LB 483

SPEAKER MARVEL: The motion is carried and the amendment is adopted. Senator Newell.

SENATOR NEWELL: Mr. President, members of the body, I want to make mention that now we have taken the one section that there was not a general consensus on out of the bill. I voted to take it out because I want to move this bill. I cannot promise that I will not try to put it back in, but I think if I do on Select File, try to put it back in, we will work on it much harder to make it much more understandable for everyone. I just want to make that clear. We may, in fact, Senator Johnson, choose not to put it back in. But at this time, we now have basically a bill that approaches consensus as much as anything can, and for that reason, I urge that it be advanced to Select File.
