

-R155

March 22, 1973

if we are going to do anything in this area at all, would be to keep the statutory limits, this is the only way we can keep a fiscal hold on this type of welfare program. If we keep the statutory limits and change the statutory limits from 124 per a mother and one child to 140 per mother and one child, and instead of going \$34.00 for each additional child, go \$40.00

(End of Belt #12)
