

It says where in failure to pay child support has caused the county to provide financial assistance, now whether that's failure just to pay it all or failure to pay enough so that this family can live the way they should live and therefore need assistance. I think make sure that it's not going to come back after this individual when he's made his payment. Now, I'm sure Senator Kelly didn't intend that. You didn't intend that did you, Senator Kelly? Your intention was only when.....if Senator Kelly would yield?

PRESIDENT: Yes, will Senator Kelly yield?

SENATOR LUEDTKE: What you intended was only if they didn't make their payments and then assistance comes in to play, that there would be subrogation, is that right?

SENATOR KELLY: The subrogation would happen when county money has gone out because the people who are liable for the payments have the means to make the payment and they don't.

SENATOR LUEDTKE: Only when they don't make the payment?

PRESIDENT: Gentlemen, maybe you can carry on a conversation in private here so we can move on to General File debate. Senator Fellman, do you have something further on the bill? There's a motion to pass over.

SENATOR FELLMAN: The next bill is LB961 and that involves a very closely related subject and should be handled the same way.

PRESIDENT: Okay, LB957 is up next but....

SENATOR FELLMAN: I'm sorry, well, the two bills, the bill after that is LB961. They're both related to the same subject.

PRESIDENT: Do you want to pass over.....

SENATOR FELLMAN: If possible I'd like to have them both passed over at this time.

PRESIDENT: Okay. Are there objections to passing over LB961 which apparently relates to the same subject. Any objections? Senator Carpenter, you're not objecting are you? Okay. Senator Schmit, are you objecting?

SENATOR SCHMIT: I'd like to know just what the intentions... are.....if we're going to pass them over and pass them out. I'd like to know out. LB961 is my bill and I also have a high respect for Senator Fellman but I'm not anxious to have my bill wind up in the garbage heap without my knowledge. So what is the intention of Senator Fellman in this area?

PRESIDENT: Well, Senator Fellman, go ahead.

SENATOR FELLMAN: Mr. President, I have the most honorable intentions. I was trying to work with both of these good gentlemen.

SENATOR SCHMIT: I'll accept that explanation.

PRESIDENT: All right, now, pass over the two bills then. Senator Carpenter, for what purpose do you rise?
