Transcriber's Office

March 11, 1998 LB 204, 1108

imagination can properly be characterized as pandering to anybody. We are meeting a well-established and documented, need and that hardly constitutes pandering, any more than if a doctor sets my broken arm, the doctor can be said to be pandering to me. The doctor is carrying out that oath, first do no harm, then do all the good that he or she can. In this instance, we're able to provide what amounts maybe to only a Band-Aid or an aspirin, but it's better than nothing, and it's the beginning of better things, I hope.

PRESIDENT ROBAK: Thank you, Senator Chambers. Senator Wesely.

SENATOR WESELY: Madam President, I move to recess until 1:30.

PRESIDENT ROBAK: The motion is to recess. All those in favor...excuse me, before we take a vote, Mr. Clerk, items for the record.

CLERK: Just one, Madam President. Amendments to be printed by Senator Will to LB 204, and an announcement that the Natural Resources Committee will meet in Exec Session at 4:30 today. That's all that I have. (See pages 1008-10 of the Legislative Journal.)

PRESIDENT ROBAK: Thank you, Mr. Clerk. The question before the body is a motion to recess. All those in favor say aye. All those opposed nay. We are in recess.
