LR 69

CLERK: Yes, Mr. President, if I might, because I do have other motions to the resolution. Health Committee reports 517 to General File and 518 General File, 419 General File with amendments, signed by Senator Wesely. (See pages 1303-05 of the Legislative Journal.)

Senator Smith would like to print amendments to 428. (See pages 1305-06 of the Journal.)

Banking Committee reports 163, 220, 664, 758 to General File with amendments. They also report 56, 240, 397, 640, 745 as indefinitely postponed. Those are signed by Senator Remmers. (See pages 1306-08 of the Journal.)

Education Committee reports 402 and 520 to General File with amendments. Those are signed by Senator Withem. (See page 1308 of the Journal.)

Mr. President, I do have other motions. I, however, have a priority motion offered by Senator Chambers. Senator Chambers would move to bracket LR 69 until May 29.

PRESIDENT: Excuse me, Mr. Clerk. Mr. Speaker, we're within a minute of the hour of...what do you say?

SPEAKER BARRETT: Mr. President and members, because there was nothing particularly magic about the one hour time limitation which I suggested on today's agenda, it was there only in the hope that we wouldn't spend all morning or perhaps all day on this particular issue which, at least in my humble opinion, many have already made, made up their own minds. On the other hand, without wanting to be too arbitrary, it is obvious that this body wants to talk about this issue. Inasmuch as it is a very high visibility issue, I would suggest that we continue with our discussion in the hope that we wouldn't beat it to death and can make a very early decision yet this morning.

PRESIDENT: Okay, thank you. In that case we will continue on. Mr. Clerk, you have the motion you say?

CLERK: Senator Chambers moves to bracket till May 29, Mr. President.

PRESIDENT: Senator Chambers, please.
