recovery there. Existing laws on cutting off energy, notice on and so forth still apply on that so that problem again is not a problem because it is covered by existing law and it is limited only to that device and they have the lien there. Question four, individual doing work, does he get paid? No, he is a volunteer. All he is getting is the ability to finance the material. Okay. All four questions, one again, moot question because that is out of the bill. Number two, energy devices involved, more specific than yours.

SENATOR VENDITTE: All right, John, how about Section 46, it deals with the certification of prime contractors on plans and specifications.

SPEAKER MARVEL: I am going to let you run over a little bit.

SENATOR VENDITTE: Is this state licensing, John, and if it is, are they binding?

SPEAKER MARVEL: But let's try to keep it as concise as we can.

SENATOR VENDITTE: And another, John, Section 47 allows the State Energy Office to require a certification processing fee to be collected, now how much are we talking about here, John? John, I think maybe what we can do is just simply sit down after the bill has been advanced. I know that everybody is anxious to leave and, Mr. Speaker, John, are we going to advance the bill now?

SPEAKER MARVEL: Senator Newell, do you wish to be recognized? Senator Venditte, did you get your questions answered? Okay, Senator Newell.

SENATOR NEWELL: (Mike off) speaker on this issue?

SPEAKER MARVEL: Yes, sir.

SENATOR NEWELL: Then I won't need to call the question, will I?

SPEAKER MARVEL: No. Okay, debate has ceased. The last speaker has been recognized. Senator DeCamp, what do you want to do with the bill?

SENATOR DeCAMP: Mr. President, I move the bill be advanced as amended and would note very briefly that the bill involves
