

February 24, 1976

PRESIDENT: We will now revert back to General File. We'll take up ... Select File, yes I'm sorry. On Select File we have LB 313. Senator Skarda asked unanimous consent to be excused for the remainder of the week. Are there any objections? If not, so ordered.

CLERK: Mr. President, LB 313, there are E & R amendments.

PRESIDENT: Senator Dworak. Chair recognizes Senator Dworak.

SENATOR DWORAK: Are there amendments on 313, Vince? I move the adoption of the Enrollment and Review amendments to LB 313.

PRESIDENT: The question is, shall the E & R amendments be adopted to 313. All in favor indicate by the usual sign. Opposed. Amendments are adopted.

CLERK: Now, Mr. President, I have a motion on the bill. I ask unanimous consent to have the amendments to LB 313 integrated, that a white copy be printed and that the bill be held on Select File. Signed, Senator Cavanaugh.

PRESIDENT: Unanimous consent ... to print 313 on a white bill. Are there any objections? If not, so ordered.

CLERK: And then hold it on Select File.

PRESIDENT: And also hold it on Select File. Senator Marvel on LR 115. This is the resolution we stopped on yesterday noon at adjournment time.

SENATOR MARVEL: Let me explain the progress on that. Senator Nichol asked for some information. He came to me a little while ago and indicated that the University is in the process of getting the information to him. It's satisfactory with him, if it with the Legislature, if we move that across. Mr. Clerk, as I understand LR 115 has to go the full route. Is that right? OK. Senator Nichol, maybe you could respond on 115. Indicate what you said to me so that the Legislature is clear on your wishes and what you and I talked about.

SENATOR NICHOL: Yes sir. I certainly do agree. I think we should get this on its way so that it is not delayed. They said they'd have these figures to me tomorrow, probably this afternoon, so that I could look into it with anybody else that wants to. I do agree that we should get this on its way.

SENATOR MARVEL: This has to do with revenue bond money that the University wants us to approve that has to do with the Student Union Building out on the East campus together with fire and safety standards which have to be met. The latter is what Senator Nichol was talking about.

If there are no questions, Mr. President, I will make a motion that LR 115 be advanced to E & R initial.
