Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

This bill adopts the Occupational Therapy Interstate Compact. Ten states are required to adopt the compact for it to go into effect. It is not anticipated that this will occur within the next biennium. After the compact is in effect, there will be additional costs for annual fees. The fees would be paid from fees paid by license holders.

Explanation of Estimate:

LB 15 adopts the Occupational Therapy Practice Interstate Compact for licensing. The formation of the compact will be complete upon adoption of the Compact by ten state governments. Currently, no states have adopted the interstate compact and the compact is targeting 2024 for states to begin participation. At that time, the compact may vote to require annual dues and other fees and costs for member states which will result in a fiscal impact upon the license holders in the State of Nebraska. If that occurs, it will be after the end of the next biennium, which ends in June of 2023. Therefore, the Department of Health and Human Services does not expect to incur any costs by the end of State Fiscal Year 2023.
