SENATOR MARSH: You can't do that.

PRESIDENT: We did it Senator Marsh. We are adjourned, but could you pay attention to the Speaker please?

SPEAKER BURBACH: Mr. President, members of the Legislature. We had just discussed a few moments ago that we would take up LB703 tomorrow. But, I urge that everyone make a special effort to be here tomorrow because Senator Schmit has cancelled a trip to a Legislative Council hearing and if we don't have sufficient bodies here, we are in very serious trouble. So I would urge you all to be here tomorrow and lets conclude with LB703 and he will forego that trip.
