

CLERK: 25 ayes, 0 nays on the adoption of the Warner amendments (1), (2), (3) and (4).

SENATOR SAVAGE: The four amendments are adopted. Senator Warner, do you have some more amendments?

SENATOR WARNER: Yes, sir. Mr. President, the next two, (5) and (6), I will take separately because they both do increase general fund appropriation but neither by very much. Amendment (5) has actually three parts to it. \$13,000 is a salary adjustment, salary limitation adjustment, within the Communications Division which is not an increase in general fund money. The next one is a \$50,000 adjustment in salary positions, salary limitations, within the State Building Division recognizing some upgrading in positions in the ground-keeper for North Platte which was not included, but again, this is done with no increase in the general fund portion. The other portion, however, is a \$15,515 increase in salary limitation and increase in general fund appropriation for the Accounting Division to provide for the full time funding of the Assistant State Accountant position. The bill as drafted and as the budget was submitted as I recall did not indicate that the individual in this position is for the full year now. They were hired during the course of last year and that partial year's salary was not annualized for next year. It is essentially corrective but does add an additional \$15,000 to the general fund. So I would move its adoption, Mr. President.

SENATOR SAVAGE: Any discussion? The question is the adoption of amendments (5) and (6) from Senator Warner. All in favor vote aye, opposed...just amendment (5). The question is the adoption of amendment (5). All those in favor vote aye, opposed vote nay. Will you please vote? Savage voting aye.

CLERK: Senator Savage voting aye.

SENATOR SAVAGE: Please vote. Have you all voted? Record.

CLERK: 26 ayes, 0 nays on the adoption of the fifth Warner amendment, Mr. President.

SENATOR SAVAGE: Amendment (5) is adopted. Senator Warner.

SENATOR WARNER: All right, Mr. President, amendment (6) I will take separately. It adds \$13,256 of general fund money for research analyst and as indicated to provide additional salary for a federally funded position within the Commission of the Status of Women. The original budget that was recommended by the Committee left one position out of the existing staff that the agency has and the appropriation of these funds recognize that person that is currently employed by the Commission and inserts her salary into...their salary into the appropriation. So I move its adoption.

SENATOR SAVAGE: Any discussion? The question is the adoption of amendment (6). All those in favor vote aye, opposed vote nay. While we are voting, I would like to introduce 31 eleventh grade students and three adults from Springview High School. Mr. Dick France is the instructor and they are from Senator Lamb's District. They
