There is a committee amendment, Mr. Clerk?

CLERK: Yes, by Senator Marvel's committee.

SENATOR MARVEL: I'd like to move that the committee amendments 1, 2, 3 and 4 for legislative bill 13 be adopted. In the process of making this motion I'll try to explain what this bill does. If you turn to page 4 of legislative bill 13 you will find that there is language deleted which in affect says it's fine to set up a gerintology educational program at U.N.O. We appropriated for this purpose \$152,452.00 last year. If U.N.O. gets Federal money, then they spend it first, before they spend the general fund money. After this amount was appropriated in affect they got Federal money, the law took affect and they couldn't spend both the Federal and the state money. The purpose of the bill was to clarify this. In the amendment, which is the bill in affect, reduces the amount that will come to U.N.O. from the state from \$152,452 down to \$76,452, or cuts it in half. So U.N.O. now has a regional gerintology program financed by Federal funds and has \$76,452 of state money to proceed to set up an educational program for students from Nebraska. That's the purpose of the bill, the purpose of the amendments. I renew the motion to adopt the committee amendments, Mr. President.

SPEAKER: Any discussion? The question is, shall the committee amendments be adopted. Have you all voted? The Clerk will record.

CLERK: 28 ayes, 0 nays, on motion to adopt.
