PRESIDENT: Senator Carpenter.

SENATOR CARPENTER: In order to direct the ETV and the commission and those who operate it to do something to improve the reception that is very bad in some areas in Nebraska. It would seem that they will have to make some type of an application to improve the sites of where the towers and things are and all this does is to go ahead and see what they have to do. I move for its adoption.

PRESIDENT: Any further discussion of the motion? Senator Whitney.

SENATOR WHITNEY: Mr. President, I would like to have the word eastern taken out of there. We have poor reception in my legislative district and a...a...in western Nebraska and I would like to move that that be deleted. Just say Nebraska as Senator Carpenter has just said it on the floor. We have in Stranton, Benkelman and we can't get any ETV out there.

PRESIDENT: Senator Carpenter, do you concur?

SENATOR CARPENTER: That is the purpose of the motion to get your reception.

SENATOR WHITNEY: But the last statement the last sentence there I think said...wanted to make a study in eastern Nebraska that we should make a study in....

CARPENTER: Yeah just Nebraska.....Yeah.

CLERK: Read.

CARPENTER: Well just put in the state.

SENATOR WHITNEY: Yeah, that fixes it up.
