LB 60

you how to push your legislation, but if you might take a look at LB 60 and then project if that bill should pass, what types of amendments we would need on this bill so there would not be any sort of duplication.

SENATOR KOCH: I think on that bill we could merely repeal this one if it is out ahead of it that far and I am sure it is going to be ahead of it quite a ways.

SENATOR SIMON: Thank you.

PRESIDENT LUEDTKE: The Chair recognizes Senator Haberman.

SENATOR HABERMAN: Mr. President, I have a question for Senator Koch.

PRESIDENT LUEDTKE: Senator Koch, will you respond?

SENATOR KOCH: Yes.

SENATOR HABERMAN: I, too, go along with the concept of what you are trying to do, Senator Koch. Would you object to an amendment removing the word "but not limited to"? It seems to me we are opening up Pandora's box.

SENATOR KOCH: Senator Haberman, I would be happy to answer, I think a question that Senator Stoney had and you have, to try to determine what other services might be made available under this if we are frightened of possibly opening up an unlimited type of service. I would hope that this morning we would move the bill to E & R. On Select File if there is something we need to do to be more specific with the bill that we do it there and I would no doubt be receptive to that.

SENATOR HABERMAN: Thank you.

SENATOR KOCH: Otherwise we are going to waste a half hour here and come back and replew the same field again.

PRESIDENT LUEDTKE: The Chair recognizes Senator Keyes.

SENATOR KEYES: Mr. Speaker, as I understand from Governor Thone, that this Legislature has about \$1,000,000 to spend this year above what we are doing now. In all fairness to the Governor of this state I do believe that instead of sending a bill for \$31,500 over to him the first couple of weeks we are in session, we should hold all bills that spend money on E & R engrossing and wait until the final
