opening. Thank you.

SPEAKER BAACK: Nineteen minutes, that's not bad. Thank you, Senator Kristensen. Senator Bernard-Stevens, your light is on.

SENATOR BERNARD-STEVENS: Thank you, Mr. Speaker, members of the body. Senator Kristensen asked that, since he did it in 19 minutes, if I'd punch on my light, so now he can speak on...on more time to do it. But I think I've heard enough of...I need to of the opening, although I am somewhat disappointed I didn't get to hear the whole 50 minutes. And so I will not yield my time to Senator Kristensen, but instead knowing that Senator Schimek wanted to speak earlier and graciously gave her time, I yield the rest of my time to Senator Schimek at this time.

But it is an exciting opportunity, and I would urge the advancement of LB 121 to E & R Initial.

SPEAKER BAACK: Thank you, Senator Kristensen. You've heard the closing on the advancement of LB 121. We'll now vote on the advancement. All those in favor vote aye, opposed vote no. Record, Mr. Clerk.

ASSISTANT CLERK: 25 ayes, 0 nays on the motion to advance the bill, Mr. President.

SPEAKER BAACK: LB 121 advances. Do you have items for the
