

February 12, 1973

control in the Budget Act as consistent with the other departments was reasonable. That's the only purpose of the bill.

SPEAKER: Is there any further discussion on the bill? Senator Carpenter.

SENATOR CARPENTER: (inaudible) it seems to me to give this an open end is not as it should be. The medical profession comes pretty high these days. They may go out and spend \$40,000, \$50,000, or \$60,000, or \$70,000 in order to get a man. Would the Senator Warner have any objection to say that on Line 7 after the word "in" and approved by the Legislature except during an interim period".

SENATOR WARNER: Senator Carpenter, I suggested to the committee that very point came up that if they wanted to be sure that
