

is me, do not know which four. If you can identify them we are all set. Senator Stromer, in the meantime do you want to go ahead and speak?

SENATOR STROMER: Yes, if Senator Mahoney would yield to a question, Mr. President.

PRSDIENT: Senator Mahoney would you yield?

SENATOR MAHONEY: Yes, Senator Stull and Senator Goodrich would you a pay attention to this at the same time.

SENATOR STROMER: Yes, it would be for all three. It was my understanding yesterday when you had Ex. Board that resolution 124 which is mine which Senator Mahoney just mentioned had been assigned to the Public Works committee. It was on that basis that I voted for approval in the Ex. Board yesterday.

SENATOR MAHONEY: Do you find it there Glenn on your list?

SENATOR STROMER: So it was...

SENATOR MAHONEY: It was assigned to Public Works. I'm sorry and I apologize to you. That was one that we thought could go to the Public Works Committee and they found time with all the other studies that they have, the Chairman would include it as part of this, Correct Senator Kremer?

PRESIDENT: Senator Goodrich, do you...

SENATOR GOODRICH: I would just urge that you not adopt the following motion but I have a question of Senator Mahoney. Frankly, I can only identify only three of the resolutions that you were talking about and one was 125, 135, and 147. What was the fourth one?

PRESIDENT: Senator Mahoney.

SENATOR MAHONEY: What is your question.

SENATOR GOODRICH: I can only identify three of them. 125, 135, and 147. What was the fourth one?

SENATOR MAHONEY: That would be the three that we talked about.

SENATOR GOODRICH: I wasn't aware that we had killed the fourth one though.

SENATOR MAHONEY: Well we have corrected that. Senator Stromer...

SENATOR GOODRICH: Well we have only killed three of them.

PRESIDENT: Well, alright, Senator Goodrich.

SENATOR GOODRICH: I would strongly urge that you not vote for the Fowler motion, the three of those were resolutions that frankly were not needed and I would strongly urge you to not vote for the Fowler motion.
