Dierks, 40; Dubas, 34; Karpisek, 32; McDonald, 41;
Preister, 5; Wallman, 30

Read first time January 17, 2007

Committee: Agriculture

A BILL

1 FOR AN ACT relating to agriculture; to state intent; to
2 authorize a study with respect to corporate farming and
3 agricultural production; to provide powers and duties
4 for the Executive Board of the Legislative Council,
5 the Agriculture Committee of the Legislature, and the
6 Attorney General; and to declare an emergency.
7 Be it enacted by the people of the State of Nebraska,

1 Section 1. The Legislature finds that the ruling of the
2 United States District Court for the District of Nebraska in Jones
3 v. Gale, 405 F. Supp. 2d 1066, D. Neb. 2005, and subsequent rulings
4 on appeal affirming such ruling holding Article XII, section 8, of
5 the Constitution of Nebraska to be invalid, enjoined, or limited in
6 application has significant implications for the future structure,
7 development, and progress of agricultural production in Nebraska.

8 Sec. 2. (1) It is the intent of the Legislature to
9 support and facilitate a study by the Agriculture Committee of
10 the Legislature to identify policy instruments available to the
11 Legislature and the people of Nebraska, including, as appropriate,
12 but not necessarily requiring or limited to, modification of
13 Article XII, section 8, of the Constitution of Nebraska, in order
14 to foster and enhance legal, social, and economic conditions in
15 Nebraska consistent with and which advance those state interests
16 that exist in the structure, development, and progress of
17 agricultural production.

18 (2) Within the limits of funds appropriated for such
19 purpose, the Executive Board of the Legislative Council may, in
20 coordination and cooperation with the Agriculture Committee of
21 the Legislature, commission experts in the fields of agricultural
22 economics, agricultural law, commerce clause jurisprudence, and
23 other areas of study and practice to provide assistance, specific
24 research or reports, or presentations in order to assist the
25 Agriculture Committee of the Legislature in carrying out the intent

1 of the Legislature under this section.

2 Sec. 3. (1) It is the intent of the Legislature that
3 the Attorney General perform, acquire, and otherwise cause to be
4 made available such research as may be appropriate to inform and
5 assist the Agriculture Committee of the Legislature in identifying
6 policy instruments available to the Legislature and the people of
7 Nebraska, including, as appropriate, but not necessarily requiring
8 or limited to, modification of Article XII, section 8, of the
9 Constitution of Nebraska, in order to foster and enhance legal,
10 social, and economic conditions in Nebraska consistent with and
11 which advance those state interests that exist in the structure,
12 development, and progress of agricultural production in Nebraska.

13 (2) The Attorney General may contract with experts in the
14 fields of agricultural economics, agricultural law, commerce clause
15 jurisprudence, and other areas of study and practice to assist
16 the Attorney General in carrying out the intent of the Legislature
17 under this section.

18 Sec. 4. Since an emergency exists, this act takes effect
19 when passed and approved according to law.
