Transcriber's Office

March 14, 2000 LB 1234, 1348

SENATOR BEUTLER: ...and into the thousands, I'm sure, Senator. But,...

SENATOR CHAMBERS: Okay.

SENATOR BEUTLER: ...if you're interested in that information, I'll compile it for you.

SENATOR CHAMBERS: No, you don't have to do that. Have you been aware of a program by the Governor to address this? Do you see this as an ecological problem?

SENATOR BEUTLER: Definitely.

SENATOR CHAMBERS: Have you seen a plan by the Governor to attack it for the purpose of correcting it,...

SENATOR BEUTLER: Ah...

SENATOR CHAMBERS: ...a bill that he wants passed to address it, either by diminishing the...

SENATOR BEUTLER: ...no, I...

SENATOR CHAMBERS: ...amount of commercial fertilizer used or not allowing certain types of fertilizers to be used? Are you aware of any program like his...like that, or an initiative on his part to do that?

SENATOR BEUTLER: Senator, I'm not aware of any initiative in that area.

SENATOR CHAMBERS: Have you heard him talk about this terrible substance called MTBE, which is...has been found in a few locations around the state, and he said that's bad, and something has to be done, that's why you ought to support LB 1234? Have you heard that discussion by him, or read about it in the paper?

SENATOR BEUTLER: Yeah, I've read about it in the paper.

SENATOR CHAMBERS: Which do you consider the greatest imminent
