisions to the guidance of Thy Spirit within us. Use each one of us this day as an instrument for good. Deepen in us an awareness of our indebtedness to Thee for life, liberty, and the pursuit of happiness. Grant that we may demonstrate our gratitude by the quality of service we render on behalf of Thy people.

Through Jesus Christ, Our Lord. Amen.

The roll was called and all members were present except Messrs. Mahoney, Skarda and Wylie, who were excused, Mr. Stromer who was excused until 9:20 a.m., and Mr. Proud, who was excused until 10:30 a.m.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

FORTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, March 3, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Rev. Kenneth C. Stewart, Lincoln.

Prayer

Almighty God, our Father, we look to Thee this day not merely because it is the thing to do or because we expect the stamp of Thine approval upon all that we do. We come because we realize Thou art the very ground of our being and because we are ultimately responsible to Thee. We come to Thee not because we are strong but because we are weak, not because we have all the answers to every issue but because we need to be guided in judgment.

Give us, we beseech Thee, alert minds to think clearly and courageous hearts to speak without fear or favor. Use us this day as Thy servants so that what is accomplished may be for the good of this fair state and the people whom we represent.

In Thy Strong Name, AMEN.

The Roll was called and all members were present except Mr. Danner, who was excused until 9:15 a.m.

FORTY-THIRD DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, March 4, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, we in this place are weighted down by the problems which confront us. Convict us of our share of personal responsibility for the situation in which we find ourselves. May we confess our part in creating our dilemmas, lest we feel no obligation to solve them. Help us to quit waiting for the other fellow to change his attitude and his ways, lest we never give Thee the chance for which Thou hast been waiting to change us. This we ask in the lovely name of Him who came to change us all, even Jesus Christ our Lord. Amen.

FORTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, March 9, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

The prayer was offered by the Chaplain.

Prayer

We thank thee, O Lord, that this land is still governed by the people's representatives. Let democratic processes be seen at their best in this time of testing. As these chosen men and women discharge their duties, guide them, O God, in the decisions they must make today. Give them the grace of humility, and shed now thy guiding light into every mind. Break down every will that is stubborn against thine or that has ignored thee. May what is done be so clearly right that it needs no incendiary justification. Sooth our still smoldering hearts and minds with the spirit of forgiveness. Let us be swayed not by emotion or ambition but by calm conviction. This we ask in Jesus' name. Amen.

The roll was called and all members were present except Mr. Carstens, who was excused until noon.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

FORTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, March 10, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Forgive us, O God, that in this land so richly blessed by thee, we, thy people, have been wasteful. We have wasted the treasures of the earth, stolen the virtues of the soil, in failing to restore after we had received. But we have been wasteful of ourselves. We have wasted our strength in enterprizes not inspired of thee. We have wasted our talents in unworthy causes, wasted our love in loving the unlovely. We have wasted our money for that which satisfieth not. We have wasted our time and activities that profiteth nothing. Forgive us all wherein we have been prodigal, and, like the younger son, help us to come to ourselves, that we may come to thee, to be forgiven and restored. This we ask in Jesus' name. Amen.

The roll was called and all members were present except Mr. Stromer who was excused until 9:10 a.m. and Mr. E. Rasmussen who was excused for the day.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

FORTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska

Thursday, March 11, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

We open our hearts unto thee, Our Father, and pray that thy spirit may indwell in each one of us and give us poise and power. We believe in thee, O God. Give us the faith to trust thee for guidance in the decisions we have to make. Help us to do our very best this day and be content with today's troubles, so that we shall not borrow the troubles of tomorrow. Save us from the sin of worrying, lest stomach ulcers be the badge of our lack of faith. Amen.

The roll was called and all members were present except Mr. Dale Payne, who was excused until 9:25 a.m.

Transcript

"The president of the ETV Commission of Nebraska and Dr. Miller and one or two others were applicants for the job of superintendent of schools in Omaha because the superintendent of our schools died. The Board of Education selected Mr. Miller as Superintendent of Schools rather than Mr. Watkins, Superintendent of the Lincoln Schools and also the chairman of the ETV Commission. I think this gentleman has a great deal of bitterness towards Omaha because he wasn't selected as Superintendent of Schools because the Board of Education went somewhere else to select a Superintendent of Education. They undoubtedly felt that he would be better fitted to do the job, and I never knew Mr. Watkins until I met him down here. This has been one of the bones of contention to begin with. Everything that Mr. Watkins has been able to throw in the path of our station has been done."

Mr. Watkins' Letter

March 11, 1965

The Honorable Sam Klaver
State Legislature
State Capitol Building
Lincoln, Nebraska

Dear Senator Klaver:

I was shocked to hear on the six o'clock broadcast on KOLN-TV last night, March 10, 1965, your alleged statement to the effect that I, as chairman of the ETV Commission, was opposed to any help for Omaha because I had been an unsuccessful candidate for the position of Superintendent of Schools in Omaha.

Upon calling the television station to inquire about the statement, I was informed that the item was taken from the Associated Press news and that it had gone out over the wires all over the state.

Mr. Klaver, I don't know where you got your information, or what makes you feel the way you do, but for the record I would like to state that I was never a candidate for the Omaha position and that I never approached the Board of Education in Omaha about the position.

I realize that you have a right to your own opinions about any members of the Commission and the work of the Commission as a whole, but I question very much your right to make false statements about any one of the members and to infer or imply that such a statement provides a reason for that individual to act against the best interests of the State.

The Commission has attempted to do the job it was requested to do according to its considered opinion. The members of the Commission have worked hard to plan for the development of a state-wide ETV network which would service all of the people of Nebraska.

I regret that you have the opinion of me that you do, but recognize your right to that opinion. However, I would appreciate it if you would correct the statement you are reported to have made to the Senators about me if that statement has been reported correctly by the news services.

Sincerely yours,

(Signed) Steven N. Watkins
Superintendent of Schools

Report

March 11, 1965

From: Nebraska Retirement Systems Advisory Committee

To: The Seventy-Fifth Nebraska Legislature

Subject: Report on Proposed Retirement Plans and Amendments to Existing Plans

The Nebraska Retirement Systems Advisory Committee is here-with submitting its second report to the Seventy-Fifth Session of the Nebraska Legislature on proposed retirement legislation. This report covers the following measures: LB 229, LB 237, and LB 486.

LB 229

Purpose of the Bill. This bill affects the Teachers Retirement System, and it would increase the service annuity to school employees, including retired school employees. Under the present law the service annuity is \$1.50 per month for each year of creditable service up to a maximum of 35 years. Under LB 229 it would be

increased to \$2.00 and the 35 year limit would be removed. The increase would be retroactive.

Cost to the State. The total increase in annual cost if the liability is amortized over a period of 20 years would be \$1,083,000. In addition, since the bill contains no provision for paying for the proposed higher benefits, its passage would increase the unfunded liabilities of the system by \$10,555,000.

Committee's Recommendation. The Committee recommends that the bill not be passed.

Reasons For Committee Recommendation. Because the bill contains no provision for paying for the proposed increased benefits, its passage would serve to increase materially the unfunded liability of the teachers retirement system. It would mean that future generations would have to pay for services rendered as many as 60 years ago.

LB 237

Purpose of the Bill. This enabling legislation affecting the University of Omaha retirement system. At the present time University employees own individual annuities. This bill would allow the use of individual annuities or group annuities or both.

Cost to the State. Passage of this bill would result in no cost to either the State or the University of Omaha.

Committee's Recommendation. The Committee recommends the passage of this bill.

Reasons For Committee Recommendation. This bill is merely enabling legislation affecting only the University of Omaha retirement system and it is legislation desired by the school's Board of Regents.

LB 486

Purpose of the Bill. This bill provides that public school employees would become members of the State Employees Retirement System on September 1, 1966. After that date public school employees would make no further contributions to the School Employees System. The money in an individual's account on September 1, 1966, would be accumulated at interest and used, at retirement, to provide a savings annuity. Service annuity credits (\$1.50 per month for each year of creditable service) earned prior to September 1, 1966, would be an obligation of the state and the service annuity would be paid on retirement. This means that past service would be covered by the provisions of the School Employees System and future service by the State Employees System.

Cost to the State. It is estimated that the maximum annual budgetary cost of the bill would be \$1,950,000. The annual actuarial cost of the bill is estimated at \$1,560,000.

Committee Recommendation. The Committee recommends that this bill be passed.

Reasons For Committee Recommendation. The benefits to Nebraska teachers would be greater under the State Employees System than they are under their own system. Consolidating the two systems should result in some administrative economies, fewer retirement bills in future sessions, and fewer details for elected official and others to keep in mind. Under the present Teachers System a large unfunded liability has developed because the appropriations have been arbitrary and have not necessarily been related to costs. The plan proposed in this bill is a money-purchase plan with cost fixed by statute. An unfunded liability cannot develop with respect to current service.

Communication

March 12, 1965

Mr. Hugo Srb
Clerk of the Legislature
State Capitol Building
Lincoln, Nebraska

Dear Mr. Srb:

Additional work assignments which came to the Department of Justice this morning make it necessary for us to ask the indulgence of the Legislature with respect to requests for opinions which we have received from members. During the next few weeks there may necessarily be some delay in answering those requests.

All of my assistants will be tied up the last part of this month and the first few days of April in the trial of habeas corpus cases in federal court in Lincoln and Omaha. All but one have been notified that they will have to be in St. Louis some time in May to argue habeas corpus cases which have been appealed to the Circuit Court. Orders were received in five new cases which will also require substantial preparation. In addition, the federal court today appointed defense counsel in 10 other cases, indicating that they will be con-

tested cases requiring substantial time. Each of the men already had at least 8 habeas corpus cases.

This enumeration of assignments does not include our normal work in preparing briefs for the Supreme Court, nor requests received from state and county officials.

We will do everything possible to answer your requests as promptly as circumstances permit.

Very truly yours,

(Signed) Clarence A. H. Meyer

Forbid it, Lord, that we should walk through thy beautiful world with unseeing eyes. With such great need in every other part of the world, make us so grateful for the bounties we enjoy that we shall try, by thy help, to deserve them more. Where we are wrong, make us willing to change; and where we are right, make us easy to live with. For Jesus' sake. Amen.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

FIFTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, March 16, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

We pray, O God, that thou wilt fill this sacred minute with meaning, and make it an oasis for the refreshment of our souls, a window cleaning for our vision, and a recharging of the batteries of our spirits. Let us have less talking and more thinking, less work and more worship, less pressure and more prayer. For if we are too busy to pray, we are far busier than we have any right to be. Speak to us, O Lord, and make us listen to thy broadcasting station that never goes off the air. Through thy Holy Spirit, who is waiting to lead us into all truth. Amen.

The roll was called and all members were present.

The Journal for the Fiftieth Day was approved.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

FIFTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, March 17, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Lord Jesus, when we get sick of ourselves, ashamed of our littleness, or selfishness, and the petty things that irritate us, then let it be the beginning of spiritual health by making us willing to have thee create in us clean hearts and renew right spirits within us. Hold us steady lest we lose our poise. Guard our speech lest by cutting words and careless deeds we hurt our colleagues in the cause for which we seek. Where we differ in approach to a problem, may we ever be open to consider another and a better way, guided, not by whether it be popular, or expedient, or practical, but always whether it be right. Hear our prayer, O Lord, and help us, through Jesus Christ. Amen.

The roll was called and all members were present except Messrs. Burbach, Lysinger, D. Payne, and Proud who were excused.

RESOLUTIONS

LEGISLATIVE RESOLUTION 28. Re: Earmarking Revenue

Introduced by Fern Hubbard Orme, 29th District; Ramey C. Whitney, 44th District and Stanley A. Matzke, 24th District.

WHEREAS, the state receives revenue from many different taxes, fees, and charges; and

WHEREAS, over the years many separate revenue funds have been created for the support of particular governmental programs; and

WHEREAS, the resulting earmarking of state funds for these programs raises questions of efficient fiscal controls; and

WHEREAS, the proposals to earmark additional revenues in the present session have led to much discussion of the practice.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That the Legislative Council appoint a committee to make a comprehensive and detailed study of all the revenue funds of the state, the purposes for which they are dedicated, and the effects of earmarking on modern methods of fiscal control.

2. That the committee report its findings together with its recommendations to the next regular session of the Legislature.

Referred to the Executive Board of the Legislative Council.

LEGISLATIVE RESOLUTION 29. Re: Storage of Feed Grains

Introduced by Maurice A. Kremer, 34th District; Arnold Ruhnke, 31st District; W. H. Hasebrook, 16th District and Herb Nore, 22nd District.

WHEREAS, feed grains in storage have dropped from a high of eighty-seven million tons to present fifty-eight million tons; and

WHEREAS, storage of feed grains diminished during the years 1963-1964; and

WHEREAS, storage of feed grains represent potential food reserves; and

WHEREAS, unless storage of grains is maintained in Nebraska, in the near future the stored grains will be reduced to the extent that if drought conditions continue, there will be little grain stored as a reserve for the feeding of livestock which will require the shipping of grain to Nebraska from other suppliers; and

WHEREAS, the geographic location and the climatic conditions favor storage of feed grains in Nebraska; and

WHEREAS, the economy of the state will be greatly effected by calling in the stored feed grains of the years 1960 and 1961.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That the feed grain stored for the year 1961 be not called for delivery.

Forgive us, O God, that we are so anxious, in all we say and do, to have the approval of men, forgetting that it is thy approval that brings us peace of mind and clear conscience. We need to remember that there is no party in integrity, and no politics in goodness. We pray for thy grace and thy help to do better and to be better. Through Jesus Christ. Amen.

Report

March 17, 1965

From: Nebraska Retirement Systems Advisory Committee

To: The Seventy-Fifth Nebraska Legislature

Subject: Report on Proposed Retirement Plans and Amendments to Existing Plans

The Nebraska Retirement Systems Advisory Committee is here-with submitting its third report to the Seventy-Fifth Session of the Nebraska Legislature on proposed retirement legislation. This report covers the following measures: LB 110, LB 487, LB 559, and LB 717. In addition, the committee reconsidered LB 158, previously reported on, and its new recommendation is also included in this report.

LB 110

Purpose of the Bill. This bill would permit a person who has contributed to the Teachers Retirement System, but who is now covered under the retirement system for the State Colleges, to withdraw his accumulated contributions from the Teachers Retirement System.

Cost to the State: This bill would not result in any cost to the state. In fact, it would save the state money because the obligation to pay a service annuity would be eliminated.

Committee's Recommendation. The committee recommends that the bill be passed.

Reasons For Committee Recommendation. The affected employees are now covered under the new plan for State Colleges.

The committee sees no reason why they should not be allowed to withdraw from the old plan if they so desire.

LB 487

Purpose of the Bill: This bill would result in future employees of the University of Nebraska who are not classified as academic-administrative being included in the State Employees Retirement System rather than the University Retirement Plan.

Cost to the State. Passage of this bill would result in no cost to the state. Actually, there would be a long-run savings to the state as both the vesting provisions and the contribution formula are more liberal for the University plan than for the State Employees plan.

Committee's Recommendation. The Committee recommends that the bill not be passed.

Reasons For Committee Recommendation. One objection is that it does not affect the non-academic employees at the state colleges. It is also doubtful in future University non-academic employees would want to come under the State Employees System. The University was generally not in favor of the bill.

LB 559

Purpose of the Bill. This bill would exclude the Nebraska National Guard air and army technicians from the State Employees Retirement System.

Cost to the State. It is difficult to say whether the state would be better or worse off financially if this bill should pass because it depends upon unknown future factors. Any legislator interested in a discussion of these factors can get a copy of the actuary's report from the Legislative Council.

Committee's Recommendation. The Committee recommends that this bill be passed.

Reasons For Committee Recommendation. Representatives of the Guard have contacted a number of persons on this matter as they wish very much to be taken out of the State plan. First, they say it is mandatory that they retire at age 65, and that they aren't state employees in the usual sense anyway. They also hope that the Federal Government will someday give the Guard a retirement plan if there is no state plan for them, and figure that it would likely be more liberal than the present State Plan.

LB 717

Purpose of the Bill. At the present time past service benefits under the State Employees Retirement System are funded by means of a 1% deduction from the salary of each employee who is eligible for the plan. This bill would eliminate the deduction and have the same total amount contributed by the state.

Cost to the State. It is estimated that passage of the bill would result in an annual cost to the state of about \$240,000 for as long as necessary to fund past service, and this is estimated to be about 14 years.

Committee's Recommendation. The Committee recommends that this bill not be passed.

Reasons For Committee Recommendation. This is a policy decision, of course, and not an actuarial one. The Committee believes that the employees should continue to contribute the 1% to fund past service. Also, they agreed to this in 1963 as a compromise to aid passage of the bill and they should continue to be consistent. That is, representatives of the employees agreed to the arrangement.

LB 158

The Committee originally reported on this bill in its first report to the Legislature, along with LB 112 which was later withdrawn. A discussion of these bills will be found on pp. 586-589 of the Legislative Journal.

Upon reconsideration the Committee recommends that the bill not be passed. The University has received legal advice to the effect that the bill could possibly upset the present University Retirement Plan.

LEGISLATIVE JOURNAL—SEVENTY-FIFTH SESSION

FIFTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska

Monday, March 22, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father in heaven, as we unite in prayer for thy blessings upon the members of this body, we know that thou art lovingly concerned about the way we live and how we wear ourselves out, taking less care of ourselves than we do of our cars. Bless thy servants, the senators, with good health and good sense to preserve it. Bless the members of their families. May they commit them all to thy care, that no anxiety shall keep any man from doing his best work. We feel that we have to do so many things that we would rather not do, as we plea that we have no time to do some things we know very well we should do. Help us to make wise choices and proper use of our time. We wait upon thee for the continual answer to our prayers. In the name of Christ, thy Son. Amen.

The roll was called and all members were present except Messrs. Adamson and Carpenter who were excused, and Messrs. Knight and Nore who were excused until 9:15 a.m.

1. Strike sections 1 to 3 and insert seven new sections to be known as sections 1 to 7 respectively and to read as follows:

"Section 1. That section 32-496, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

32-496. After the reception of the returns of each election precinct, township, or ward by the county clerk or election commis-

sioner, directed to him, as provided by sections 32-492 and 32-494, and on the Friday following the election he, together with not less than two nor more than ten disinterested electors of different political parties of the county chosen by him, shall open the tally list of the poll books and from the returns therein make an abstract of the votes of each candidate and enter the same in a permanent ledger, precinct by precinct, which ledger shall be preserved by the county clerk or election commissioner, as the case may be, in his office. Such canvassing boards may adjourn from day to day, when necessary. When such canvass heretofore referred to in this section is completed, the canvassing boards may proceed to count and canvass the absent, sick, and disabled votes received by mail. After the canvass of all absent and disabled voters' ballots, the abstract of the vote of the absent and disabled voters' ballots shall be added to the permanent ledger as provided by this section.

If upon reception of the returns from the election precincts, townships, or wards, the county clerk, election commissioner, or the county canvassing board, determines that there is an obvious error on the record and in the certification of the return of votes from such election precincts, townships, or wards for any office or any measure which was voted upon in such election, the county clerk, election commissioner, or county canvassing board, as the case may be, shall upon a request in writing by a candidate or committee, in the case of a measure, or may upon its own determination, direct the county absentee and disabled counting boards to reopen the ballots from such precincts, townships or wards affected and recount the ballots affecting such office or measure in the precincts, townships or wards and shall recertify the return of the votes for such office or measure which appear to be in error.

Sec. 2. That section 32-1001.29, Revised Statutes Supplement, 1963, be amended to read as follows:

32-1001.29. In all contested elections, and in all recounts under the provisions of sections 3 to 6 of this act, all costs shall be adjudged against the contestant in the event he loses the contest, and in the event that the contestant wins such contest, costs shall be adjudged against the state, county, or other political subdivision of which such contested office was a part, and the payment thereof

Sec. 3. The apparent loser at any election to the Legislature may secure a recount of the ballots cast at such election by filing a petition therefor in duplicate with the Secretary of State no later than the fourth Monday after the election. Such petition shall be accompanied by a corporate surety bond in the penal sum of one thousand dollars conditioned for the payment of costs under the provisions of section 32-1001.29 if the recount fails to change the apparent results of the election. If at any stage of the recount, the amount of such bond becomes inadequate, the Secretary of State may order an increase in the amount thereof.

Sec. 4. Not later than the day following the filing of a petition under the provisions of section 3 of this act, the Secretary of State shall, by certified or registered mail, give notice thereof and deliver a copy of the petition to the declared winner. At the same time he shall, by the most practicable means of communication, direct the county clerk or election commissioner of each county involved to deliver the ballot boxes to the county clerk or election commissioner's office designated by the Secretary of State no later than the following Monday.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

FIFTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, March 23, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

O God, we are thrilled at the thought of men traveling through space, and grateful for such an achievement, and such advance in man's learning, yet, O God, our Father, while we pride ourselves that we learn something every day, we seem to make little progress in spiritual things. We travel the same orbits around our sins. Nowhere is our ignorance more tragic. So long have we been riding on the balloon tires of conceit, for our own good we may have to be deflated, that on the rims of humility we may discover the spiritual laws that govern our growth in grace. If our pride has to be punctured, Lord, make it soon before we gain too much speed. For the salvation of our souls and the good of our land. In Jesus' name. Amen.

The roll was called and all members were present.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

FIFTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, March 25, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

God of our Fathers, give unto us a true appreciation of our heritage - a heritage of freedom for all under God - of great men and great deeds in the past. Let us not be intimidated by feelings of our own inadequacy for this hour. Remind us that the God they worshiped and by whose help they laid the foundations of our land is still able to help us uphold what they bequeathed and to give it new meaning. Remind us that we are not called to fill the places of those who have gone, but to fill our own places, to do the word thou hast laid before us, and to do the right as thou hast given us to see the right, always to do the very best we can, and to leave the rest to thee. Amen.

The roll was called and all members were present.

FIFTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, March 26, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., Mr. Hasebroock presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, we yearn for a better understanding of spiritual things and the real issues which are before us, that we may know surely what Thy will is for us and for our state. Give to us clear vision that we may know where to stand and what to stand for—because unless we stand for something, we shall fall for anything. Remind us, O God, that Thou hast not resigned. Harassed and troubled by the difficulties and uncertainties of the hour, we rest our minds on Thee, who dost not change. May it ever be in our minds as upon our coins that "In God we trust." For Jesus' sake. Amen.

The roll was called and all members were present except Messrs. Bowen, Lysinger, and Stromer, who were excused.

Mr. Carpenter asked unanimous consent that the following communication be printed in the Journal.

March 26, 1965

State Senator Rudolf C. Kokes
Legislative District Forty-one
State Capitol Building
Lincoln, Nebraska

Dear Senator Kokes:

I have just returned from my trip to Washington D. C., where among other things I presented Legislative Resolution No. 30 to the United States Senators and Representatives who were so designated in this resolution. These contacts were most cordial. All members of the Nebraska Congressional Delegation assured me of their support in defeating any proposals in reduction in the federal program as relates to soil and water conservation.

They expressed appreciation and gratitude that the Nebraska Legislature would enact such a resolution as L.R. 30. On behalf of the Nebraska Soil and Water Conservation Commission I want to commend you and the members of the Legislature for your firm stand in opposition to any federal cutback in soil and water conservation.

For your information 12 other legislative bodies in the United States have taken similar action. There is a great swell of correspondence from local people directed to the U.S. Congress expressing opposition to proposed reductions. I am cautiously optimistic that this grass roots opinion will encourage the U.S. Congress to maintain and possibly increase the federal activity in this field.

Sincerely,
(Signed) Warren D. Fairchild
Executive Secretary

UNANIMOUS CONSENT—Print in Journal

Mrs. Orme asked unanimous consent to have the following letter from Chancellor Hardin concerning LB 826 printed in the Journal. No objections. So ordered.

March 29, 1965

Senator Fern Hubbard Orme
State House
Lincoln, Nebraska

Dear Senator Orme:

I would like you and your colleagues in the Nebraska Legislature to know that the University of Nebraska is most anxious that action be taken at the earliest moment on LB 826.

Since there appears to be some uncertainty over the constitutionality of LB 826, it would appear the only way to clear up this question is to test the legislation in court. Until the bill is passed, this question cannot be decided.

The Board of Regents is prepared immediately to test the constitutionality of LB 826 in court. This would be done either by a mandamus action or by seeking a declaratory judgment. The Board of Regents is most anxious to cooperate with the Attorney General in putting the question before the Supreme Court.

LB 826 was originally designed to make it possible for the University to start capital improvements immediately to provide space and facilities for a greatly increased student population and to implement the proposed program of science development.

I am sure that you and your colleagues will understand the necessity for prompt action on LB 826.

Sincerely,
(Signed) Clifford M. Hardin
Chancellor

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SIXTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, March 30, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, we are beginning to understand at last that the things that are wrong with our world are the sum total of all the things that are wrong with us as individuals. Thou hast made us after thine image, and our hearts can find no rest until they rest in thee. We are too Christian really to enjoy sinning and too fond of sinning really to enjoy Christianity. Most of us know perfectly well what we ought to do; our trouble is that we do not want to do it. Thy help is our only hope. Make us want to do what is right, and give us the ability to do it. In the name of Christ our Lord. Amen.

The roll was called and all members were present except Mr. Pedersen, who was excused for the day and Mr. Stromer, who was excused until 9:15 a.m.

The Journal for the Sixtieth Day was approved.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SIXTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, March 31, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Teach us, O Lord, the disciplines of patience, for we find that to wait is often harder than to work. When we wait upon thee, we shall not be ashamed, but shall renew our strength. May we be willing to stop our feverish activities and listen to what thou hast to say, that our prayer shall not be the sending of night letters, but conversations with God. This we ask in Jesus' name. Amen.

The roll was called and all members were present except Messrs. Mahoney and Skarda, who were excused.

Report

March 31, 1965

**Report of the Executive Board of the Legislative Council on
Legislative Resolution 3**

According to Section 3 of Rule 15 of the Rules of the Nebraska Legislature, resolutions proposing that studies be made by the Legislative Council are to be referred to the Executive Board of the Legislative Council, which Board is to make recommendations that the proposed studies be made or rejected.

On March 30, 1965, the Executive Board considered Legislative Resolution 3 proposing a statewide study of the needs, classifications, and financing of all public roads, streets and highways. The Board voted to recommend that the Resolution be approved.

The reason for taking action on this Resolution at this time is that such a study will take two years to complete, and if it is to be finished in time for action by the 1967 Legislature it should be started immediately. The Board felt that the Legislature should therefore determine now whether it wishes to authorize the study.

If the Resolution is approved by the Legislature the Board recommends that the sum of \$10,000 be appropriated to help defray part of the state's share of the project.

MOTION—LR 3

Mr. Bowen moved that LR 3 be discussed on April 5, 1965.

The motion prevailed.

Report

From: Nebraska Retirement Systems Advisory Committee

To: The Seventy-Fifth Nebraska Legislature

Subject: Report on Proposed Retirement Plans and Amendments to Existing Plans

March 31, 1965

The Nebraska Retirement Systems Advisory Committee is here-with submitting its fourth report to the Seventy-Fifth Session of the Nebraska Legislature on proposed retirement legislation. This report covers the following measures: LB 608, LB 344, and LB 642.

LB 608

Purpose of the Bill. This is enabling legislation which would permit a third class school district to adopt any retirement plan deemed proper by the board of education.

Cost to the State. The passage of this bill would result in no cost to the state. Whether there would be any cost to the school districts would depend upon whether they adopted retirement plans, and the amount of the cost would depend upon the type of plan adopted.

Committee's Recommendation. The Committee recommends that this bill not be passed.

Reasons For Committee Recommendation. The 1963 Legislature gave the Lincoln board of education the type of authority contained in LB 608. A plan was then adopted for Lincoln teachers authorizing retirement on half salary after 40 years of service. The plan has a large unfunded liability.

If LB 608 is passed it is likely that many school districts would adopt plans similar to that in Lincoln. This would mean a great variation in retirement benefits for career teachers throughout the state, and would lead to the creation of large unfunded liabilities with few members of the public realizing it. Also, if many districts did adopt a liberal plan such as that in Lincoln it could result in pressure to liberalize the statewide plan accordingly to remove the differences in retirement benefits.

The Committee feels that if it is desirable to increase teachers' pensions it would be better to pass LB 486 rather than LB 608.

LB 344

Purpose of the Bill. This bill would require first class cities to adopt a pension plan for policemen. The plan calls for a half-salary pension on completion of 25 years of service and attainment of age 60.

Cost to the State. Passage of this bill would not result in any cost to the state. It would result in cost to first class cities depending on the number, ages, salaries, and service history of its policemen as well as the plan now in effect. The cost of providing at 60 a pension equal to half a final average salary of \$360 would be about \$32,000.

Committee's Recommendation. The Committee recommends that the bill not be passed.

Reasons For Committee Recommendation. Passage of the bill would create large unfunded liabilities because the plan is very liberal, very expensive, and gives full credit for past service. Another question is whether the Legislature should require a first class city to adopt a very liberal pension plan and, in so doing, create large unfunded liabilities.

LB 642

Purpose of the Bill. This bill would establish a retirement system for county employees. The proposed system follows the general plan of the state employees system, except that the proposed benefits are somewhat less.

Cost to the State. Passage of the bill would result in no cost to the state. The cost to the individual counties would depend, of course, on the number, ages, salaries, and service history of their employees as well as whether the county has or will have compulsory retirement.

Committee's Recommendation. The Committee recommends that the bill be passed, but that it be amended to make it permissive rather than mandatory. The county board should make the determination of whether to come under the plan.

Reasons For Committee Recommendation. The plan is a modest one and is actuarially sound. It would prevent counties adopting different retirement plans, some of which would probably be unsound and unfunded. County employee retirement would be uniform if this bill is adopted.

NOTE: Written reports are prepared for the Advisory Committee by an actuary on all retirement bills. These reports contain much more detailed information on all these measures than can be put in these periodic reports to the Legislature. These actuarial reports are available from the Legislative Council for any member interested in more complete information.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SIXTY-THIRD DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, April 1, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Help us, O God, not to be fooled when things seem different from what they actually are. Teach us, how to look at the things we see, and to look at them without bias or prejudice. We may not know how much of our troubles are caused by refusing to look at the facts or by viewing them so differently. We are all too familiar with dirty looks, scornful looks, unbelieving looks. Give to us discerning and understanding looks. With the truth waiting to be looked at, discovered, and applied, forgive us when we refuse to look at it or to welcome it. If thou wilt help us to cast the mote of prejudice and pride out of our eyes, then shall we see clearly. We pray for good sight and good sense, in the name of Jesus Christ. Amen.

The roll was called and all members were present except Mr. Knight, who was excused until 9:20 a.m.

Friday, April 2, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, we know that we, by ourselves, are not sufficient for these days and for problems greater than the measure of our best wisdom. May we here be aware of the unseen delegate. May thy spirit move among us, that there may be concession without coercion, and conciliation without compromise. May these senators, who represent us, represent Thee and, in Thy spirit be courageous enough to begin anew, fearless enough to admit mistakes, and loving enough to forgive others. May we have the courage to apply what we applaud, to the end that we may help to establish Thy way of life for the people of this state. So may we all do the best we can, by Thy help, and be willing to leave the issue in Thy hands, through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Mr. D. Payne, who was excused.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SIXTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, April 5, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

O Lord, who causeth the rain to fall on the good and the evil alike, wilt thou teach us true discrimination, that we may be able to discern the difference between faith and fatalism, between activity and accomplishment, between humility and an inferiority complex, between a passing salute to God, and a real prayer that seeks to find out God's will. We can stand criticism, we can stand a certain amount of pressure. But we cannot stand the necessity of making great decisions with nothing but our own poor human wisdom. Our heads are not enough and our hearts fail us. Cabbages have heads, but they have no souls. We, who are created in the image of God, are restless and unhappy until we know that we are doing thy will by thy help. This is what we pray for, through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Mr. Kremer who was excused until noon.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SIXTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, April 6, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

God of our fathers, in whose name this republic was born, we pray that by thy help we may be worthy to receive thy blessings upon our labors. In this troubled time, when man have made deceit a habit, lying an art, and cruelty a science, help us to show the moral superiority of the way of life we cherish. Here may men see truth upheld, honesty loved, and kindness practiced. In our dealings with each other, may we be gentle, understanding, and kind, with our tempers under control. In our dealings with other nations, may we be firm without obstinacy, generous without extravagance, and right without compromise. We do not pray that other nations may love us, but that they may know that we stand for what is right, unafraid, with the courage of our convictions. May our private lives and our public actions be consistent with our prayers. Through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Mr. Bowen who was excused until 9:15 a.m.

Introduced by H. C. Crandall, 46th District; Albert A. Kjar, 39th District; George C. Gerdes, 49th District and Fern Hubbard Orme, 29th District.

WHEREAS, never before has there been so great a public demand for vocational training but with little thought being given to the need of training for the young people who wish to go into agriculture or agriculture-related industries; and

WHEREAS, the economy of Nebraska is almost entirely dependent upon agriculture and our business enterprises are very

closely allied with the production, distribution, and processing of the products of the soil; and

WHEREAS, the business's of our rural areas, particularly, will be carried on largely by the young people who are now graduating from high schools but who will not go on to continue their education in college; and

WHEREAS, provision must be made to prepare these young folks to take their place in our society, which is becoming more and more complex, and to carry on the business of the communities; and

WHEREAS, the Nebraska School of Agriculture at Curtis was established in 1911 by an act of the Legislature for the purpose of teaching agriculture and the facilities now at the school were planned and built for that purpose.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SIXTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, April 7, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our father in heaven, who knows every secret of our hearts - all that we fear, all that we hope, and all of which we are ashamed - in this moment of confession, as each man looks into his own heart and mind, have mercy upon us all, and make us clean inside, that in all we do today we may behave with true courtesy and honor. Compel us to be just and honest in all our dealings. Let our motives be above suspicion. Let our word be our bond. Let us be kind in our criticism of others, and slow to judge, knowing that we ourselves must one day be judged. We pray for a new spirit to come upon us that we may be able to do more and better work. Amen.

The roll was called and all members were present except Messrs. Harsh, Holmquist and Lysinger, who were excused.

Rulings of the Chair

The Chair made the following specific ruling as to the point of order raised by Mr. Proud regarding LB 379:

That the action of the Government and Military Affairs Committee indefinitely postponing LB 379 was a valid action.

The Chair also made the following ruling:

That a regular motion to place a bill on General File notwithstanding the Committee action will bring with it any amendments

that were adopted by the Committee before it was indefinitely postponed. However, a motion to place a bill on General File notwithstanding the Committee action may be so stated as to have the Bill in its original form, without any recommended Committee amendments, placed on General File.

Report

Report of the Nebraska Retirement Systems Advisory Committee

This report covers LB 481 which pertains to the retirement system for Omaha school teachers. This bill is presently in Enrollment and Review for review.

This bill was introduced for the purpose of providing pre-retirement survivor annuities in the Omaha School Employees Retirement System. There was some question whether the bill as introduced did what was intended. As amended, however, it appears that the bill is now consistent with the original intent. The bill will increase the death benefit for a teacher who has 25 years of service, who dies before retirement, who leaves a surviving spouse or parent, and who elects the benefit. Since this bill pertains only to the Omaha system it would result in no cost to the state of Nebraska. This Committee recommends that the bill be passed as amended.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SIXTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, April 8, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Lord of our lives, we pray that Thou wilt fill with new meanings this sacred moment of prayer. Help us to feel and to believe that we are talking with God. In this interlude of intercession, may we forget all else save our deep needs of Thy guidance and Thy help. In our hearts are fears and frustrations, and we cannot view the future of our world without misgivings. If there is a way for this God-believing land to live at peace with others that deny Thee, Thou wilt have to reveal it to us, for we have not found it yet. The disappointments and indecisions in our own lives teach us that we, ourselves, are not in tune with Thy will for us. God help us, and save us, and tell us what to do. May the great Physician minister to our brethren in sickness, and the sympathizing Jesus be near to those in trouble, and the Holy Spirit be in our hearts and minds this day, we ask in Jesus' name. Amen.

The roll was called and all members were present except Mr. Holmquist who was excused.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SEVENTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, April 13, 1965

Pursuant to adjournment, the Legislature met at 8:00 a.m., Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

Lord God, we ask your forgiveness for our slowness to understand and to obey your will. Like people of another capital city in another place long ago, we have sung your praises like the crowds in Jerusalem, but we have been afraid to let you teach us in the temple of our hearts. We live somewhere between the testimony of Palm Sunday and the desertion of Good Friday. Lead us to a true repentance, to a settled faith, to a mature witness, to a fruitful service through our opportunities. Have mercy upon us, Lord, for we truly want to be your witnesses. Hear us, for your Love's sake. Amen.

The roll was called and all members were present except Messrs. Carpenter and Pedersen, excused all day, and Mr. Stromer, excused until 9:00 a.m.

A BILL FOR AN ACT for submission to the electors of an amendment to Article VIII, section 1, of the Constitution of Nebraska, relating to revenue and taxation; to authorize the Legislature to fix the value of land actively devoted to agricultural or horticultural use; to provide for the submission of the proposed amendment to the electors at the general election in November, 1966; to provide for the manner of submission and form of ballot; and to provide the effective date thereof.

Be it enacted by the people of the State of Nebraska,

Section 1. That at the general election in November, 1966, there shall be submitted to the electors of the State of Nebraska for approval the following amendment to Article VIII, section 1, of the Constitution of Nebraska, which is hereby proposed by the Legislature:

"Sec. 1. The necessary revenue of the state and its governmental subdivisions shall be raised by taxation in such manner as the Legislature may direct. Taxes shall be levied by valuation uniformly and proportionately upon all tangible property and franchises, except that the Legislature may provide for a different method of taxing motor vehicles; *Provided*, that such tax proceeds from motor vehicles taxed in each county shall be allocated to the

state, counties, townships, cities, villages, and school districts of such county in the same proportion that the levy of each bears to the total levy of said county on personal tangible property. The Legislature may enact laws to provide that the value of land actively devoted to agricultural or horticultural use, shall, for property tax purposes, be that value which such land has for agricultural or horticultural use without regard to any value which such land might have for other purposes or uses, and prescribe standards and methods for the determination of the value of real or other tangible property at uniform and proportionate values. Taxes uniform as to class may be levied by valuation upon all other property. Taxes, other than property taxes, may be authorized by law. Existing revenue laws shall continue in effect until changed by the Legislature. The Legislature may provide that livestock shall constitute a separate and distinct class of property for purposes of taxation and may further provide for reciprocal and proportionate taxation of livestock located in this state for only part of a year."

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by Article XVI, section 1, of the Constitution of Nebraska. The proposition for the submission of the proposed amendment shall be placed upon the ballot in the following form:

"Constitutional amendment authorizing the Legislature to fix the value of land actively devoted to agricultural or horticultural use.

For

Against"

Sec. 3. That the proposed amendment, if adopted, shall be in force and take effect immediately upon the completion of the canvass of the votes, at which time it shall be the duty of the Governor to proclaim it as a part of the Constitution of Nebraska.

Whereupon the Speaker stated: "All provisions of law relative to procedure having been complied with, the question is, 'Shall the bill pass?'"

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION**SEVENTY-SECOND DAY**

Legislative Chamber, Lincoln, Nebraska
Wednesday, April 14, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, who art in heaven, we pray for all the people of our land, that they may learn to appreciate more the goodly heritage that is ours. We need to learn, in these challenging days, that for every right there is attached a duty and to every privilege an obligation. We believe that, in the eternal order of things, Thou hast so ordained it, and what Thou hast joined together let us not try to put asunder. Teach us what freedom is. May we all learn the lesson that it is not the right to do as we please, but the opportunity to please to do what is right. Above all, may we discover that wherever the spirit of the Lord is there is freedom. May we have that freedom now, in His presence here, to lead us and to help us keep this state free and good. This we ask in Jesus' name. Amen.

The roll was called and all members were present except Messrs. Batchelder, Carpenter, Pedersen, and Skarda, who were excused.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SEVENTY-THIRD DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, April 21, 1965

Pursuant to adjournment, the Legislature met at 10:00 a.m.,
Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

O God, our heavenly Father, as we return from our vacation, restore our faith in the ultimate triumph of thy plan for the world thou hast made. In spite of present difficulties, our disappointments and our fears, reassure us that thou art still in control, and that thou dost never take a vacation from the affairs of our world. When we become frustrated and give up, remind us that thou art still holding things together, waiting and working and watching. When we make mistakes, help us to remember that thou dost not give up on us. Forbid it, Lord, that we should give up on thee and forget that all things work together for good to them that love thee. Through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Adamson, Burbach, Fleming, Harsh, Kokes, Kremer, Moylan, Nore, E. Rasmussen, Ruhnke and Warner, who were excused.

Our Father in heaven, we give thee thanks for good weather and the lovely promises of spring. We thank thee for good health, good friends, and all the things we so often take for granted. We thank thee for the keen challenges of this hour, for work to do that demands the best we have and still finds us inadequate. (e) Make such other recommendations as will assure the development of an efficient and effective balanced, integrated transportation network within the State of Nebraska.

2. The committee shall prepare and recommend such legislation as may be necessary to secure the objectives of the study.

5. The Department of Roads shall secure such funds as may be needed and available from the Federal Bureau of Public Roads for the financing of any or all aspects of the study, which funds shall be disbursed in the same manner as other federal aid funds appropriated to the Department of Roads, except such expenditures shall be made only pursuant to the approval of the Legislative Council.

6. The committee shall also secure and utilize the cooperative assistance of counties, cities, and villages in the conduct of such study.

SEVENTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska

Friday, April 23, 1965

Pursuant to adjournment, the Legislature met at 8:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

We confess, our Father, that we know in our hearts how much we need thee, yet our swelled heads and our stubborn wills keep us trying to do without thee. Forgive us for making so many mountains out of mole hills and for exaggerating both our own importance and the problems that confront us. Help us to see more clearly the potentialities of our state and its resources. Make us willing to let thee show us what a difference thou couldst make in our work, increasing our success and diminishing our failures. Give us the faith to believe that if we give thee a hearing, thou wilt give us the answers we cannot find by ourselves. In Jesus' name. Amen.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SEVENTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska

Monday, April 26, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, give us the faith to believe that the words now spoken, and the yearnings of the hearts now open before thee, are heard and understood in thy presence. We, the members and officers and servants of this body, unite our petitions for thy blessing, thy guidance, and thy help, that we faithfully may do what is best for the people, and what is right in thy sight, O God. Give to these, thy servants, the representatives of the people throughout this State, the will to work together as a team for the welfare of all our people. Give them courage to withstand the pressure of the selfish, and give to the people the vision to see that sacrifice must be shared by all, that there is no substitute for hard work and no joy in unmerited reward. May we fear nothing, save that, knowing what is right, we fail to do it. So help us God, in Jesus' name. Amen.

The roll was called and all members were present.

The Journal for the Seventy-fifth Day was approved.

LEGISLATIVE JOURNAL—SEVENTY-FIFTH SESSION

SEVENTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, April 27, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

O Lord, thou must be grieved, that after nineteen hundred years, mankind never seems to learn how to live by faith, and still prefers worry to trust in God. We know what worry does to us, yet are all too reluctant to discover what faith could do. Since we strain at gnats and swallow camels, give us a new standard of values and the ability to know a trifle when we see it and to deal with it as such. Let us not waste the time thou hast given us. So help us, God. Amen.

The roll was called and all members were present except Messrs. Adamson, Burbach, Hasebroock, Kjar, Stromer and Mrs. Orme, excused until 9:00 a.m.; Messrs. Batchelder and D. Payne, excused until 8:45 a.m., and Mr. Bowen excused for the day.

Introduced by Committee on Judiciary, Harold T. Moylan, 6th District; Richard F. Proud, 12th District; Kenneth L. Bowen, 37th District; William M. Wylie, 20th District; Herb Nore, 22nd District; Fred W. Carstens, 30th District

A BILL FOR AN ACT for submission to the electors of amendments to Article V of the Constitution of Nebraska, relating to the judiciary; to provide for the removal or retirement of Justices or Judges of the Supreme Court or judges of any other court of the State of Nebraska; to prescribe the procedure for such removal or retirement; to provide for the submission of the proposed amendments to the electors at the general election in November, 1966; to provide for the manner of submission and form of ballot; and to provide the effective date thereof.

Be it enacted by the people of the State of Nebraska.

Section 1. That at the general election in November, 1966, there shall be submitted to the electors of the State of Nebraska for approval the following amendments to Article V of the Constitution of Nebraska, to be known as sections 28, 29, 30, and 31, which are hereby proposed by the Legislature:

“Sec. 28. The Legislature shall provide for a Commission on Judicial Qualifications consisting of: (1) Two Judges of the Supreme Court, two judges of the various district courts, one judge of a municipal court, one judge of the Nebraska Workmen’s Compensation Court, and one judge of the county courts, all of whom shall be appointed by the Chief Justice of the Supreme Court; (2) two members of the Nebraska State Bar Association who shall have practiced law in this state for at least ten years and who shall be appointed by the Executive Council of the Nebraska State Bar Association; and (3) two citizens, neither of whom shall be a Justice or Judge of the Supreme Court or judge of any court, active or retired, nor a member of the Nebraska State Bar Association, and who shall be appointed by the Governor.

Sec. 29. The Commission on Judicial Qualifications shall select one of its members to serve as its chairman. The commission shall act by a vote of the majority of its members and no action of the commission shall be valid unless concurred in by the majority of its members.

Sec. 30. (1) A Justice or Judge of the Supreme Court or judge of any court of this state may be removed from office for (a) willful misconduct in office, (b) willful disregard of or failure to perform his duties, (c) habitual intemperance, (d) conviction of a crime involving moral turpitude, or (e) disbarment as a member of the legal profession licensed to practice law in the State of Nebraska, or he may be retired for physical or mental disability seriously interfering with the performance of his duties if such disability is determined to be permanent or reasonably likely to become permanent. Any citizen of the State of Nebraska may request the Commission on Judicial Qualifications to consider the qualifications of any Justice or Judge of the Supreme Court or other judge, and in such event, the commission shall make such investigation as the commission deems necessary and in its discretion may order a hearing to be held before it concerning the removal or retirement of such Justice or Judge of the Supreme Court or other judge. In the alternative or in addition, the commission may request the Supreme Court to appoint one or more special masters who shall be judges of courts of record to hear and take evidence in any such matter, and to report to the commission. If, after hearing, or after considering the record

and report of the masters, the commission finds good cause therefor, it shall recommend to the Supreme Court that the Justice or Judge of the Supreme Court or other judge involved shall be removed or retired as the case may be.

(2) The Supreme Court shall review the record of the proceedings and in its discretion may permit the introduction of additional evidence. The Supreme Court shall make such determination as it finds just and proper, and may order the removal or retirement of such Justice or Judge of the Supreme Court or other judge, or may wholly reject the recommendation. Upon an order for retirement, the Justice or Judge of the Supreme Court or other judge shall thereby be retired with the same rights and privileges as if he had retired pursuant to statute. Upon an order for removal, the Justice or Judge of the Supreme Court or other judge shall be removed from office and his salary shall cease from the date of such order.

(3) All papers filed with and proceedings before the commission or masters appointed by the Supreme Court pursuant to this section shall be confidential and the filing of papers with and the testimony given before the commission or masters shall be deemed a privileged communication. The Supreme Court shall by rule provide for procedure under this section before the commission, the masters and the Supreme Court.

(4) No Justice or judge who is a member of the commission or of the Supreme Court shall participate, as a member of such commission, or as a master, or as a member of the Supreme Court, in any proceedings involving his own removal or retirement.

Sec. 31. These amendments are alternative to and cumulative with the methods of removal of Justices and judges provided in Article III, section 17, and Article IV, section 5, of this Constitution, and any other provision of law relating to the methods and manner of the removal of Justices, Judges, and judges of the courts of this state."

Sec. 2. The proposed amendments shall be submitted to the electors in the manner prescribed by Article XVI, section 1, of the Constitution of Nebraska. The proposition shall be placed upon the ballot in the following form:

"Constitutional amendments to provide procedure for the removal or retirement of any Justice or judge of any court of this state.

For

Against"

Sec. 3. That the proposed amendments, if adopted, shall be in force and take effect immediately upon the completion of the canvass of the votes, at which time it shall be the duty of the Governor to proclaim them as a part of the Constitution of Nebraska.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SEVENTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, April 28, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

If thou, O Lord, shouldst mark iniquities, who among us could stand unafraid before thee? For there is so much bad in the best of us, and so much good in the worst of us, that we dare not criticize each other. But thou canst reprove us all. Before we begin our duties, cleanse thou our minds and hearts. What no proper shame kept us from committing, let no false shame keep us from confessing. In this moment may we find grace to seek thy pardon and find the joy of the gospel of making a new beginning. In the power of Christ our Lord and Master. Amen.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

SEVENTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, April 29, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., Mr. Hasebroock presiding.

Prayer was offered by the Chaplain.

Prayer

Once again, our Father, we come to thee in prayer, on the same old terms, because of our need of thy help and our faith that thou dost govern in the affairs of men and will hear our prayer in the name of Christ, thy Son. Thou hast given us the inner voice of conscience, and thy Holy Spirit enables us to distinguish good from evil. But where we are to choose between two courses when both are good and commendable, then we need the crystal clarity of thy guidance, that we may see one to be better than the other. Help us at the point of our uncertainty, for there is no uncertainty with thee. Thou hast a plan. We would clasp thy hand, that shall be to us better than light and safer than a known way. Through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Matzke, Moulton and Ruhnke who were excused for the day.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

EIGHTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, April 30, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m.,
Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

We thank thee, our Father in heaven, for this sacred moment when our hearts may be united in prayer, and when, forgetting all else save our need of thy guidance and help, we may reach up to thee as thou art reaching down to us. Let not the beauty of this day, or the glow of good health, or the growth and prosperity of our undertakings deceive us into a false reliance upon our own strength. Thou hast given us every good thing. Thou hast given us life itself with whatever talent we possess, and the time and the opportunity to use them. May we use them wisely, lest they be curtailed or taken away. Deliver us from the error of asking and expecting thy blessing and thy guidance in our public lives while closing the doors to thee in our private living. Thou knowest what we are wherever we are. Help us to be the best we can be. We ask in the name of Jesus Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Carstens and Claussen, excused for the day.

O God, our Father, who hast given us life and made our earth so fair, reveal to us this day thy heart of infinite tenderness yearning for our love. Help us to feel thy spirit brooding over us, longing to help us in our decisions, to save us from the pressures that drive us and the tensions that break us down. How strange it is, O Lover of our souls, that thou who art love, who dost give love to the human hearts, should thyself be the great unloved. Give us love to love thee for Thy love, and to love Him who first loved us and gave Himself for us. Loving thee, we shall love one another, and loving one another, we shall do Thy will, and doing Thy will, we shall always do right. We make our prayer in the lovely name of Jesus. Amen.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

EIGHTY-THIRD DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, May 5, 1965

Pursuant to adjournment, the Legislature met at 8:30 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

O God, we consider our resources in money, men and land, yet forget the spiritual resources without which we dare not and cannot prosper. Forgive us for all our indifference to the means of grace thou hast appointed. Thy Word, the best seller of all books, remains among the great unread, the great unbelieved, the great ignored. Turn our thoughts again to that book which alone reveals what man is to believe concerning God and what duty God requires of man. Thus informed, thus directed, we shall understand the spiritual laws by which alone peace can be secured, learn what is the righteousness that alone exalteth a nation. For the sake of the world's peace and our own salvation, we pray in the name of Christ, thy revelation. Amen.

The roll was called and all members were present except Mr. Stromer who was excused.
