

what should be done, if it is done exactly in the same manner as any other standing committee and that should stop all of the conversation as of now.

SPEAKER: Senator Whitney.

SENATOR WHITNEY: Mr. President, do I have unanimous consent to have all of these names read---

SPEAKER: Yes, is there any objection to voting on these nominees at the same time. If none, so ordered. Are you ready for the question, or do you have something more to say, Senator.

SENATOR WHITNEY: I want to list these names again for the State Commission of higher education, now you talk to Vance Rogers, Glen Ilgenfritz, Thomas Morrissey, Dr. Leonard Skov, Mrs. Marilu Ellerbroek, Lester Harsh and for the director of the division of employment, Mr. Malolepszy.

SPEAKER: Any further discussion, are you ready for the question? All those in favor of these nominees, the confirmation of them, vote aye, those opposed vote no. This requires 25 votes. Have you all voted? Clerk will record.

CLERK: Roll call vote read. 29 ayes, no nays, 20 not voting.

SPEAKER: These people stand confirmed. Chair would announce that in the south balcony we have visiting us, 36 4th grade students from the Bennington School, in Senator Dickinson's district, along with several mothers and the teachers. Any thing further on the clerk's desk.

CLERK: Mr. President, we have a resolution introduced by Senator Chambers of the 11th district, Resolution #65 (Read)

SPEAKER: That will be referred to the Executive Board.

CLERK: Mr. President a motion on the desk. I move the introduction of the attached bill, signed Senator Waldron. It is a bill signed by miscellaneous subjects committee, signed by Senators Carpenter, Skarda, Fellman, Waldron and Mahoney. A bill for an act relating (Read)

SPEAKER: Senator Waldron.

SENATOR WALDRON: Mr. President, members of the legislature, I move the introduction of the bill, like Senator Carpenter to explain it briefly. It deals with the fuel crisis presently and Senator Carpenter has asked the miscellaneous subjects committee-----

SPEAKER: Senator Carpenter.

SENATOR CARPENTER: Mr. President, this is a prime concern. Particularly to agriculture and to transportation. We have been told and it is only gossip so far, except what we read in the papers, that there is quite a disadvantage in the area of the allocation of fuel and things of a like nature. In the areas of performance, those things which have to have gasoline, diesel fuel and other things of a like nature. This bill for example, would have the effect of, if it can, using the authority of the State of Nebraska, like the Federal Government is now considering on a national level, in order to be sure in so far as we can, as an illustration only, that those complexes which have been in existence, in so far as the total amount of fuel is concerned, it shall be allocated equally. The bill also provides for a class action, because they want to get their attention. We have reason to believe that it is not divided equally and equitably, there will be a
