you.

PRESIDENT: yes.

SENATOR SMITH: We just received information in the mail, late yesterday afternoon, about appointments to the National Conference of State Legislatures, and they would like to have our response back by Friday, which I think is very, very short notice. That is the reason we are having the meeting immediately. And I guess what I would ask at this point, to make it fair for all members of the body, if you have something specifically that you would like to request as far as a committee appointment, I'm not saying at this point that you would necessarily get that appointment. What I am saying to you is at least you should have the opportunity to make that known to us as a group before we act on these appointments. So, if you would want to get these to me immediately, if any of you have a burning desire for anything in particular, why please get that to us before we sit down and look at the list of names and try to come up with membership, or appointments rather to these different committees. I'm really sorry that it had to turn out to be this way. We had originally intended to get a letter out to everyone, ask you to give us input, and then we would go from there. But we don't really have that time now. Thank you.

PRESIDENT: Thank you, Senator Smith. Anything else to come before the body before I call on Senator Beyer again? Senator Beyer.

SENATOR BEYER: I move we adjourn sine die, no. (Laughter.) I move that we adjourn until nine o'clock tomorrow morning.

PRESIDENT: You've heard the motion. All those in favor say aye. All those in favor say aye. Opposed nay. We are adjourned until nine o'clock tomorrow morning. Thank you, ladies and gentlemen.
