

L. 5
March 13, 1973

Governor vetoed that bill and that would have allowed young people to go to a physician for treatment and I think that would have helped cut down the use of drugs in the state, but he vetoed it and it was then too late for us to...because we were already out of session and we couldn't do anything about it, and I'd just like to have that as your testimony here and I would agree with it that the drug has increased and that the Governor did veto that bill.

SPEAKER: The chair recognizes Senator Carpenter.

SENATOR CARPENTER: Mr. President, it seems first that we ought to understand that this bill only
