LB 116

question on the statute and how it should be used and how it should be worded. It's not nearly as simply as Senator Chambers and Senator Thompson would have you believe, but perhaps that will get addressed soon. In any event, I don't have any practical solution for the dilemma that Senator Chambers has created for us tonight in a procedural sense. Shame on you, Senator Chambers. So if Senator Chambers would be so grateful as to remove and withdraw his amendment to the amendment, I would recommend to you that you, at this point, vote down this portion of the committee amendments.

SENATOR CUDABACK: Thank you, Senator Beutler. Senator Chambers.

SENATOR CHAMBERS: Senator, ...Mr. President, if Senator Beutler will admit that he brought us into this situation then I will agree to what he suggested. I'd like to ask Senator Beutler a question.

SENATOR CUDABACK: Senator Beutler.

SENATOR BEUTLER: Yes, sir.

SENATOR CHAMBERS: You don't have to...(laugh) okay. Senator Beutler, isn't it true that your provision is what brought us to where we are? (Laughter)

SENATOR BEUTLER: Where are we, Senator?

SENATOR CHAMBERS: Right here.

SENATOR BEUTLER: We are here. The committee amendment, the committee brought you this.

SENATOR CHAMBERS: But it is your provision in the committee amendment which has resulted in the discussion that we're having now. Would you agree with that, at least?

SENATOR BEUTLER: Not if I can help it. Let me think about that a second.
