Transcriber's Office

February 16, 1999 LB 297

Appropriations Committee, and as stingy as I normally am in many, many areas, I would spend a lot more money on this building. It is a wonderful building.

SENATOR CROSBY: Thank you, Senator Wickersham. Any further discussion on the committee amendments? Seeing none, Senator Schimek, you may close on the committee amendments.

SENATOR SCHIMEK: Just briefly, Madam Chair, members of the body, in case you didn't hear the explanation earlier, this makes the whole thing permissive, except it does say that at some point in the future we will have 70 percent of this project done, but it makes it permissive for now, and we put the plans together in the meantime. Thank you.

SENATOR CROSBY: Thank you. Thank you, Senator Schimek. You've heard the closing. The question is the adoption of the committee amendments to LB 297. All in favor vote aye, opposed no. We're voting on the...record, please.

CLERK: 26 ayes, 0 nays on adoption of committee amendments.

SENATOR CROSBY: Committee amendments are adopted. Mr. Clerk, you have an amendment.

CLERK: Senator Schimek, I now have AM0108 in front of me, Senator. (See page 584 of the Legislative Journal.)

SENATOR CROSBY: Senator Schimek, you have an amendment to the bill

SENATOR SCHIMEK: Yes, Madam Chair, this truly is a technical amendment. At one point in the bill, on page 4, I believe, line 3, the bill refers to the State Capitol Environs Commission. It should have referred to the Capitol Commission, so I want to make that correction, just a bill drafting error.

SENATOR CROSBY: Discussion on the Schimek amendment. Senator Smith, did you want to talk about the amendment, on the bill. Any further discussion on the Schimek amendment? Seeing none, Senator Schimek, you may close on your amendment. She waives closing. The question is the adoption of the Schimek amendment
