LB 130 creates the Farm to School Program Task Force. This 19 member task force is required to develop a strategic plan for a farm to school program as described in Section 1 of the bill by December 15, 2009. Administrative and staff support is to be provided by the Agriculture Committee of the Legislature.

Costs related to the bill are the actual and necessary expenses of the task force. Assuming five meetings and 18 members (excluding the Ag Committee chair who would get expenses as a legislator), costs could be approximately \$7,500. It's assumed that no funding would be needed for contracts or consultants.

Note that this cost is strictly for the operation of the Task Force and does not reflect any additional costs or funding for the farm to school program that may be developed subsequent to the strategic plan as developed.
