Legislative Chamber, Lincoln, Nebraska
Monday, August 2, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., Speaker Bowen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father in Heaven, be gracious unto Thy servants, the legislators of this State. Give them strength for the tasks of this day and guide them in their labors. When they are tempted to wonder whether their high goals are possible of attainment, remind them that Thou art not senile, or asleep, or defeated. "A different world cannot be built by indifferent people." Let us never give up hope of the possibility of change. When we feel the pressure of crisis, remind us that Thou hast plenty of time. We have to remember that Thou art never in a hurry and wilt not be rushed by the deadlines of impatient men or by the pressures of the selfish. So give us the determination to seek and do Thy will. Amen.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED THIRTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, August 3, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

O Lord, keep strong our faith in the value of prayer as we unite our petitions in this sacred moment. We have asked for Thy guidance in difficult decisions many times, yet it has not always come when we thought it should come. Many of the situations and relationships which we have asked be changed have remained the same. Forgive us for thinking therefore, that Thou art unwilling to help us in our dilemmas, or that there is nothing Thou canst do. Remind us, our Father, that when we plug in an electric iron and it fails to work, we do not conclude that electricity has lost its power, nor do we plead with the iron. We look at once to the wiring to find what has broken or blocked connections with the source of power. May we do the same with ourselves, that Thou mayest work through us to do Thy will. This we ask in Jesus name. Amen.

The roll was called and all members were present except Messrs. Adamson, Claussen, Danner, Mahoney, Moulton, Moylan, Nore, Ruhnke, Skarda and Whitney, who were excused and Mr. Stromer, excused until 10:00 a.m.

Report of Legislative Council

August 2, 1965

Report of the Executive Board of the Nebraska Legislative Council on proposed Studies for the 1965-67 interim period.

According to Section 3 of Rule 15 of the Rules of the Nebraska Legislature, Resolutions proposing that studies be made by the Legislative Council are to be referred to the executive Board of the Legislative Council, which Board is to make recommendations to the Legislature that the proposed studies be made or rejected.

This Report covers six Resolutions. These are the ones introduced to date which have some fiscal impact.

Studies Recommended

1. **Legislative Resolution 12.** This Resolution proposes a study of the fiscal laws relating to cities of the second class and villages, plus a revision and simplification of these statutes.

2. **Legislative Resolution 69.** This Resolution proposes a completion of the study of the motor vehicle laws of the state started during the last interim, including their comparison with the Uniform Vehicle Code.

3. **Legislative Resolution 71.** Proposed here is a study of the refinancing of public power districts and whether the state could act as the fiscal agent for such refinancing operations.

4. **Legislative Resolution 85.** This is a proposal to continue the study of the coordination of all institutions of higher education in the state.

Studies Not Recommended

1. **Legislative Resolution 55.** Under the terms of this Resolution a study would be made of the various state retirement systems. It would include an analysis of the details of the plans, how they are financed, whether or not they are funded, etc.

The Executive Board believes that it is unnecessary to conduct this study. Similar studies have been made during the past several interim periods. A great deal of information is available on the state's retirement plans now. Also, the Nebraska Retirement Systems Advisory Committee, which will be appointed at the end of this session, can undertake any study of proposed changes in the systems for possible consideration by the 1967 session.

2. **Legislative Resolution 82.** This Resolution proposes a study of the indexing of Nebraska Statutes, with emphasis on the use of computer techniques.

A program of this type is now going on at the University of Nebraska, and the Executive Board believes it to be a valuable one. However, this Resolution would not set up a study as is ordinarily conducted by the Legislative Council, but largely proposes financial aid to the project now under way. The Board feels that if money is needed to further it an appropriation for that purpose should be made.

W. H. Hasebroock, Chairman
LEGISLATIVE COUNCIL EXECUTIVE BOARD

Mr. Hasebroock moved the adoption of the report.

The motion prevailed.

RESOLUTIONS

LEGISLATIVE RESOLUTION 94. Re: Federal-Aid Secondary Road Program

Introduced by Cecil Craft, 45th District; C. W. Holmquist, 14th District; Rick Budd, 2nd District; Rudolf C. Kokes, 41st District and Chester Paxton, 40th District.

WHEREAS, bills have been introduced in Congress which provide for the diversion of approximately one-third of Federal-Aid secondary road funds for the construction of scenic roads; and

WHEREAS, while it is desirable to preserve the natural beauty along the highways of the country, it is also essential to bring up to standard the principal arteries of highway transportation; and

WHEREAS, approximately thirteen thousand three hundred miles of Nebraska's seventeen thousand four hundred miles of Federal-Aid secondary roads are substandard and not dustless surfaced, of which one thousand one hundred miles are on the State Highway System; and

WHEREAS, Nebraska has many miles of rivers and streams with many inadequate bridges posing safety hazards; and

WHEREAS, Nebraska has placed primary emphasis on converting all gravel roads on the State Highway System to dustless surfacing to provide better service to road users and to reduce maintenance costs by approximately four hundred thirty dollars per mile; and

WHEREAS, there are many other critical needs on the state and county secondary systems; and

WHEREAS, the proposed scenic roads program would reduce the available funds to take care of these critical needs by nearly two million dollars annually.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That we vigorously oppose the proposed diversion of Federal-Aid secondary road funds for use on scenic highways while great needs continue to exist on the Federal-Aid secondary road system.

2. That we recommend that if the scenic road system is to be established, the funds therefor should be acquired from some source other than the Federal-Aid secondary road program in order that we may continue to improve the roads which are the lifeline of the small community and the feeder routes to the metropolitan areas.

RESOLUTIONS

LEGISLATIVE RESOLUTION 95. Re: Regulation of Outdoor Advertising Signs

Introduced by Cecil Craft, 45th District; Chester Paxton, 40th District; Rudolf C. Kokes, 41st District; Rick Budd, 2nd District and C. W. Holmquist, 14th District.

WHEREAS, the present policy of the federal government is to encourage and assist the states in controlling areas adjacent to the Interstate Highway System by controlling the erection of outdoor advertising signs; and

WHEREAS, this is done by the federal government entering into voluntary agreement with the states for such regulation, for which the contracting states receive an increase of one half of one per cent in federal money allocated for the project involved; and

WHEREAS, bills are now before Congress which would change this voluntary program of billboard control by providing that no federal-aid highway funds shall be apportioned after January 1, 1968, to any state which has not made provision for the effective control of the erection and maintenance along the Interstate System and the primary system of outdoor advertising signs which are within one thousand feet of the nearest edge of the pavement and visible from the main traveled way of the system; and

WHEREAS, effective control, as defined by the proposed legislation, means that signs and displays shall be limited to directional and other official signs and notices which are required or authorized by law and signs advertising the sale or lease of property upon which they are located or activities conducted on such property, and they shall conform to national standards.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

1. That we vigorously oppose the adoption of the proposed policy of denying federal-aid funds to those states which do not provide effective regulation of signs and displays along the Interstate Highway System and the primary highway system.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED FORTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, August 4, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

It is good, O Lord, that it is not custom that brings us again into this sacred moment of prayer, but our deep sense of need. Forgive us all that we talk too much and think too little. Forgive us all that we worry so often and pray so seldom. Most of all, O Lord, forgive us that, so helpless without thee, we are yet so unwilling to seek Thy help. Give us grace to seek Thee with the whole heart, that seeking Thee we may find Thee, and finding Thee may love Thee, and loving Thee may keep Thy commandments and do Thy will. Through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Mahoney, Moulton and Moylan, who were excused.

August 3, 1965

The President, the Speaker,
and Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-fifth Session:

I am returning to you LB 545 without my signature for the following reasons:

1. Consultation with the Director of Banking of the State of Nebraska reveals that in the opinion of Henry Ley, Director of Banking, this legislation is unneeded, unnecessary and undesirable and contrary to popular policies.

I would like to call your attention to the opinion of the Attorney General to Senator Terry Carpenter under date of July 4, 1965, last paragraph, which reads as follows:

“It is the opinion of this office that LB 545 attempts to define and prescribe conditions which constitute the practice of law and therefore is a violation of constitutional separation of powers.”

In view of the fact that in the opinion of the Attorney General, this action is unnecessary and in view of the fact that the Director of Banking believes this bill to be contrary to the best public policies of this state, duty requires an executive veto of L.B. 545.

Sincerely,
(Signed) Frank B. Morrison
Governor

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED FORTY-FIRST DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, August 5, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

As we come together in prayer, O God, we know that there is nothing in our hearts, in our minds, or in our past that we can hide from Thee, for our lives are all of one piece in Thy sight - not partitions as we like to think. Therefore deliver us from the error of seeking and expecting Thy guidance in our public lives when we close the door to Thee in our private living. Help us to be good men, that we may become good leaders. For this day, before we reach any decisions, make us willing to ask, "What would our Lord do?" Then give us the courage and the grace so to ask. We ask it in Jesus name. Amen.

The roll was called and all members were present except Messrs. Carpenter, Hasebroock, Mahoney, Moulton, Moylan, Skarda, Stryker and Stromer, who were excused.

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED FORTY-SECOND DAY

Legislative Chamber, Lincoln, Nebraska
Friday, August 6, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, we are reminded that death is in the midst of life. Since we know not when the slender thread may be broken for us, teach us to number our days that we may apply our hearts unto wisdom. And may we become compassionate, remembering the hearts that are in sorrow and affliction. Take from us the selfishness that is unwilling to bear the burdens of others while expecting that others shall help us with ours. Make us so disgusted with our big professions and our little deeds, our fine words and our shabby thoughts, our friendly faces and our cold hearts, that we shall pray sincerely this morning for a new spirit and a new attitude. Then shall our prayers mean something, not alone to ourselves but to our State as well. In the name of Jesus Christ our Lord. Amen.

The roll was called and all members were present except Messrs. Carpenter, Claussen, Danner, Klaver, Kokes, Mahoney, Matzke, Moulton, Moylan, Paxton, Pedersen, E. Rasmussen, Skarda, and Stromer, who were excused.

Message from the Governor

August 9, 1965

The President, the Speaker,
and Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-fifth Session:

I must return L.B. 713 to you, vetoed and without my signature, because the authorization of the movement of loads of hay twenty feet wide upon the highways of this state, without necessary safety precautions, would constitute a hazard to the life and limb of people using the public highways of this state.

Legislative Bill 713 does not impose limitations which would be necessary safety factors, in my opinion, included within which are the following:

1. Movement is not limited to daylight hours.
2. There are no uniform lighting regulations to warn that extreme wide loads are upon the roadway.
3. The physical presence of flagmen to advise of the danger is not required.
4. There is no requirement that the vehicle display a "Wide Load" sign.
5. There is no regulation or restriction of movement upon specified roads or upon specified road surfaces.

In addition, this movement endangers other traffic and the driver of the hay load to the possibility of physical injury and it would im-

pose possible damage upon bridges and road signs upon the existing highways.

For the foregoing reason, I believe that the enactment of Legislative Bill 713 is contrary to the public policy of this state.

Respectfully,

(Signed) Frank B. Morrison
Governor

Prayer

Forgive us, O God, that we are so anxious in all we say and do to have the approval of people, forgetting it is Thy approval that brings us peace of mind and a clear conscience. Make us aware of the record Thou art writing - the record that one day will be read by the judge of all the universe. We need to remember that there is no party in integrity, no politics in goodness. We pray for Thy grace and help to do better and to be better. Through Jesus Christ. Amen.

REPORT ON RESOLUTIONS

Report of the Executive Board of the Nebraska Legislative Council on proposed Studies for the 1965-1967 interim period.

According to Section 3 of Rule 15 of the Rules of the Nebraska Legislature, resolutions proposing that studies be made by the Legislative Council are to be referred to the Executive Board of the Legislative Council, which Board is to make recommendations that the proposed studies be made or rejected.

This Third Report includes all resolutions proposing studies introduced through the one hundred thirty-seventh legislative day, July 30, except for those resolutions for studies previously acted upon by the Legislature. The First Report, March 31, was the Board's recommendation that LR 3 be an approved study which the Legislature has accepted. The Second Report, August 2, was the Board's recommendation that studies be approved for LR 12, LR 69, LR 71 and LR 85, and the Board's rejection of the studies proposed in LR 55 and LR 82. The Legislature accepted that report.

Following are the recommendations of the Executive Board with regard to the resolutions introduced to date proposing studies by the Legislative Council:

Studies Recommended

1. **Legislative Resolution 16.** This resolution proposes a continuing study of public power to keep abreast of the ever-changing

power conditions and need for continual planning to provide Nebraska citizens with the lowest cost power rates.

2. **Legislative Resolution 20.** This resolution proposes a study of the annexation of additional area by cities and villages.

3. **Legislative Resolution 27.** This resolution proposes a study of all state governmental agencies, their organizational structures and responsibilities, including the use of boards and commissions in the administration of state affairs.

4. **Legislative Resolution 28.** This resolution proposes a study of all revenue funds of the state, the purposes for which they are dedicated, and the effects of earmarking on modern methods of fiscal control.

5. **Legislative Resolution 36.** This resolution proposes a study of the present structure of Nebraska counties and the possibility of consolidating duties, responsibilities, and activities of the various county officials so that one official might perform the duties of his office for two or more counties.

6. **Legislative Resolution 41.** This resolution proposes a study of the laws concerning the formation of sanitary and improvement districts and the practices used in forming such districts.

7. **Legislative Resolution 45.** This resolution proposes a study of the problems of providing educational and training programs for mentally retarded and physically handicapped children and exceptional children, including a determination of the number of children in these categories unable to attend regular school, and a survey of existing programs.

8. **Legislative Resolution 66.** This resolution proposes a study of intangible tax laws, the earnings of intangible property, the economic impact of taxation on various classes of intangibles, and the classification of intangibles for purposes of taxation. It is the Board's recommendation that this study be made broad enough to take into consideration other areas of taxation also.

9. **Legislative Resolution 67.** This resolution proposes a comprehensive water study to include ground water recharge, conservation, proper use and pump irrigation; stream flow and gravity irrigation and irrigation and reclamation districts and projects, and competition and conflicts between water users.

10. **Legislative Resolution 75.** This resolution proposes a study of oil and gas drilling ventures, including the sale to the public of fractional working interests in such ventures, and the terms and conditions of contract agreements drawn for such sales, and records of performance.

11. **Legislative Resolution 78.** This resolution proposes a study of all cash funds, their uses, limitations and relative necessity, including identifying the financial and budgetary practices of agencies financed from cash funds.

12. **Legislative Resolution 80.** This resolution proposes a study of each legislative service agency to determine if they might be more efficiently organized and directed to the end that both the deliberative and ministerial functions of the Legislature and its service agencies might be more expeditiously and efficiently accomplished.

13. **Legislative Resolution 83.** This resolution proposes a study of problems involved in the location of dump yards, auto junk yards and salvage yards along state highways, county roads and streets of Nebraska.

14. **Legislative Resolution 87.** This resolution proposes a study of the taxation of public power districts, including the feasibility of a tax on public power districts to support local subdivisions, counties and state government.

15. **Legislative Resolution 89.** This resolution proposes a study of the problem of proper assessment of agricultural land actively used for that purpose which is situated near urban areas, and other related problems concerning tax assessments of agricultural real property.

16. **Legislative Resolution 91.** This resolution proposes a study of the procedures for committing and caring for mentally ill persons.

17. **Legislative Resolution 92.** This resolution proposes a study of the testing of infants for phenylketonuria oligophrenia (PKU) in Nebraska, problems involved therein, and in follow-up and prophylactic treatment.

Studies Not Recommended

1. **Legislative Resolution 7.** This was an informal proposal for a study on the possibility of joining together the offices of county government of more than one county. The Board noted that this proposal had been formalized in Legislative Resolution 36 which it has recommended for a study.

2. **Legislative Resolution 52.** This resolution proposed a study of legislative processes, including the drafting and introduction of bills, the consideration of bills, and the possibility of expanded research facilities. It was the Board's recommendation that this resolution be rejected because its proposals can be covered in the

broader study proposed in Legislative Resolution 80 which it has recommended for a study.

3. **Legislative Resolution 59.** This resolution proposed a study of programs involved in aid to dependent children. It was the Board's recommendation that this study be rejected as untimely because of the broad changes now underway in this area by the federal government.

4. **Legislative Resolution 84.** This resolution proposed a study of the methods of taxation of public utilities such as railroads, pipelines, telephone and telegraph companies. It was the Board's recommendation that this proposed study be rejected, because it is believed the taxation study involved in Legislative Resolution 66, which it has recommended for study, will be broad enough to consider these problems.

Legislative Council Executive Board

In this, the day that the Lord hath made, help us, O God, to

Mr. Gerald S. Vitamvas
Deputy Attorney General
State House
Lincoln, Nebraska

Dear Mr. Vitamvas:

Re: "Dear Old Nebraska U"

This is a belated answer to your letter of July 20, 1965 enclosing your correspondence file with reference to this matter. Edwin H. Morris & Company seems to be the owner of the copyright. ASCAP controls the performing rights. I would think that an assignment of the copyright and a free license from ASCAP to perform the composition publicly would be all that the State of Nebraska would need. I am writing Mr. Morris with reference to the matter, copy enclosed. Since I am leaving on vacation Wednesday, the fourth, I will of course not have an answer by that time but as soon as I return (about September 1st) I will let you know what I hear from Mr. Morris and we will see where we can go from there.

Yours truly,

LEGISLATIVE JOURNAL — SEVENTY-FIFTH SESSION

ONE HUNDRED FORTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, August 12, 1965

Pursuant to adjournment, the Legislature met at 9:00 a.m.,
President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Our Father, we open our hearts unto Thee, and pray that Thy spirit may indwell each one of us and give us poise and power for the day. We believe in Thee, O God. Give us the faith to believe what Thou hast said. We trust in Thee, O God. Give us the faith to trust Thee for guidance in the decisions we yet must make.

Help us to do our very best this day and be content with today's troubles, so that we shall not borrow the troubles of tomorrow, nor carry a grudge concerning anything of yesterday. Save us, therefore, from the sin of worrying, lest stomach ulcers be the badge of our lack of faith. Amen.

Legislative Chamber, Lincoln, Nebraska
Monday, August 16, 1965

Pursuant to adjournment, the Legislature met at 2:00 p.m., President Sorensen presiding.

Prayer was offered by the Chaplain.

Prayer

Lord Jesus, who didst fill three short years with a revelation of all eternity, in life, precept, and promise, that we have not yet learned and can never forget, help us to make every minute count, making time our servant and not our master. Thou didst never ask for time to prepare thine answers but always had the word of truth for every occasion. Reveal to us now Thy word for this day.

Help us to understand that every bit as important as a good beginning is a good ending; so may we run with patience the race that is set before us, looking unto Thee, the author and finisher of our faith. Amen.

MR. PRESIDENT, MEMBERS OF THE LEGISLATURE, REV. PALMER, AND FELLOW WORKERS:

My family and I wish to express our deepest gratitude for the expressions of sympathy, the floral bouquets and for the resolution personally presented to us by Senators Burbach and Mahoney, representing this Legislature. This demonstration of your concern will lighten the burden of pain and sorrow caused by the death of our son Harold. Many times as I sat here in this chair, I wondered what prompts people to wish to come back and labor here term after term; but when one learns to know the type of people that serve this state, you cannot help but be proud to be one of the group.

Thank you all from the bottom of our hearts.

Messages from the Governor

August 16, 1965

The President, the Speaker,
and Members of the Legislature:

This is to inform your honorable body that on August 11, 1965, I approved Legislative Bills 562, 856, and 859; on August 12, 1965, I approved Legislative Bill 316; and on August 14, 1965, I approved Legislative Bills 172, 928, 933, 923, 915, 789, 642, 407, and 892.

Respectfully,

(Signed) Frank B. Morrison
Governor

August 16, 1965

The President, the Speaker,
and Members of the Legislature
State Capitol
Lincoln, Nebraska

Senators of the Seventy-fifth Session:

I am returning L.B. 234 to you without my signature.

In reaching my decision to veto L.B. 234, which I do herewith, I have given many hours of study to the question of the sale of school lands. I have heard the position and evidence presented by the Board of Educational Lands and Funds and by a number of State Senators who advocate selling the land. Both sides have presented their point of view to the Governor in orderly and logical fashion. The proponents of L.B. 234 include many able, distinguished and sincere Nebraskans. These people have presented figures which would indicate, theoretically, we could receive a greater return on our school trust funds if the lands were sold at this time.

My reasons for vetoing L.B. 234 are as follows:

1. There is not in existence at this time legislation which would enable the Board of Educational Lands and Funds to broaden its investment program.
2. An analysis of the return from the proceeds of school lands previously sold by the State of Nebraska indicates that over the past fifty years the state school program would have benefitted if these lands had not been sold. The return to the state on the proceeds of the sale is less than the state would have received had the land been retained, and I believe that experience is more valid than theory as a general criteria for evaluating policy.
3. Retention of state ownership of these lands would seem to be a valuable hedge against inflation. The number of acres of land is finite, the number of persons who may inhabit our country in the years ahead is infinite. All wealth eventually springs from the soil, and I think it is well that all people have some stake in its preservation. The very inflationary spiral of land in recent years has been caused by general public acceptance of land investment as the best hedge against inflative prices.
4. This session of the Legislature has made several changes with reference to the administration of school lands. It has proposed a constitutional amendment concerning investments of the Board of Educational Lands and Funds. It has reduced the interest rate by which lease rentals are to be determined. It would seem advisable that the sale of these lands, if undertaken, should be postponed until after the people are given an opportunity to vote on broadened investments, and the new interest rate for calculating rentals be given an opportunity to operate.

Respectfully,

(Signed) Frank B. Morrison
Governor

RESOLUTIONS

LEGISLATIVE RESOLUTION 107. Re: Additional State Office Space

Introduced by Terry Carpenter, 48th District.

WHEREAS there is a substantial and immediate need for additional office space for state government, and

WHEREAS it will be several years before a state office building and a building for the Department of Roads can be constructed and made ready for occupancy, and

WHEREAS it would defeat the very purpose of the passage of L. B. 172 and L. B. 173 unless space is made available for the efficient and proper operations of the Department of Administrative Services and for the consolidation of revenue functions under the Tax Commissioner,

NOW, THEREFORE, BE IT RESOLVED * * * that to solve our immediate space needs we urgently request the Governor to make an immediate offer to the Lincoln Telephone and Telegraph Company seeking to lease their vacant building at 14th and M Streets in Lincoln, with an option to purchase the same at any time prior to July 1, 1967 for \$100,000.00, with rentals during the intervening time to apply on the purchase price, such rentals to be paid by the departments or agencies assigned space therein.

Mr. Carpenter moved to suspend the rules and consider the resolution today. The motion prevailed with 33 ayes, 2 nays and 14 not voting.

LR 107 was adopted with 29 ayes, 6 nays and 14 not voting.

Introduced by Arnold Ruhnke, 31st District; Harold B. Stryker, 23rd District; Chester Paxton, 40th District; George C. Gerdes, 49th District and Hal W. Bauer, 28th District.

WHEREAS, Nebraska power districts are now engaged in a power study to determine Nebraska power needs, and

WHEREAS, interconnections with other out state power agencies are necessary for future exchanges of available, surplus and economical power, and

WHEREAS, additional extra high voltage transmission lines and interconnections will be necessary before Nebraska can obtain the most economical utilization of large generation units in Nebraska, and

WHEREAS, United States Bureau of Reclamation plans to interconnect between Dakota and the Kansas City area with a transmission line of not less than 345KV for exchanges of winter and summer peak loads and the first segment of the transmission line from Dakota would terminate in the Lincoln area, and

WHEREAS, United States Bureau of Reclamation power would be available for Nebraska at economical rates to meet Nebraska immediate needs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NEBRASKA LEGISLATURE IN SEVENTY-FIFTH SESSION ASSEMBLED:

That the Legislature be on record of encouraging the Nebraska power districts to utilize the United States Bureau of Reclamation power if it is available at reasonable rates and of such quantity to meet our immediate needs.

Prayer

O God, our Father, may the Session that is now concluding teach us and not torment us. Help us to be realistic about ourselves, and our accomplishments.

May we not steal credit for success, nor deny blame for failure. Give us the grace to take things as they are, and to resolve, by thy help, to make them what they ought to be, in the strong name of Jesus Christ our Lord.

So go with us as we leave this place, and remain with us during the coming weeks and months, that through our private actions as citizens, we may reinforce what, through our public actions as senators, we have accomplished in this chamber.

Our Father which art in heaven, hallowed be Thy name. Thy Kingdom come, thy will be done in earth as it is in heaven. Give us this day our daily bread. And forgive us our debts as we forgive our debtors. And lead us not into temptation, but deliver us from evil: for thine is the kingdom, and the power, and the glory forever. AMEN.

The roll was called and all members were present except Messrs. Batchelder, Knight and Pedersen, who were excused.

MOTION—Return LB 925 to Select File

Mr. Carpenter moved to return LB 925 to Select File for the following specific amendment:

1. Strike the enacting clause.

Mr. Adamson asked unanimous consent to have the following statement from Mr. Burbach printed in the Legislative Journal. No objections. So ordered.

August 16, 1965

Re: Request for statistics on the possibility of reducing the size of the Legislature, keeping within county lines, yet meeting the "one man, one vote" edict.

It must first be noted that no one knows what percentage of variation between the high and low districts would be found acceptable to the court, or courts, to which Nebraska must reply.

We know, for example, that the figure of 15% has been used rather freely in talk about reapportionment and this has generally been applied as meaning 15% above an average and 15% below — which could mean an ultimate variation of 30% between the highest and lowest districts.

The U. S. District Court in its decision of May of this year in which a majority of the Court held LB 628 to be unacceptable, made reference to that 15% variation. It also stated, however, that "By this reference this Court is not saying that it approves such a variation, or that the House of Representatives has or will approve it."

It would seem impractical to try to effect such a drastic reduction in membership of the Nebraska Legislature without knowing that such a percentage of variation would be acceptable.

Nevertheless, we did try to work out a reapportionment plan with 37 or 38 districts as had been discussed considerably. Even with a maximum variation of 15% *above or below* an average, it was not possible to achieve this. Membership reduced to either of these figures would establish a median which would solve the problem of Hall County, but it would leave Sarpy County beyond the scope of such a differential.

With 37 districts you would have an average population of 38,144 which would mean that the highest district could have a population of 43,866 above the average, and the smallest would be 32,422. Hall County's 35,757 population would fall well within those limitations, but Sarpy County's 31,281 population would not. With 38 districts, we would establish an average of 37,140 with a 15% variation either side of that median meaning a high of 41,711 and a low of 32,569. Again, Sarpy County would not fit this pattern.

It would be possible to put Sarpy County within this framework with 39 or 40 districts, still it seems impractical to effect such a reduction in membership when it is not known that the inherent variation would be acceptable.

It has been the objective of most of those who have worked on reapportionment to try to keep the overall variation between the high and low districts to a total of 15% — 7½% above an average and 7½% below an average.

We tried combinations of 37, 38, 39, 40 and 41 districts with this objective, but could not put Sarpy County within that framework. The population of the counties adjoining Sarpy is such that none of them can be adjusted to overcome the problem.

If you try a 42-district body, then you have problems with Lancaster County because 5 districts in that county with a 42-member Legislature would put them below the 7½% figure below the average, and 4 districts in Lancaster would their average far above the 7½% variation.

If you try it with 43 districts, Hall County is over the top again.

This is to say nothing of the problems which arise in trying to assemble the remaining counties into units or districts which would fall within such a framework.

Mr. Bowen moved the previous question. The question is, "Shall the debate now close?"

The motion prevailed with 38 ayes, 4 nays and 7 not voting.

Mr. Carpenter withdrew his motion to return LB 925 to Select File.
