This bill repeals the sunset of the Nebraska Center for Nursing Act. The act will terminate on July 1, 2010, if not extended.

The Board of Nursing recommends annually the amount needed to support the Center for Nursing. The amount is capped at 15% of nursing licensing revenue. Currently \$50,560 is used to support the Center for Nursing. This amount would no longer be used for the Center for Nursing but would be available for other nursing regulatory activity beginning in FY 11 if this act sunsets. With this bill the cash fund appropriation would continue.
