*Does not include any impact on political subdivisions. See narrative for political subdivision estimates.

LB144 provides that any record of disciplinary action which is final in the personnel file of a law enforcement officer or any other person with similar authority to make arrests under authority granted by the state or any of its political subdivisions, for misconduct involving physical or sexual abuse, shall be public record.

The Nebraska State Patrol, the City of Lincoln, Douglas County, the City of Omaha, and the Game and Parks Commission indicate little or no fiscal impact.

LB144 provides that records in a personnel file regarding disciplinary action taken by a public school district's administration against a teacher, administrator, or full-time employee involving any event, occurrence, or act which was deemed to be in violation of public school district policy or rule or state law, are public records.

There would appear to be little or no fiscal impact.
