LB 79 would direct the Department of Environmental Quality (DEQ) to provide a report regarding the Litter Reduction and Recycling Act within the agency annual report, filed on December 1 of each year. Currently, DEQ must provide a separate report regarding the Litter Reduction and Recycling Act on February 15 of each year. The fiscal impact to DEQ would not be significant, but there would be a small amount of savings because the agency would be able to consolidate reporting efforts.
