LB 902

SPEAKER LUEDTKE: It is very difficult to hear, I know, but if we could keep it down to a dull roar so we could take care of this, this is getting down to an important piece of business. Okay, go ahead.

CLERK: Mr. President, we now have pending Senator Schmit's amendment with a series of amendments to that amendment offered by Senator Chambers.

SPEAKER LUEDTKE: Alright. Senator Schmit. Chair recognizes Senator Schmit Senator Schmit we are on your amendment to LB 902. What do you wish....how do you wish to proceed at this point?

SENATOR SCHMIT: Full speed ahead Mr. President. What is the motion at the present time? Is it my amendment.

CLERK: Yes. I have amendments to your amendment.

SENATOR SCHMIT: Proceed.

CLERK: Mr. President, Senator Chambers moves to amend Senator Schmit's amendment (read amendment).

SPEAKER LUEDTKE: Senator Chambers.

SENATOR CHAMBERS: Mr. President and members of the Legislature. Senator DeCamp you drafted this amendment so I would like to ask you a question about the import of this amendment so that it is clear to everybody as to what is being done.

SENATOR DE CAMP: Sure.

SENATOR CHAMBERS: All right, if this language is stricken, the amendment that you would be offering if this amendment were adopted....

SENATOR DE CAMP: It would be Dworak's amendment.

SENATOR CHAMBERS: It would mean that the people would vote regardless.

SENATOR DE CAMP: What you are doing is offering Dworak's amendment of yesterday, in its essence.

SENATOR CHAMBERS: Now if this amendment is not adopted....

SENATOR DE CAMP: Right....

SENATOR CHAMBERS: And, your amendment stands as it is...

SENATOR DE CAMP: RIGHT....

SENATOR CHAMBERS: I think that the television misstated what your amendment does. They said that there could be a vote of the people then, if that failed the City Council could come back and do it without a vote. Is that what your amendment does? Because maybe mine is.....
