FLOOR DEBATE

April 5, 2002 LB 947

amendments to the Brashear portions, I'd wish you would come and talk to me in the next 15 minutes so I can begin to...to get those organized, and see who has what to that piece. I'll try to give you as much notice as I can as to where we're going to go, but we'll start with Senator Brashear's issues, and then if you have amendments to that, please come see me in the next 15 minutes. The other thing that would be helpful, these are pretty serious matters, and if we can get them drafted in bill drafting form, it's a lot easier for us to process, and we minimize the amount of mistakes we make. And with that, I would appreciate the President giving me some time to speak and we'll try to put together and give you some directions where we go, but it's going to be a little fluid this morning, and it's going to be a little...it's going to have to be a little flexible as to what we take up in what order, but know that we're going to do Senator Brashear and when that portion is...is then voted on, we're going to go to Senator Jensen's piece, and then after that, I'm going to have to see how it goes, and I'll decide the next area that we move to. Thank you, Mr. President.
