CLERK: Read LB693

SPEAKER: Senator Kennedy.

SENATOR KENNEDY: I move for the adoption of the committee amendments, then I would refer it to Senator Goodrich for explanation and clarification of interest rates and so forth.

SENATOR GOODRICH: Mr. President, members of the body there are three small items in the committee amendments. One is or was suggested by Senator Rasmussen and that was to allow hospital bonds for less than 7% if the people can borrow the money for less than that and the other one is to strike some language in the bill rather that would have limited the benefits of the bill to the three hospitals in the state of Nebraska that are operating under the hospital authority and that was not the intention of the bill so we struck those bills and then the striking the also the five words in the section of the statutes that provide that the hospital can not or must rather pledge future income for the payment of bonds that would be issued now, which we are just taking that portion out so that we do not have to pledge future income that they could just use the income from the project itself. I move for the adoption of the amendment.

SPEAKER: Alright, you heard the explanation of...these are committee amendments are they not Senator Goodrich? You heard the explanation by Senator Goodrich. Is there any discussion? Seeing none, the question is shall the committee amendments be adopted. All those in favor vote aye, those opposed vote no. Clerk will record.
