The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB350 is a bill which implements some recommendations of the Legislative Mental Health Care Capacity Strategic Planning Committee report. It reduces the time for a commitment hearing to five days after a report is filed from the current twenty-one days, and a competency hearing within five days after the entry of an order of commitment from the current sixty days. It also requires the county attorney to file a copy of treatment orders and plans with the court.
