when you get through with his amendment, then I'd hope that Senator Whitney would have no objection to bracketing the bill with the other two bills which have to do with tuition.

PRESIDENT: And one of those...396 and you want to bracket it with what?

SENATOR CARPENTER: Tie it together...

SENATOR MAHONEY: 499 I believe is the other one.

PRESIDENT: It looks like 499 might be one.

SENATOR CARPENTER: Yes, I think, yes, that's three of them up there isn't it? They all deal with the same subject insofar as this amendment is concerned. They deal with tuition for loans to students and I think that we ought to discuss this broad problem all in one and discuss all the bills in some kind of sequence which would be determined later.

PRESIDENT: Do you want to tack another bill in with this same bracketing motion now? You mentioned two.

SENATOR CARPENTER: Yes, there's already two bracketed.

In fact, he thinks that the Investment Council monies that he collects for the state agencies ought to be kept on a fiscal year ending June 30th so the Investment Council reports an audit covering the same fiscal period would be more useful and better understood and so I place this amendment on this bill at the suggestion of the State Auditor.

PRESIDENT: Now is there any further discussion of the Mahoney amendment? Senator Whitney.

SENATOR WHITNEY: I'd like to ask Senator Mahoney a question, please.

PRESIDENT: Will you yield, Senator Mahoney?

SENATOR MAHONEY: Yes.

SENATOR WHITNEY: Did you talk this over also with the investment officers, Senator Mahoney?

SENATOR MAHONEY: No, Senator Whitney, I didn't.

SENATOR WHITNEY: The reason why I was wondering was we do have certain requirements with reference to net realized
