LB 683
LR 369, 374

Nelson is proclaiming the week of March 30 to April 5 and I hope you'll bear with me with the title as Armed Services Vocational Aptitude Battery/18/19 Career Exploration Program Week. While you're digesting that, I'll tell you there is a more familiar acronym. It is otherwise known as ASVAB. Those of us who have had youngsters join the armed services while they're in AS, know about the ASVAB test. What you do not know is that 90 percent of the high school students or schools in Nebraska participate in this program. The Department of Defense provides the aptitude test to schools and students without requiring any military obligation. It's one of the best known and most widely used vocational aptitude tests in the country. I hope you'll join me in giving legislative recognition to this worthwhile cause. Thank you.
