LB 1001

SPEAKER BAACK: You mean as far as the siblings go or as far as the original...

SENATOR CROSBY: Well, no, but why is...like an older student is going from...then why? What are their...what are their reasons? Just a couple different reasons.

SPEAKER BAACK: The largest...the largest category of reasons is the music programs that are offered in another school district,...

SENATOR CROSBY: Music.

SPEAKER BAACK: ...which actually surprised me. I thought it would be more...more on the academic side.

SENATOR CROSBY: Uh-huh.

SPEAKER BAACK: But that is one of them that is the highest number have chosen because of the music programs.

SENATOR CROSBY: Yeah. So then it is...I understand your part about the siblings. I just thought it would be interesting for us to know when we're voting on this today the reason...the big reason for so many requests. Thank you.

SENATOR WARNER: Senator Hall.

SENATOR HALL: Thank you, Senator Warner, and members, if Senator Baack would respond to a question.

SENATOR WARNER: Senator Baack, do you yield?

SPEAKER BAACK: Yes, Senator Hall.

SENATOR HALL: Senator Baack, does this amendment deal with the issue of that I spoke to you about with the family that I'm familiar with where the older brother was able to opt in but then the younger sibling was not able to?

SPEAKER BAACK: Senator Hall, my understanding is Senator Horgan is going to offer an amendment that deals specifically with that situation. This one does not. This one is a little more limited in scope, but Senator Horgan is going to offer one that does and I will be supportive of that.
