LB516 authorizes the carrying of concealed handguns in educational institutions by security personnel, administrators, or teaching staff.

The University of Nebraska states that this bill authorizes the Board of Regents to institute a policy allowing concealed weapons and requires the disclosure of the policy to both students and parents/guardians. The University estimates \$50,000 annual costs for the required communications of the policy.

The State College's Board of Trustees has historically not authorized even campus security to possess firearms. It is anticipated that the Board would not authorize security or any other personnel to carry concealed weapons; therefore, it is estimated that there will be no fiscal impact from the provisions of this bill.

The State Patrol and the Department of Education both estimate no fiscal impact from the provisions of this bill.

IMPACT ON POLITICAL SUBDIVISIONS: The fiscal impact to school districts is unknown at this time.

COMMENTS

DEPT. OF EDUCATION – Cost estimates for school districts undetermined based on each district decision to authorize or not. No basis to refute.

STATE COLLEGE SYSTEM - No basis to dispute agency analysis.

UNIVERSITY OF NE – The University provides no basis or justification for the \$50,000 estimated annual cost for notifications. Because there is no detail, there is no basis to dispute agency analysis, though the estimate seems excessive upon initial review.

STATE PATROL – No basis to determine if legislation would result in increased workload on the agency for background checks on additional applicants for concealed carry permits. No fiscal impact statement by State Patrol is reasonable at this time.

Explanation of Estimate:

LB516 would allow the NSCS Board of Trustees, upon a two-thirds vote, to authorize its security personnel, administrators, or teaching staff to carry concealed handguns in accordance with the Concealed Handgun Permit Act. Because the Board of Trustees has historically not authorized even campus security to possess firearms, it is not anticipated that the Board would authorize security or any other personnel to carry concealed handguns. Therefore, there is no fiscal impact.
