

SENATOR HALL: Thank you, Madam President. I would just like to bring to the body's attention the fact that we've passed out these state and local tax system comprehensive guides that were completed and done by the staff of the Revenue Committee in conjunction with the Research Department of the Legislature. I'd like to have you take a look at them. They are far and beyond a step over and above the former layman's guide that we used to pass out. It's a very fine piece of work. All the credit goes to my staff. Clearly none of it belongs to me. I did sign all the letters individually though. I want you to know that. But it is a very good piece of work. It is a good reference tool for you to use in response to constituents, just for general information for yourselves. If you have any questions about the information or material that is included in there, feel free to contact either George or Tim on the staff and I'm sure they will be able to answer them. With that, thank you very much.

PRESIDENT MOUL: Thank you, Senator Hall, and we'll stand at ease. The Revenue Committee will meet under the south balcony immediately upon adjournment for purposes of electing a Vice-Chair. Oh, immediately, now? Okay. Immediately, as in now. Thank you.
