training. So only the best of the best get to take part, get to participate in the training, and they go through an extensive training program within the facility before they are ever allowed on the streets or in the public areas. And that's strictly because they need to learn everything. Before they ever get to the street, all their training has taken place. But before they are really certified, they have to do so in public, and that is the point of this, of why we put this in there. I hope that answered one of the questions Senator Chambers had. Thank you, Mr. Speaker.

SPEAKER BROMM: Thank you, Senator Aguilar. Senator Jensen, you're recognized to close on the motion to suspend.

SENATOR JENSEN: Thank you, Mr. President. I would ask the body to move this forward at this time, and certainly between now and Select, if we can speak with the Attorney General, request an opinion, and see if we need to take any further action at that time. Like I said, these are all bills that came before us without any controversy. No one spoke in opposition to them. They were all passed without any dissenting votes from the committee. And the committee also, through an exec session, all asked that we include these within this. I'd be glad to certainly work with anyone who...between now and Select File on this. But I would just ask that you would suspend the rules to, the germaneness rule, to consider AM0821. Thank you.

SPEAKER BROMM: Thank you, Senator Jensen. The question before us is the motion to suspend the rules to allow consideration of AM0821 as an amendment to LB 667. All in favor...it does require 30 votes. All in favor please vote aye, and opposed nay. Please record.

CLERK: 30 ayes, 2 nays, Mr. President, to suspend the germaneness rule.

SPEAKER BROMM: The motion does carry. The question now is the consideration of AM0821. Senator Jensen, you have not yet opened on AM0821. You're recognized to open. (Legislative Journal page 937.)
