LB 719A, 897

Senator Rasmussen, Senator Schellpeper, Senator Schrock, Senator Labedz. Would you please record your presence. We're looking for Senator Pirsch and Senator Schellpeper at this point. Senator Robinson, we cannot locate at this point. We will begin the roll call, Mr. Clerk. Oh, machine vote. Machine vote.

CLERK: Have you all voted? Record, Mr. Clerk.

CLERK: 32 ayes, 0 nays, Mr. President, on adoption of Senator Robinson's amendment.

SENATOR LAMB: The amendment is adopted. Mr. Clerk.

CLERK: Mr. President, Senator Hall would move to amend. AM4001, Senator.

SENATOR LAMB: Senator Hall.

SENATOR HALL: Thank you, Mr. President, and members, the amendment here is...

SENATOR LAMB: Raise the call.

SENATOR HALL: ...a group of bills, three, to be exact, that were heard in the Revenue Committee, all three of which were advanced out, the first being LB 897 that was introduced by Senator Warner. It was a bill that provides for a report with regard to the Department of Revenue relating to tax policy changes. If you would like to open your bill book to LB 897, there was Senator Warner who testified, introduced the bill and then John Anderson from the University of Nebraska Lincoln and Don Yelick from the Legislative Council with regard to the other testifiers on the bill. It just would ask the Department of Revenue to compare analysis on economic sectors defined by the SIC codes for future policy changes. The bill would ask that the Department of Revenue...and I'm just reading from the summary of it, compile indicators of each sector and show the role and legal tax incidents by tax type, develop an appropriate share of each sector's taxes; two, compile the amount of tax fees and other governmental costs imposed on each economic sector and those individuals employed in those industries by sector; establish the tax fees and the governmental costs exported or offset by their tax laws. It would allow for cooperation between the Department of Labor and the Department of Revenue and the University of Nebraska for compilation and
