

tried to get him out in the hall just a few minutes ago to discuss the thing but he didn't want to come up because he was discussing 472 and Senator Stahmer didn't want to come out because we were discussing 472 and it was all a matter of who wanted to go ahead and talk about this and who wanted to stay and talk about 472. It was all very recent as to when we were actually talking about this thing.

SENATOR CARPENTER: Do you know whats in my amendment?

SENATOR GOODRICH: I do not have a copy of it, but I have seen it.

SENATOR CARPENTER: It is on your desk.

SENATOR GOODRICH: A....

PRESIDENT: Excuse me, by way of information, Senator Carpenter was that the amendment that was just passed out?

SENATOR CARPENTER: That is right.

PRESIDENT: Thank you. Senator Stahmer does that answer your question.

SENATOR STAHMER: I heard mention of the Luedtke amendment. Do we have a copy of that passed out also?

PRESIDENT: The Chair can't answer that.

SENATOR MAHONEY: I think that Senator Goodrich has got us mixed up. Senator Carpenter has an entirely different amendment than I have. My amendments that were the amendments the bill got together and tried to work this thing out. I thought that Senator Goodrich might have a better report which didn't happen so I placed my amendments back behind Senator Carpenter's. I'm sure that Senator Goodrich and Carpenter have no knowledge that they were to get together under any circumstances. So I'm trying to be the referee on this thing right now. I know that they are wide apart and I couldn't go out in the hall on the other one. But, Senator Luedtke is back now and I think that he has more information on my amendment but I'm going to still put my amendment behind Senator Carpenter's because Senator Carpenter's are the ones that ought to be before my amendment in the first place.

PRESIDENT: Well, now...Senator Goodrich for what purpose do you rise?

SENATOR GOODRICH: I would agree. Lets let Senator Carpenter take his amendment then we will discuss that.

PRESIDENT: Alright, thank you. Now we are ready for Senator Carpenter's amendment then.

SENATOR CARPENTER: Mr. President, in order to be agreeable I have no objection to holding the bill until we meet again, so that the Senators that have an interest in this bill, the University and I have no desire to try to deceive you. I would only say that I was lead to believe that the thing that I put on your desk would reflect the bill if you adopted my amendments. I was told by those that ought to know that they would accept it. Other people have other amendments that I know nothing of. I see Senator Simpson just shakes his head. Now he usually represents the University, or tries too. But you differ with them then. But any way lets let it go till Monday so that
