

real pleasure to bring this resolution to you this morning. It has to do with the Prairie Peace Park which is being developed in Seward County near I-80 and it will open on June 11, 1994. The Peace Park is designed as an international peace and environmental park to create awareness among the public that social and economic injustices must be corrected, that war must be eliminated, that environmental degradation must be stopped and that global perspectives must be developed. There will be a children's maze, a grass maze, several different kinds of sculptures. There's all kinds of people who are out there raising money to bring this Peace Park from a dream to a reality and I'll just mention some of the names because you'll know them. Ruth Amen, Helen Boosalis, Frank LaMere (phonetic), Frank and Maxine Morrison, Jack Sheets, Keith Blackledge, that's just a few of the many people that are out there working. So I want, at this time, to thank you for voting for this resolution and invite you all to the opening on June 11, 1994 of the Prairie Peace Park. Thank you.
